"Some people say that corporations cannot afford to pay the tax.
All our statistical indicators over
the last 10 or 20 years indicate
the opposite—that our coporations,
especially during the last 2 or 3
years, are fully able to pay.
"I will give you an example of
one corporation which is complaining about the 500 and some million of
dollars it pays the Disted States
government in taxes each year.
That corporation pays to the general fund of the State of Michigan
a total of \$30,000 a year in taxes.
"It is paying to the general fund of
Michigan 3.1 for every \$10,000
that it pays to the United States
government.
Its total number of wage carriing
employees are in Michigan."
"That corporation after paying all
large, federal state and

employees are in Micnigan."

"That corporation after paying all taxes, federal, sate and local, carned in 130 cm. The commended of the comment of the commen the financial problem.

According to Steadman, 32 other tates in the Union now have such corporation revenues tax. The a corporation revenues tax. The Williams plan would hit large cor-porations, not small corporations. The tax would divert approximately 24 million a year from the federal

25 million a year from the federal income tax revenues to the State Treasury, based upon an anticipation of 90 million new revenue per year. Corporations are fully able to pay this tax.

These arguments, as summarized, represent the case of Governor Williams for the state corporation profits tax. They are presented to readers of this column in the spirit of factual informatics at wouched for by Controller Steathman. Next week the "Michigan Mirror"

Next week the "Michigan Mirror" will present arguments, against the state corporation profits tax as presented recently to newspaper editors by John L Lovett, general manager, Michigan Manufacturer's Association.
