

## HEREFORD DAY JULY 20

## CARD OF THANKS

The annual Hereford Field Day under the auspices of the Southern Michigan Hereford Breeders association will be held Thursday, July 20. The program is scheduled to get underway at 10 a.m. It will be held on the Walter Reed Farm located two miles west of Lake Odessa and one and three-fourths miles south.

## Jefferson Jottings

By MR. NORMAN MOORE  
21719 Jefferson, Phone 2762-1

Mr. and Mrs. Warren Wilson of California were guests Thursday afternoon of Mr. and Mrs. George Melsner of Jefferson Street.

Congratulations to the proud parents, Marion and Don Vance, on the birth of a baby girl, born Sunday evening, July 9, at Mt. Carmel Hospital. She weighed 8 pounds and 15 ounces.

Mrs. Norman Moore was hostess on Thursday afternoon to a group of ladies, all members of the Ladies Auxiliary to Post 4033 of the Veterans of Foreign Wars. They are busy getting various articles sold for their annual bazaar.

Mr. and Mrs. William Burnum and son Eddie have returned home after an enjoyable motor trip up in northern Michigan.

Mr. and Mrs. William Manning and children, Billy and Susanne, were guests Sunday of the Inggraham family in Port Huron.

Vanda Ingram of Port Huron, who was spending a vacation with her sisters, Marion Vance and Lucille Manning of Jefferson Street, is now visiting relatives in Wooster, Ohio.

Mr. and Mrs. Ingram and family of Port Huron were the 4th of July guests of their daughter, Mrs. James Manning.

Dewey and Lydia Mervell were guests Thursday evening of the Ernest Moore family of Jefferson Street.

Mr. and Mrs. Charles Russell of Detroit and Mr. and Mrs. Elmer Shaw of Tupperville, Canada, were guests Friday of Mr. and Mrs. Ernest Moore.

Mr. and Mrs. William Rogers and son Billy were visitors Sunday of the Norman Moore family.

Barbara and Donald Inggraham of Mr. and Mrs. Norman Moore, are spending a few weeks with them.

If you have noticed your Jefferson reporter hogging around with one shoe off and one shoe on, don't think her a little off. I am recovering from a foot infection. Her's hoping the shoe will fit the other foot soon.

No one around Jefferson vicinity, your reporter would appreciate any news items you have, so feel free to call me at any time.

Joan and Henry Mitchell of Jefferson Street were visitors Friday at the home of Tex and Twila Moore, formerly of Jefferson Street and now living on Randall Street in Farmington.

Mr. and Mrs. Ernest Moore spent the week end in Twining, Michigan, at the home of Mrs. Moore's aunt, Mrs. Jennie Hunter.

FOREST FIRE TOLL  
DECLINES GREATLY  
IN PAST TEN YEARS

In 20 years the number of forest fires occurring annually in Michigan has been reduced by half and the area burned to less than two-tenths of one per cent of the area protected, J. A. Mitchell, Lake States Forest Experiment Station, points out in a booklet just published by the department of conservation in cooperation with the U. S. department of agriculture.

The 82-page publication, "Forest Fire and Forest Fire Control in Michigan", details Michigan's forest fire record, describes major fires, traces development of the protection program and explains the state's present forest fire problem. "Prior to organized protection," Mitchell writes, "the number of forest fires averaged well over three thousand a year, with over 100,000 acres of timberland and brush burned over a half million acres, and the resulting damage to more than one and a half million dollars a year, without taking into account the enormous economic loss resulting from millions of acres of unproductive and tax delinquent land." In 1949, forest fire records show Michigan had 1,981 fires, 24,974 acres burned and \$128,708 damage.

"Approximately 25 million acres or 68 per cent of Michigan's total land area is in need of protection from fire," Mitchell states. "Fire control, however," he concludes, "is not an end in itself. Public safety and productive land uses are its major purposes, and northern Michigan, for example, timber production, game management and recreation programs are ultimate goals of the program."

The booklet can be obtained from the department of conservation field administration division.

