ACOUND BETTER HUSTLE...

If you need to register for the voting on the new night football field. The books close April 29, that's this Saturday. If you're aiready registered up at the Gity or Township, you needn't bother because your name has aiready been transferred to the school's books. It doesn't work the other way around, however, registration for the school election won't put you on the city or township books. You'll have to make a separate trip for that. Got new rules for this school election, too. You can vote even if you don't have children in school or own property. Something else to consider — If you want to tell your neighbors what you think of the idea, better get that letter off in a hurry. We have only one more publication date before the election.

JUST WATCH OUT...

this week end. If the sun comes out like it did last week, you'd better change your mind about that Sunday afternoon drive. We're starting the annual mad rush to destruction through here. The crowded cousins in the sizeable suburb on the east side get that mad urge to wind down the windows and wind up the speedometer, and we're off on another series of bumps and casualties. Last week end police records show we had three of the accidents peculiar to heavy traffic. Cars forced off the road, into the ditch, and into each other, by folks traveling too fast. Take it easy, you'll live.

a letter witten by P. J. Hoffmaster of the Department of Conservation. The letter, in brief, congratulates us for helping by dissemination of information, to keep down the forest and grass fige toll this year. Which is all well and good, unless by interence we are to blame for the rainy seather which has made this spring such a damp thing. We haven't been cursed with the number of grass fires we had last year, however, and that's something to consider. We haven't been able to steer completely clear, either. We have had some positive bulus to date. However, the necessity for permits has behed, the raina have beliefd, and perhaps a growing awareness that burning grass destroys humus and wildlife has helpied. We know of several pheasants who have lost their homes to grass fires, and a lot of land that has been set back 10 years because of destruction of the humus. Think twice before lighting that field, huh?

We're sort of proud of Jack Schweler for taking the chance and launching his "fittery service in the tirst place. Prankly, we think there might well be a bus line realized from his fitters service. ONCE AGAIN...

for the fourth time in as many years, Farmington will be exposed to
the menace to the sportsman's sanity, the Fun Bowl. This is another
JayCee project, and like the Minstrel Show, provides a good time for
the folks who attend. This year it's being given May 26, which is a
good date for you to mark on your calendar — keep it open. I'll ge

WANTED LONGER LEASE
Hall originally had'ın mind a 20 year lease on the property. However, Commissioners Emory Hatton and Howard Oils declared that period to be too long. Citing the protection of the city taxpayers' investment in the property, they suggested the lease be made for only ten years. nounced.

Tuesday was originally set as the opening of the doorto-door campaign but heavy rain delayed the starting date. The Cancer Drive in the Farmington area is under the sponsorship of the Auxiliary to Farmington Post 4033, Veterans of Foreign Wars. Mrs. Falriey announced that canisters have been placed in stores and business place.

Registration for the May 8 elec-tion is under way now, with the books to be closed April 29. Residents in the School District not already registered at the City or the Township may register at the Farmington superintendent of school's affice at the High School building. No registration is need-ch, however, for elections at either the City, Township or School Dis-trict rolls.
