To Banquet New Quill And Scroll Members

What is the occasion? Why haven't you heard? The Journalism class, sponsored by Miss Norma Cooke, is planning a banquet for the initiates of Quill and Scroll. There are five people who were eligible for this organization. They are Howard Goers, Meribah Meyer, Wally Christensen, Nancy McCarville and Annie Allen. The initiation will be held May 1 in the Journalism room, 105. The five students mentioned will be presented their pins and the name of their charter will be chosen.

It was decided that the refreshments for the occasion would be cup cakes, ice cream and punch. The committee is made up of Pat Storti, chairman; Gerry Estep, Joy Garbin and Mary Cashman. Decorations for the evening will be black and white, symbolizing the newspaper.

ROLLING DOWN THE RIVER

By Bob Kettler

Now we've been reading about the problems of modern education and the steps taken by teachers to eliminate certain elements and the complaints of parents that the kids can't spell too well and with one thing and another we feel sorry for the kid, who in all this pulling and hauling is pretty much in the middle without a dictionary to his name and an allowance of only two and a half bucks a week, because his parents are poor.

So the other day a guy steps in this office and after a bit of this and that, informs us that the main trouble is that no one bothers to teach the gozintas and gozouts and after all this country grew prosperous on the gozintas and every mother's son that got as far as the fourth grade knew them. "What's a gozinta," he says, "a gozinta is 2 gozinta 4 and 4 gozinta 8 and everything worked pretty well before the politicians reversed the field and pulled a 12 (billion) gozinta 6 on us."

We sort of go for this gozinta business, because the money you have that gozinta a new Studebaker will pay you the finest dividends ever in comfort, power, beauty and economy. You'll love the sheer beauty of the car; thrill at its superb performance; and truly marvel at the economy you'll discover in every '52 Studebaker. There's a beautiful new hand-out, and now that's out of this world when it comes to modern day streamlining.

Getting back to what we read in the newspapers, we've come to the conclusion that it's against the law these days to aid and abet crime... unless you happen to be a smart lawyer.

And a lot of you people aren't lawyers, yet you aid and abet crime every time you drive your car with the old winter oil and grease trying to do the job a fresh spring supply should do. Better let these mechanics of ours have your car for a short while, they'll make sure it will give you the sort of performance you've always wished it would.

That's that, but a guy tells us that he was going to do his Xmas shopping early this year, but with things the way they are, how does he know in April who his friends will be in December.

Yours,
BOB KETTLER

Juniors To Give Play May 8

Thursday, May 8, at 8:00 p.m. the junior class of Clarenceville High School will present a mystery comedy, "Stranger In The Night" in the gym.

The play is about two girls who own a gift shop in a hotel. They discover that one of them or one of their friends is about to be murdered. Each one thinks that he is the one to die. Amid swift action and mounting suspense, the play moves through three acts of thrills and laughs to an unexpected and thrilling climax.

Sylvia Lee, played by Meribah Meyer, is a co-owner of the gift shop and falls in love with Ken Grant Terry, a bright young news reporter trying to get a story. Mable Crance, played by Barb Alsworth, is the other owner. [She is interested in catching Bob Dury in a play. The trouble is, Bob Dury plays the part of a bashful law student, Cliff Newkirk, who blushes every time he is visible. Aaron Goldkette is hilarious in the part of a lively bellhop, Eddie Buck. Nona Polard, played by Joan Gledhill, is the hotel elevator operator. She is trying to snag Eddie. Ruth Robertson will have you laughing all evening as she portrays an over-energetic gym instructor, Mrs. Burger. The Burger plays the part of a cranky old retired executive J. T. Rutledge. He keeps his secretary, Velda Stephens, portrayed by Marion Monroe, really on her toes. John Nelson plays the part of a mysterious friend of Sylvia Lee. Howard Goers acts out the part of Sam Fish, who thinks himself important as a hotel detective. Darlene Timmons portrays the part of an aggressive woman wrestler, Sandra King. Dave Hallock plays the part of a police officer. Mr. Hurley, director, thinks the students do wonderfully well in their parts.

SENIOR HI-LITE

He's handsome! He's dashing! He's athletic! He's unattached! Don't rush girls, his name is John Robertson.

You want to know the vital statistics on this male? Well, he was born on January 17, 1934, which makes him about 18 years old. He has brown hair and blue eyes. He is 5' 11" tall and weighs 175 lbs.

You want to know more information on him? Johnny's favorite class is government and his favorite teacher is Mr. Barnard. When he isn't sitting down to a nice juicy steak, he likes to write music. As for somebody else's music, he prefers "Slowpoke". He also likes to dance to Stan Kenton's music or the swingy voice of Jo Stafford. At last! I found someone who likes Johnnie Ray. While at the movies he would rather see Alan Ladd than Lana Turner.

Johnny's favorite pals are Don Westlake and Gordon Mills. His favorite season is summer, but when fall rolls around his thoughts turn to football. He doesn't like some of the lazy boys who slouch around school and don't try out for sports.

His main ambition right now is to graduate. After that he's looking forward to a career as a pharmacist.

His favorite color is blue and so are we as we fondly wave farewell to this week's senior hi-lite. Y. J.

Patricia Wray Slims, our Hi-Lite for this week, was born on April 21, 1933, in Detroit, Michigan. Our cute, snappy dancer has short, brown hair, gray eyes, weighs 111 pounds and is 5 ft. 3 1/2 inches tall.

