Lions Find 75 Families In Area Need Clothing

75 families in Farmington city and township need clothes. These what the Farmington Lions club found out last month when they treated 180 youngsters to a Christmas party. So the Lions have started work on the project of clothing these 75 families — which include as many as ten children per family.

Charles A. Quigley, Leland McNatt and Alfred E. Jean are chairmen of the committee in charge of collecting the clothes. Quigley's Machine Shop at 30966 Grand River, McNatt's home at 29820 12 Mile Road, and Jean's Farm Service Supplies Store at the corner of Orchard Lake and 12 Mile Road serve as collecting points for the clothing.

Quigley stated that one Lion, Leland McNatt, has personally taken five pairs of shoes to one family, and three overcoats to another. Lions will individually distribute all clothing collected.

The entire membership of the club is working on the clothing project and the Lions Ladies Auxiliary is assisting.

U-M's Maize And Blue Colors Adopted In 1912

Maize and azure blue have been the official colors of the University of Michigan since 1912, although these colors had been in unofficial use as early as 1867. The Board of Regents took action on March 22, 1912, and established the official shade of each color to be used.

This quest for the so-called "knight on a white horse" who will achieve the political maximum has been responsible, according to many, for the present switch of independent voters from Democrat to Republican parties. The 1950 political campaign will be watched with interest as affording a new test of this theory.

Why Scoop No Longer Works Here

Scoop Blake paid us a friendly call at the Clarion's office last week and we were talking about when he was a reporter here.

"Remember how mad I got when I found out you were writing that election story right from your desk?" I asked him. "And how I made you get out and learn what a sheriff's job was all about?"

"I sure do, Joe," said Scoop. "I want to thank you for teaching me the 'back-trick'—putting on my hat and finding out the facts, that is."

Then we both had a good laugh because he found out so much that

Ready for Work

And it didn't take a two week's vacation to do it. A good session of bowling is enough to make a new man out of anyone still having six red corpuscles. Duh or expert, there's nothing like bowling to give you the most sport, exercise, and just plain fun for your money. It costs only a mere pittance.