State's Woodcock Bag  
Leads Nation In 1949

The approximately 92,000 woodcock bagged by Michigan hunters during the 1949 season far exceeded the total taken in any other state. Pennsylvania was second with approximately 27,000.

Comparative figures on the 1949 kill, compiled by a Maine biologist, have been received by the conservation department.

The woodcock, bird of a dozen aliases — timber doodle and bog snipe among others — furnishes sport for a select and fanatic group of gunners. It is extremely difficult to hit, the birds frequent low, wet lands of northern country, frequently in rugged grouse territory.

## Michigan Leads In Traffic Engineering

Traffic Engineering Award Plaque is presented to State Highway Commissioner Charles M. Ziegler by Robert S. Holmes of New Haven, Conn., executive secretary of the Institute of Traffic Engineers, at a testimonial dinner in Statler Hotel, Detroit. Competing against 14 other states of the nation, Michigan won first place in traffic engineering.

52,906 Pheasant Eggs  
Distributed for HatchingUse Airplane In  
Conservation Work

Distribution of pheasant eggs to farmers, sportsmen and organizations cooperating in this season's hatching program has been completed with shipment of the last consignment of eggs from the conservation department game farm at Mason.

The game farm has distributed a total of 52,906 eggs for hatching this season. A total of 62,344 was used in the program last year.

With completion of egg distribution, adult pheasants are no longer needed for the game farm. The cock and hen has begun. They are being released throughout the southern third of the state. Brood-ers are being filled with young birds to replace them.

SAVING TIME AND MONEY  
BY SUBSCRIBING TO  
THE ENTERPRISE

Switches for power machines should be placed out of reach of children or should be the type that cannot be easily pulled. A good way to solve the problem is with a master switch for the whole power circuit, advise Michigan State College agriculture Michigan State College agricultural

493 ARRESTS MADE  
FOR VIOLATIONS OF  
STATE GAME LAWS

Fishing without a license again headed the list of conservation law violations in May and brought the total to 493 arrests, conservation department fish and game enforcement records show.

In addition to the 158 violators who fished without licenses, other offenders were arrested for possessing undersize game fish and violations of other fish laws.

Birding without a permit accounted for 27 arrests.

Violations in May totaled over a hundred more than for April but were fewer than for May of 1949. Violators paid a total of \$3,190 in fines and \$3,581 in costs in May and spent a total of 93 days in jail.

New, All-Time Record! Users Now Buying  
1530 CHEVROLET TRUCKS A DAY!

We and all other Chevrolet Dealers

have delivered 40,001 Chevrolet trucks

— an average of 1530 a day — in a single

month! That's an all-time, all-industry record

possible no other truck even approaches. That's the best

possible "buy-sign" for you. It tells you that Chevrolet trucks

are first in user preference because they're first in value.

It tells you that Chevrolet trucks are the proved leaders on

all kinds of roads for all kinds of loads. It tells you that

Chevrolet trucks will haul your goods more miles at less

cost per mile. Come in and get all the money-saving facts!

\*Based on official dealer-reported sales during the last full month for which figures are available.

## ADVANCE-DESIGN TRUCKS

## Performance Leaders

Chevrolet's newest and most powerful trucks feature an Improved 92-hp. ThimbleMaster Valve-In-Head engine and a brand-new 105-hp. LoadMaster Valve-In-Head engine. Smooth, quick acceleration is provided by Chevrolet's new Power-Jet carburetor. Synchro-Mesh transmission enables drivers to shift with greater ease and safety.

## Payload Leaders

Chevrolet trucks deliver the goods at low cost per mile — and deliver them fast! Features like Chevrolet's Diaphragm Spring clutch for smooth engagement and Double-Articulated brakes for complete driver control, enable drivers to meet the most demanding road schedules.

## Popularity Leaders

Chevrolet Advance-Design trucks are America's biggest sellers! That's because users recognize the value of such Chevrolet features as Hypoid rear axles that are 5 times more durable than spiral bevel type and Unit-Design cab and bodies that are built for added strength and durability.

## Price Leaders

Chevrolet's rock-bottom initial cost, economy of operation and upkeep and high trade-in value add up to the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything favors Chevrolet trucks.
