Mrs. William Knapp and Mrs. William Jones were selected.

Mrs. Roland Green resigned as leader as she is leaving soon to make her home in Florida.

Harold See will take her place as leader. Members set their reservations for the program to be held May 1 at 1 p.m. in Pontiac. Other members set in their reservations for Walden Woods, the meeting to be held in June.

Mrs. Frank Kling entertained 45 people at a bridal shower in honor of Nina Welsh. Luncheon was served from a lace table cloth and gifts were presented in a blue umbrella. Guests were present from Haggerty, Farmington, Commerce, and Detroit.

Mrs. Elmer See was brought home from the hospital in an ambulance after being in the hospital since an automobile accident April 1. She will be in bed six weeks longer at home.

Rolling Down the River

By Bob Kettler

Somewhere in the sales of paper that the city collects from these "keep the city clean" boxes is a brand new photograph. Fellow from out of town was walking along Woodward the other day when a sidewalk photographer snapped his picture. Remembering that the gentle wife had complained about his having no recent picture of his friend ordered one to be sent to his office. Imagine his surprise when he received the print, and there right beside him in full stride, was a cute little blonde, seemingly in active conservation.

.....
We'll buy the coffee for every correct answer to this one; fellow in prison just had a visitor and as the visitor left a guard approached the prisoner and asked, "who was that man?" The prisoner answered, "brothers and sisters I have none. That man's father is my father's son." Who was the visitor?

.....
Every day in every way we grow more and more proud of the Studebaker for 1950. It's built like a bullet, accelerates like a rocket and rides like it's kneading in cushions. We hope you ride in it soon. You'll wonder, as we did, how Studebaker was able to build so much car into so little money.

.....
All these reports about conditions not being as good as they used to be have now been confirmed. A local minister brought his car in for a spring tune-up the other day and reported that attendance at his church is picking up.

.....
Which reminds us, why not bring that car of yours in for a spring tune-up? After the beating it's taken from the weather the past several months, it most likely needs it. Not much sense in operating a winter slugged car, when our expert mechanics can give it that "high-ho, it's spring" feel and performance.

.....
Our Uncle Dave says that a strong character is the fellow with enough will-power to stand by his principles when his pocket book says he can spend the evening forgetting them.

Yours,
