

CLARENCEVILLE NEWS

By MRS. FRED GROSE

21160 Tuck Road

Telephone 2546-R

The old saying holds — it's nice to go away and it's nice to get back home. We certainly enjoyed our trip to northern Michigan. After a tour through the beautiful Michigan scenery, we turned our backs on the state and went to Illinois. At my old home town we had a delightful time with the family and old friends of high school days. The old friends are like gold, and they never tarnish with the years.

Can't imagine school is ready to begin next week but the young fry are groaning and wondering why they have to go to school. They're lucky, most children in Indiana and Illinois were in school last week.

Mrs. Roy Shaw and Marion traveled to Buffalo, New York, last week to visit relatives and return by way of Niagara Falls.

Mr. and Mrs. Ralph Waggett of Inkster Road and Miss Dolores Leflar and Fred Grose motored to Newberry on Saturday to visit Mr. and Mrs. Art Woodward.

Mrs. Pauline Kelley, sister of Mrs. Fred Grose, accompanied the Groses home from Illinois to spend

a couple of weeks visiting friends and relatives here in Detroit. Mrs. Lily South of Pearl Street returned home from Mt. Carmel hospital last week, where she and her husband were in the hospital some days before. She is getting along nicely.

Mr. and Mrs. Orby Mynatt are the proud parents of a baby girl born on August 13. She has been named Susan Andora, and the little miss tipped the scales at 5 pounds, 14 ounces. Her mother is the first Mrs. Shirley Barber, daughter of Mr. and Mrs. Clarence Barber.

Miss Lois Martindale has accepted a position as youth worker in the Clarenceville Methodist Church.

Mrs. Paul Arentman will continue her work as choir director and organist. Miss Martindale has had four years' study at the Baptist Seminary in Chicago.

Miss Elsie Johns was Sunday dinner guest of the Bert Bolthos on Waldron.

The W. S. C. S. of the Clarenceville Methodist Church will open its first meeting of the fall on September 5, next Tuesday evening, at the home of Mrs. Fred Grose, at 8 p.m.

EIGHT MILE EXTENSION

The Farmington Eight Mile Extension Council donated its time and food to serve lunch Tuesday at the Belleville 4-H Fair, held to purchase equipment and buildings for the 4-H. This was only one of the many Wayne County extension councils who sponsored meals throughout the fair period.

PIANO SCHOOL TO OPEN

Mrs. Florence Edgar, Farmington piano teacher, announced this week that the fall term for private piano lessons will begin at her studio Monday, September 18.

Parents interested in enrolling their youngsters may secure further information by calling Farmington 0192. Mrs. Edgar's studio is at 32215 Oakland Avenue.

County Candidates State Platforms

The following short statements by several candidates have been received by The Enterprise for presentation to the electors.

CLYDE D. UNDERWOOD
Clyde D. Underwood, Republican candidate for re-election as Prosecuting Attorney, says, "Oakland County has become the second most populous county in the state, the office of Prosecuting Attorney has become extremely important and requires a skilled administrator."

"If I am re-elected I will continue to further the reforms in administration and prosecution which I have initiated and will put into force new methods which my experience has indicated."

HERBERT T. BAYNES

Herbert T. Baynes of Clarkston is a candidate for the office of Register of Deeds of Oakland County. He is a veteran of World War I, past State Commander of the 328th F. A. Veterans Association, past commander and adjutant of the American Legion Post of Clarkston, and member of the V. F. W. He is also a member of the Masonic and Elk lodges, Oakland County Sportsman's Club, and United Presbyterian Church of Southfield.

Last January McQuaid invented an attachment to the photo recording device which is currently saving more than \$30 per day in operating costs.

A registered land surveyor, McQuaid received his education in

Pontiac schools, Ferris Institute, and the University of Michigan. He was an originator of the Young Republican movement and served as national treasurer of the organization prior to World War II. He resides with his wife and daughter in Pontiac.

