Mud Lake  
Gets "Cleared Up"

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards. Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy — sort of pretty, in fact. County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders

it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners. From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. And everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

(Continued from Page Two)  
survey of foreign funds two years ago indicated that about 200 million dollars of this money was now in the United States, but officials estimate it has doubled since then, due to the exit of Nationalist funds from China before the Communists took over.

This, maybe, explains part of McCarthy's backing.

Working in friendly cooperation with the Kuomintang lobby, this country has been ex-Ambassador William C. Bullitt, Gen. Claire Chennault, ex-Sen. Worth Clark of Idaho, Alfred Kohlberg, and Senators Bridges of New Hampshire and Knowland of California.

One of the lobby's neat plays was sending ex-Senator Clark to China in 1945 to make a supposedly impartial survey and then recommend more U. S. money for Chiang.

Here are significant facts behind the lobby: Kohlberg gave a \$10,000 campaign contribution to popular Sen. Styles Bridges, then chairman of the senate appropriations committee. Bridges appointed Clark to go to China and make an impartial survey.

'IMPARTIAL' SURVEY  
Clark, however, was by no means impartial. He had been associated with Tom Corcoran, chief representative of Chiang's brother-in-law, T. V. Soong, and who was paid by the Kuomintang crowd.

Clark took with him to China Eddie Lockett, formerly with Time magazine, now a publicity man. Part of their expenses were paid by the Chinese Nationalists, despite the fact that they were supposed to be working for the U. S. senate and American taxpayers.

Clark and Lockett came back, however, recommending more money for Chiang. Unfortunately, according to Gen. George Marshall and the state department white paper, much of this and other money went to Chiang either went into private pockets or went in the form of material to the Chinese Communists. The Communists did most of their fighting with U. S. munitions.

NOTE — Money to Chiang might not have gone down the rat-hole if Chiang had followed General Marshall's earlier advice to bring opposing Chinese leaders into a coalition cabinet, or if the U. S. A. had sent a small army of military experts to virtually reorganize the Chinese army and make sure our munitions were not bought by the Communists. The latter course, however, was resented by Chiang and would have been a superman task for the United States and its military advisers.

## Michigan Mirror

(Continued from Page Two)  
type. Thus a bill to increase the gasoline tax and weight tax, where road improvements could be financed, would probably have been adopted by the legislature and before the Governor for his signature at this moment.

The State Administrative Board has approved a plan for a \$4 million state office building near the Capitol. The building would be financed by bonds to be purchased by the State Employees Retirement Fund. Existing rentals of state departments would be replaced by rentals on the state building. Whereas departments now pay an average rental of \$115 a foot in private buildings, the state building rental calls for \$2.50 a foot.

Michigan mirrors are approximately 15 days behind in their spring planting schedule. The low temperatures this spring, however, indicate a favorable yield for Michigan apples, cherries and peaches.

The newest effort to reorganize Michigan government — state and local — is being made by a legislative committee headed by Senator James T. Milliken, Traverse City. A paid staff of fact-finders has been recruited by Loren B. Miller, director of the Bureau of Governmental Research at Detroit. Although the 1949 legislative committee has only \$5,000 in its budget, \$20,000 have been contributed by the Bureau and private foundations. Previous efforts of professional reformers have misfired. Senator Milliken is hopeful that the new movement, patterned after the successful "Hoover Commission", will find the answers.

WANTS A "FAMILY"  
FOR SHUT-IN

This winter, a "Sunshine Card Shower" was staged for St. Joseph Hospital in Pontiac. Among the letters that arrived at the hospital was one from an 11-year-old girl. In it she said she has been in bed with rheumatic fever for the past two years. This little shut-in said she thought her days could be a little bit brighter if she only had a grandmother.

The letter was given to Mrs. L. I. Canine of Rochester, during her 11th stay in the hospital. At once she agreed to be grandmother to the little girl. Perhaps some of you would like to join this fast growing family. I'm playing "Aunt Margaret" myself! The girl is Dorelle Bruch, 1110 Oak Street, Massillon, Ohio.

Mrs. Clyde Ford, 22149 Lone Avenue, Dearborn, recently received a bad fall. That and the long lonely hours since the passing two years ago of her husband, Mayor Clyde Ford of Dearborn, makes her feel rather blue. Mail can brighten those hours.

Mr. Herman Buch, 1404 Broadway, is going through some shut-in days, as is 16 year old Jim Pratt, 16555 Chatham, Detroit 19. Mr. William Meador, c/o Veterans Hospital, Outer Drive, Dearborn, is also badly in need of cheer.

Peter Scanlan, 14440 St. Mary's, Detroit 27, was nine years old on May 2. It will be many long weeks before this little fellow will be able to go out and play.

Miss Ethel McCracken, Box 254, Keego Harbor, Michigan, is still badly in need of cards of cheer. So is Mrs. Anna Shear, 21 East Grand Avenue, Highland Park 3.

Volunteers are needed to call on old folks who have outlived their family and friends, and to bring them a little bit of cheer. If you wish to give them your companionship for a short time each week, please call Miss Wylie at Temple 1-1606.

Danny Steinback, 11331 Garfield, Detroit 28, is a small boy who has been shut-in for many long months. Mrs. Helen Gillespie, 11302 San Jose, Detroit 25, is also going through some shut-in days. A rather special person herself, she is active in church and civic work. It would be a nice surprise for her to receive cards and letters from unknown friends.

Thank you to all the folks who were kind enough to send me words of cheer and courage during this new anxiety at our home. Among the letters was one from a pastor now living in Arizona, a doctor, and even tickets for the boys to stop at a radio broadcast in Chicago on their way west. If all goes well, the boys will leave June 1.

Mrs. Elsie Lelidg, Orchard Lake Road, spent the afternoon of April 23 at Mt. Carmel Hospital visiting and making new friends. The first Sunday in June will be "Shut-in's Day", a day in which to visit the sick and disabled. Why not plan now on making a gift box

Elizabeth Johnson  
In Omicron Nu

Elizabeth Johnson of Farmington, a senior at Michigan State College, has been initiated into Omicron Nu, national home economics honorary sorority.

Omicron Nu members are selected on the basis of superior scholarship, and only junior and senior women are eligible for selection. Mrs. Johnson was one of a group of 13 coeds recently initiated.

to take with you? These boxes could include postcards, note paper, tooth paste and brush, bobby pins, stamps, etc. Just things that can be picked up in the 10 cent store. If you wish the name and address of some special person, won't you drop me a card now? I'm hoping all shut-ins will get a gift box and a friendly visit from an unknown friend.

YOU'LL REALLY SHINE HERE — because this is the deluxe version of the popular four-door SPECIAL Sedan, made light by silver-fender trim and window moldings. Many extra luxury touches inside too.

See in HENRY J. TAYLOR, ACC Network, every Monday evening.

Why just listen to reasons?

## COME SEE FOR YOURSELF!

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion.

You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose

most of their jolt when you're at the wheel of a Buick—or in the rear seat.

In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

Even Dynaflo Drive\*—always silky-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride.

But why simply listen to reasons? Experience is still the best teacher.

Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-striding honeys.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

ONLY BUICK HAS Dynaflo— AND WITH IT GOES:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New V-265 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" tailfins • WIDE-ANGLE VISIBILITY, close-up road view built forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springs, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.
