We got weather. We don't mention it very often — but we don't have stuff like we got this here Valentine's Day very often. There sure aint many people stirrin' around. Guess we'll take turns takin' naps this afternoon — and if it stays like this over the week end you'll come in quietly, wontcha? We're likely to have a ripsnortin' game of pedro goin' on the meat block. Course we figger fer sure you'll be in cause yuh gotta have some meat fer the week end and you want it good. Now wouldcha like a roast with no bones in it? Jest think how nice that'd slice fer sandwiches when it gits cold. We're talkin' about a rolled veal roast fer 53c a lb. Our ground beef aint got no bones in it either. Didcha like it all fixed up in them little loaves? Dunno if they're gonna do that agin or not but a 3 lb. hunk of ground beef is costin' yuh cheaper — only \$1.29. They've got some boneless pork sausage, too. Course that aint nothin' new — but it still aint got no bones. Probably aint got much meat either but it only costs 29c a lb. The sliced bacon is 35c a lb. and if its got bones in it they're only little wee ones — they wont hurt much. Then off'n the good beef what is the only kind we got now we're gonna have some round and sirloin steaks fer 79c a lb. Those maybe aint so good fer Sunday dinner cause yuh figger yuh gott have a roast of some kind and off'n the same beef we got some pot roasts fer 55c a lb. How big a pot yuh got???
