JOHNNY COMES TO WONDERLAND

in a gabardine look by
Klopman in a fabric
you can lean on

Johnny's suit delivers new fashion in an all-time favorite. The gabardine look is performing better than ever, with stay-put smoothness, in a two-way texturized stretch fabric woven of 100% Dacron® polyester by Klopman. Creative Carson ideas on jacket styling include wide notch lapels and body shaping, contrast inserts on the round-bottom pockets. Contrasting stitching defines the detailing of the coat and continues on the trim, flattering trousers.
