

Change Adult Speaking Class At Farmington

The Farmington High School Adult Education class "Speaking and Thinking on Your Feet" has been changed from Monday night to Wednesday night meetings. Assistant Superintendent James Reed announced this week. First meeting, originally scheduled for January 9, has been changed to January 9 and will meet on Wednesday nights. Starting time for the class is 7:30 p.m. Class continued because of the cause of rescheduling the speaking class.

The crow, a scavenger bird common to Michigan, is found in practically every country in the world.

Daughters of Isabella To Tour Detroit News

Daughters of Isabella, Circle 617, are sponsoring a tour of The Detroit News. Anyone wishing to attend must meet in the main lobby of The Detroit News building at 1:30 p.m. Wednesday, January 14. Regular meeting will be January 14 at 8:15 in the Town Hall. Mrs. Frank Styr, Regent, is asking everyone to be there to have pictures taken for the memory album.

Mrs. Frank Styr, accompanied by Mrs. Dewey Buckholz, drove to Maybury Sanatorium on Friday of last week to deliver Sunday messages to Father Wojack, who is chaplain.

To Install New School Principal

Ernest Winter of Forest Park, Ill., will be installed as principal of St. Paul's Lutheran School, Middlebelt at Eight Mile Road, on Sunday, January 6, in the 10:45 a.m. service.

Winter is a graduate of Concordia Teachers College at River Forest, Illinois. For the past two years he taught the middle grades at St. John's Lutheran School, Forest Park, Illinois, besides being active with the Walter League Societies and athletic activities of St. John's. He also taught one year in the one room school at Sawyer, Michigan. In addition to teaching the upper grades at St. Paul's, Winter will also act as organist and choir director. Winter fills the vacancy created when Mr. W. G. Graft, principal of St. Paul's from 1946 to 1951, accepted the call to St. Matthew's Lutheran School in Pittsburgh, Pennsylvania.

On December 29, 1951, the new principal was united in marriage with Louise Schoech of Elmhurst Park, Illinois. She taught school at Mt. Clemens and Pontiac from 1949 to 1951. The newlyweds will make their home in the redecorated teaching at 2825 Middlebelt Road after January 3.

A reception and "grocery show" will be held for the young people in the Parish Hall on Sunday at 4:00 p.m.

8:00 p.m.	Legion Post 346

MSC Nutritionists Expert Reveals Secrets Of Good Candy Making

Your family and your friends go more than food out of the home-made candies are made. Lasting memories you built for children as they watch the candy cooking and finally "escape the bowl". That is all good — but the candy can be good, too. Poor candy is not only disappointing to those who eat it, but it represents a poor investment in money and time.

If you want very fine crystals in your fudge, fondant or penache, consider the suggestions offered by Dr. Pauline Paul of the food and nutrition department of Michigan State College.

Avoid stirring the mixture after the sugar is dissolved.

Avoid letting crystals form on the sides of the pan during cooking. The simplest way to remove these is to cover the pan closely for a short time, allowing the steam to dissolve all crystals. Watch carefully so the candy doesn't boil over while covered.

Avoid shaking or moving the candy while it is cooking.

Pour the candy from the pan without scraping to avoid crystallization. Even a tiny crystal of sugar will start a chain of crystals, causing the whole mass to granulate.

Add acids such as vinegar, cream of tartar or lemon juice to hinder crystallization. If hard water seems to neutralize some of the acid you may substitute corn syrup, using one tablespoon to one cup of sugar.

If you use vinegar or lemon juice, the proportion is one half teaspoon to one cup of sugar. But use less of the cream of tartar, one-sixteenth of a teaspoon.

Allow the candy to cool before you beat it. Let it become lukewarm, or about 104 degrees, before beating it.

Add butter, chocolate, cream or beaten egg whites and to get a creamier candy. Miss Paul commented.

NEW SKI TOW RATES IN EFFECT AT PORCUPINE PARK

No change in skiing hours but a more economical tow charge plan is in effect at the Porcupine Mountain ski park, which now is open for the 1951-52 season.

Snow conditions allowing, the conservation department's parks division reports new and longer tow rope will be operated from 9 a.m. to 4 p.m. C.S.T. on week ends and holidays, and from 1 p.m. to 4 p.m. on weekdays.

After the ski season opens, the day should the demand on the beginner, intermediate and two expert ski trails require.

For the first time families can purchase a season tow ticket. Reasonable ticket costs are graduated according to family size. Individual season tickets also can be had this season. There is no change in the individual daily rate, and youngsters 14 and under again will not be charged.

Michigan's largest state park is located 20 miles west of Oriontown in Oriontown and Gogebic Counties.

To Discuss Deer Herds At Conservation Meeting

Deer herd management and the Horton Traps are two major issues which the state conservation commission deferred action on this month 6 and 7 meeting in Lansing, along with the 1952 beaver and other reports.