CLARE L. HUBBELL

Clare L. Hubbell, 47, candidate for Oakland County sheriff, was born in Owosso and was educated in Pontiac schools. He is a member of the Michigan and National Sheriff's Associations and is a Mason. He has three children and lives in the apartment at the county jail.

Now finishing his second term as sheriff, Hubbell says the sheriff's department operated within its budget limits in 1949 for the first time in years. The County Jail, which served 99,000 inmates and booked 4,000 prisoners in 1949, has received an "excellent" rating from the State Department of Corrections since Hubbell has been sheriff for six weeks.

"The work with officials here in the state will give the Germans a chance to see how policy is made and how government operates," Dr. John Lederle, director of the Institute, said.

GERMANS WILL VIEW STATE GOVERNMENT UNDER U-M PLAN

A practical view of Michigan city and state governments in operation will be given German administrators who will attend the University of Michigan Institute of Public Administration this fall.

Under a contract signed with the U. S. Department of State, the institute will acquaint government officials from Germany with government administration in the United States. Three and one half months will be spent on campus in special courses and seminars. The visitors will then serve internships in federal and state agencies and with various city governments in Michigan for six weeks.

"The work with officials here in the state will give the Germans a chance to see how policy is made and how government operates," Dr. John Lederle, director of the Institute, said.

Editor:

We have just returned from a tour of the New England states. What grand roads they have there, nice concrete highways. Even the backwoods country roads in Connecticut are good tar roads with absolutely no ruts or bumps.

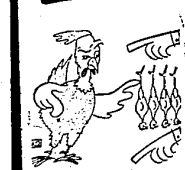

And if there should happen to be a small bump in the road, there's a warning sign reading, "Bump Ahead."

What's the matter with Michigan? Why not vote the same as they did in Massachusetts, that the gasoline tax should be used only for road improvement and upkeep and not diverted for other pettable thing is the lovely parkways other states have where the grass is kept mowed, and no paper or litter to be seen anywhere along the road side.

We certainly can not be proud of our state.

Yours truly,
The Albert Maynards.

The case of
"THE CHIDING CHICKEN"

RED ROOSTER
vs.
CONROY'S MARKET

"I suspect fowl play in the barnyard in Conroy's Market today hang the finest of my associates. I've a right to be in a stew about this because my family dates back to Plymouth Rock. I don't know anything about this Conroy's, and I'm not trying to be cocky, but if it isn't the finest in town, I demand that they not be allowed to sell us.

"When I first heard that we were bound for Conroy's Market I thought some one was pulling my leg. I hadn't heard of them where I came from. Tell me what kind of a place this is?"

VERDICT: For a poultry sum plaintiff could have full report on Conroy's reputation.

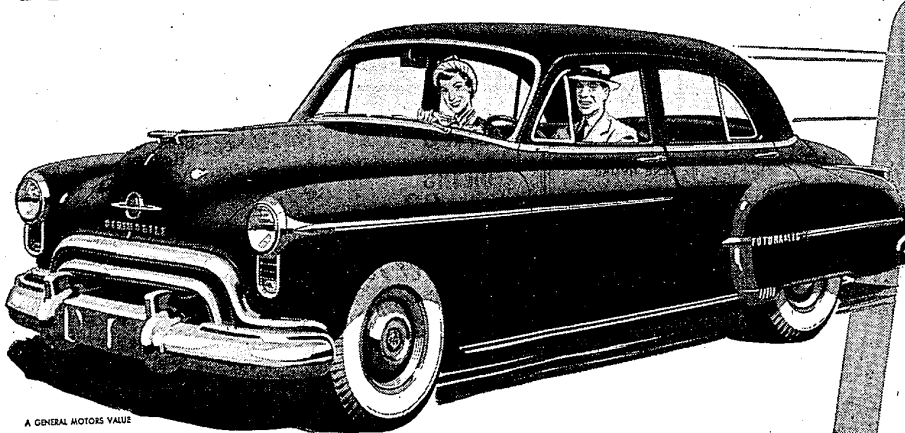

CONCLUSION: Conroy's reputation for selling the finest poultry in town at the lowest prices is substantiated by value in "Exhibit A".