Pat says she likes to eat Pizzen and porterhouse steak (expensive, isn't she?). Two of her pet peeves are Elmer Rousseau and Bob Parsell (so she says, anyway). The song she likes best is "Smooth Sailing" by Ella Fitzgerald. And although a fine song, if you're around her house long enough, you'd go absolutely crazy hearing it so much.

In the line of... excuse the expression... school, her favorites are: teacher, Mr. Batterlee; subject, American Government; friends, Beth Gledhill, Marilyn Winters, Sally Marshall, Janet LaFollette, Winny Smith and Sally Schneider.

Pat's favorite past time is "playing pretend". Her future ambition is to go to college to be an airline hostess.

GAA STARTS SOFTBALL

G. A. A. softball practice started April 15. Teams for the tournament have not been set up yet. Anyone may come and try the sport. Practice will be held on Tuesday for practice. All of the high school girls are urged to come out.

There were 162,890 more persons insured in U. S. motor vehicle accidents last year than in 1950.

Editorial

Spring is here and with the wonderful weather we have been enjoying, it's no wonder you find the students leaving the school as soon as the noon hour begins. But as we move and more students are left, lunches out of doors, let's remember to put the waste paper in the container provided.

Also this spring, we find many students with the urge to leave the school (usually known as skipping). This isn't a very good plan for you usually end up staying after school for a week or two. So why not suffer through classes, there's only seven more weeks of school left.

Recently the Student Council labeled all bulletin boards and designated each to a certain group such as sports news, class news, miscellaneous and office news. Within the week, some of the labels had been torn down. When the Student Council works to make improvements, it must be very discouraging to them to see that these improvements don't last a week.

Well, that's all for this week, but try to improve the school in any way possible. For that's how C. H. S. will mean more to all of us.

Convention Held In Grand Rapids

The twenty-fourth annual convention of the Michigan Industrial Education Society, Inc., was held in Grand Rapids, Michigan, April 17 through 19. Mr. Anthony Marra and Mr. "Bud" Protengier, representatives of the industrial art classes in our school, attended the convention.

The society was organized in 1928 to further the industrial education in our country. The convention features lectures, tours and many other interesting events. The aim of the convention was to give the teachers and student representatives attending new ideas and information of future developments in their field.

FORD WINS AGAIN!

TAKES FIRST PLACE IN CLASS "A" IN THE 1952

Mobilgas Economy Run

New Ford Mileage Maker SIX Thriftiest in its Field!

Again this year... as in the past two years... Ford was first in gas economy over all other cars in its price class in the Mobilgas Economy Run. In this toughest test, a stock model Ford Six equipped with Overdrive (optional at extra cost) averaged 53.855 ten-miles per gallon and 25.463 actual miles per gallon.

This was a very special triumph for Ford's All-New Mileage Maker high-compression Six. For now, with its new design providing 101-horsepower and free-turning overhead valves, Ford is definitely pound-for-pound the most economical four-cylinder car in the world. Ford's thrust was clearly proved by the 1,415-mile grind from Los Angeles to Sun Valley. And a very important factor contributing to this victory is Ford's Automatic Power Pilot which squeezes the last ounce of power out of every drop of gas.

*The AAA Contest Board determines the winner by a "ten-miles per gallon" formula. It starts equal chances for all cars in each class regardless of size and weight. No time limit. Cars are weighed at the start and end of the run. The car with the lowest weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons consumed.

"Test Drive" the Economy Winner Today!

For Economy plus Quality... Choose the '52 Ford!

Archery, Tennis Offered To Girls After School

Say, girls! Have you heard of the new games that are being offered to you on Monday, Tuesday and Wednesday after school. Oh, say, are they ever a lot of fun. There's archery, for instance. There's nothing like learning to shoot arrows, especially if you can't hit the target. All the girls who are interested should get in touch with Mary Lou Barnes or Miss Betty Myers. Archery started April 23.

If you don't care for archery, tennis started April 21. The nets are left up after school and early evening so that you may play tennis until your heart is content.

Miss Myers is offering you the opportunity of learning to play these sports so why not come out and show your skill or learn to be skillful. We promise you will not be wasting your time.

ALUMNI NEWS

A few of our college alumni were home for Easter vacation. Robert Riggs came home from Central Michigan and Robert Godette from Valparaiso in Indiana. He is on the varsity track team there. Don Rutledge and Roy Nelson, '50 graduates, are going to spend two weeks up north on a camping trip.

Jim Conroy and Jim Russell are home on furlough before the Air Force sends them off again. Both will be stationed in Alaska. Vera Giguere, another '50 graduate, is engaged now to Dick Selke.

Freshman Girl Wins Ping Pong Championship

Here comes the new ping pong champion. Who is it? She beat Ruth Robertson, the champion for the last two years, by two straight games. Here she comes now on her Royal ping pong table. It's the one and only Sharon Moreland, a cute blond freshman.

Ruth Robertson came in second and Pat Byrne was third. Hats off to the new ping pong champion, Sharon Moreland.

Eleanor Ross, who was married last September to Howard Major, has set up housekeeping on St. Francis Street.

CHS Debaters To Attend Dinner In Ann Arbor

The Clarenceville debaters are going to attend a recognition dinner April 25 at Ann Arbor. They will leave the school at 1:30 and arrive in Ann Arbor in time to watch the championship debaters of the A and B divisions. Our debaters, Meribah Meyer, Tom Hartford, Annie Allan and Edna Grace, went to the regionals where they won one of the four rounds. They will receive a plaque in recognition of their outstanding work.