Indications are that one or more legislators will submit bills at the January legislative session designed to give the commission needed authority to properly manage the deer herd.

What part conservation officers should take ... along with the other law enforcement officers ... on enforcing the Horton Traps law will get further attention.

Although the upper peninsula beaver harvest was a record 12,844 animals last spring, game men have said that both peninsula seasons again is impossible. Commission will set season dates, bag limits and special trapping areas.

Considerable December commission discussion was devoted to the problem of setting Michigan waterfowl seasons which do not penalize either upper or lower peninsula shooters.

Judge Lamb

(Continued from Page One)

County Prosecuting Attorney and Judge of Probate. In 1908 he was appointed Circuit Judge of the 28th District by Governor Warner and served the District until January 1, 1948.

In 1936 he re-organized the Cadillac State Bar and was its president until 1945. He was a Past Master of the Cadillac Masonic Lodge and a member of the Congressional Church in Cadillac.

He is survived by his wife, four children and his one brother, Arthur Lamb of Farmington.

Not To Prefer Charges Over Parking Fracas

"I'm not going to prefer formal charges against the officer," Thomas Tait of 2341 Prospect, said regarding the officer who struck him several times over a parking argument at 2455 Grand River Friday night.

"I wasn't hurt badly and feel no malice. The officer has a boy, I believe, in the hospital and policemen don't make very much money."

The Detroit police officer is Fred Calhoun of 16553 Chapel.

Fistfights took place when the officer accused Tait of striking his wife as he was backing his car out of a parking space. Witnesses reported that when Tait got out of his car Calhoun left his car and pushed Tait into a snow bank. Calhoun then struck Tait several times, witnesses reported. Tait denied that he struck Mrs. Calhoun.

Tait reported he was required to fill out a paper for the police and that Calhoun will go before the police trial board for disciplinary action.

March Of Dimes

(Continued from Page One)

1951, many of whom contracted polio in years past and are still fighting to overcome this crippling disease." This represents a total expenditure of \$25,000, Delmonester announced. The 50% of the money from last year's drive held for local aid was exhausted early in 1951 and the National Epidemic Aid Fund was called upon to send \$25,000 to carry on the work of aiding local patients. In Oakland County a total of 218 cases were reported for 1951 as compared to 136 cases in 1950.

Delmonester stated that many bills for patient care incurred during 1951 can not be met until the current March of Dimes Drive is completed because of insufficient funds. "Two steps are being taken to bring receipts from our 1952 March of Dimes Drive to a level which will erase all deficits," Delmonester stated. The drive period has been doubled and efforts are being made to reach a larger number of people than ever before.

Falcons Drop

(Continued from Page One)

wide gap built up by Bentley/Farmington outscored Bentley in the final quarter seven points to five points. The final score was Bentley 38, Farmington 29.

High point man for the Falcons was Dick Tyler with six points. Farmington will attempt to get back in the win column this Friday when they meet Walpole Lake here in an later-Lakes Conference game.

HUNT CONTINUES FOR GLENBROOK HOSPITAL PATIENT

The search is continuing for a 77 year old patient who wandered away from Glenbrook Hospital on South Farmington Road last Tuesday, Farmington City Police, Saturday morning.

The patient, John Boice, a palsy victim, was reported missing Tuesday and an area wide police alarm was issued. Livonia City road crews began plowing the shoulders of the roads in the vicinity of the hospital thinking that Boice may have fallen in a snow bank.

Police stated that the patient is short and stocky in build and has a bad case of palsy. Anyone seeing a man fitting this description is urged to contact either the Farmington or Livonia Police at once.

It's A Boy!

A boy, Randall Paul, was born to Mr. and Mrs. Phil Thomas of 23235 Grove Street Wednesday, December 26, at Edgewater Hospital in Chicago. He weighed six pounds and seven ounces.

Clarenceville Cemetery Association will meet in the home of Mr. and Mrs. George Nacker in Clarenceville January 8, 1952, starting at 2:30 p.m., secretary Edna Donahue announced this week.

Police Report No Serious Accidents Over Week-End

It was a good week-end as far as City and Township-Police were concerned with no serious accidents being reported over the long and usually dangerous New Year's holiday.

A heavy fog plus slippery streets Monday probably served as a warning to most motorists to take it easy. Traffic crawled through Farmington at a snail's pace most of the day. Prior to Sunday, heavy snow slowed traffic, particularly on the cross highways.

State and local police and safety authorities carried on a vigorous safety campaign all through December in an effort to reduce the appalling death toll on the state's highways.

DON'T GO WAY.....

We'll be right back — we're over here behind the shelves counting the little ole tin cans and boxes right now. They call this here operation "inventory" and it happens every year about this time. Of course, if you happen to wander in we'll take care of you, but we just won't have much time to gab.

We do have one short memo tho — don't forget to get your "Mountain Boys" calendar. If you haven't picked yours up yet, stop in, we'll be awful glad to give yuh one.
