ability to do this, but say that it's because Truman follows his own advice about not taking your troubles to bed."

RUSSIA'S INVENTIONS

It is no secret that the Kremlin has been engaged in a mad scramble to claim all the noteworthy inventions of the past 200 years. But it is not generally known that Communist leaders consider this phase of their international propaganda so important they have made it compulsory for college students to memorize the ever-growing list of "Great contributions" made by Russian and Soviet scientists.

All these inventions, Moscow points out, were the products of the great "ideological struggle" which is being waged by Soviet scientists. The inventions, largely produced in the propaganda offices, not scientific laboratories, now number in the thousands. But here is a summary of some "Russian inventions" recently claimed by Moscow:

Mechanical Weaving—Developed not by Arkwright of Great Britain but by Glimsk of Moscow.

Jet Propulsion—The Russians "invented" this in 1650.

Theory of Relativity—Discovered not by Einstein but by Lohachevsky.

Steel Girders—An unknown Russian in the Ural Mountains invented them in 1725.

Diesel Engines—Invented not by the German engineer Rudolf Diesel but by Comrade Grinefetsky in 1859.

Vitamins—In 1850: "Years earlier" than in Germany.

Television—An inventor from Kiev named Sotolev.

The above list is in addition to the Reds' earlier claims of "invention" of radar, the telephone, AC and DC electricity, the parachute, and the propeller.

Italian-Americans will be fascinated by Russia's latest "discovery." Not content with having "invented" all the above, the Russians now claim that they discovered America. But—they say they accomplished this amazing feat in 1854, exactly 150 years after a chap named Columbus had completed his hazardous journey.

Everything bears witness to the fact that one of Demsey's (Russian explorer) groups was driven by a storm to the coast of America.

It's the New Year Again...

Whatever your 1950 New Year's resolutions may be, we know they were made in the high spirit of hope and ambition. Success to all of you.

FREEDOM PAYS OFF...FOR YOU!

You hear a lot of talk about the advantages of making our government socialist. Don't be fooled. Freedom—and that's the American Way—pays off, and here's proof: Americans are only 1/16 of the world's population. Yet this handful of people produces almost 1/2 of the world's goods—mostly for its own enjoyment. What other system beats that?

AMERICANS HAVE MORE—

MORE AUTOMOBILES MORE TELEPHONES

MORE RADIOS MORE UNFETTERED CHURCHES

MORE UNGAGGED RADIO STATIONS MORE SCHOOLS

MORE AND BETTER FOOD MORE AND BETTER CLOTHING

MORE FREE-SPEAKING NEWSPAPERS MORE PLACES OF AMUSEMENT

MORE COMFORTABLE HOMES MORE GAS AND ELECTRIC SERVICE

AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE!

Remember that, when you hear tales of the marvels of a socialist government...when people urge that our government get that way by taking over the electric industry, steel, railroads, medicine, and so on and on. Look at the record. AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE. Freedom did it, and never forget that. It makes a lot of difference to you—and to your family.
