could be taken regarding the two who refused to sign. Ernest Blanchard, Township Supervisor, stated that he would contact Helmut Krave, who holds a great many of the contracts, and try to arrange a second meeting between Krave and the Roseland Gardens Committee and the Township Board. Krave has agreed to advance the project, and extend the contracts on those that have signed the petition to that effect. A question was also raised regarding the property owners on the north side of 8 1/2 Mile Road. The owners of at least 65% of the property must agree to the project before a special district can be established.

Archie Leonard, chairman of the Board of Appeals, appeared before the Board to make a series of suggestions regarding the administration of the Appeal Board. He suggested that a stenographer be hired to keep records on decisions and action as a permanent public record is required by law. He was asked to submit his recommendations in writing so that the Board could act upon them. Leonard was also directed to check into what authority the Township has in regard to the halting of burning and cutting up of old cars, and to report back to the Board. Numerous complaints have been received regarding this practice in several sections of the Township.

Approval was granted on a motion authorizing the clerk to file a letter with the Liquor Control Commission recommending the transfer of the Tavern License held by John Prenczyk to a Class C license, and that the license be issued to John and Francis Prenczyk. Mr. and Mrs. Prenczyk are the new owners of Johnnies Bar, Eight Mile Road near Inkster Road.

procedure to follow. The unanimous decision of the various groups was that the library should be supported and that further investigation of the situation should be made.

The Education Committee of the Farmington A. A. U. W., who sponsored the series of meetings on the library situation, is composed of: Mrs. Harley Gibson, chairman; Mrs. Stever Drogoski; Mrs. George Peacock; Mrs. A. M. Leach and Mrs. Franklin Sullivan.

### FARMINGTON PTA BOARD DISCUSSES NEXT PROGRAM

At the first board meeting of the Farmington Parent Teachers Association held Tuesday evening, June 3, Mrs. Clarence Berial was selected general chairman; Mrs. Frank Annette, membership chairman; Mrs. Byron Runde, hospital-ity chairman; Mrs. Samuel Turner, ways and means chairman; Mrs. Robert Cassell, publicity; Mrs. Edna Havelka, program; and Mrs. Fred Buesser, safety.

Goal for the year will be "Improvement of the Organization." Plans are being made to have better programs such as panel discussions, teacher-parent relationship programs, highly recommended speakers, a play, a bazaar, and a card party. Some of the meetings will be held at the Ten Mile Road School. A special invitation is being sent to the parents of new kindergarten students.

The first meeting will be held Tuesday, September 16, at 8 p.m. Following meetings will be held the third Tuesday of each month.

### Approve Oxford Street Project After Hearing

Approval of the establishment of a special assessment district for the resurfacing of Oxford Street from Grand River to Independence was granted by the Township Board following a special hearing Monday evening.

Harry McCracken, Township Clerk, stated that there were four or five property owners who objected to the special assessment, but owners of more than 65% of the property expressed a desire to have the district established. Approval by owners of 65% of the property affected is all that is required by law. The entire cost of the project will be paid by the owners of property abutting upon that portion of the street being surfaced.

As soon as bids can be secured on the project another hearing will be held. The Board has secured an estimate of cost but actual bids will have to be taken.

### Flames Damage Everett Implement Building

Flames from packing boxes ignited by the youngsters scorched the side of the Everett Implement Company ginder block building at 31200 Grand River Avenue and damaged the roof and doors that were hastily closed to prevent the spread of the fire into the interior of the building. The fire occurred at 12:30 p.m. Saturday.

A spokesman for the company and Fire Chief Leo Hendryx reported flames arrived in time to prevent serious spread of the fire. Employees of the company emptied five three-gallon extinguishers and several smaller extinguishers on the blaze in helping to bring it under control. Doors to the building near the blaze were closed to protect machinery inside from damage.

A company spokesman estimated damage at \$350 and reported it was insured.

**GOT A SADDLE?**

Boy, if yuh had one yuh could sure save a lotta gas these days — jest throw it on one of those mosquitoes that are floatin' around these evenings and then ride it to work next day. Diddcha ever see so many — and such big ones too? There's so much talk these days about the large economy size that maybe mosquitoes are growin' that way. Now speakin' of large sizes with summer here and picnics and potatoes agin maybe yuh would be more interested in buyin' yer salad dressin' in a quart jar. We got some quarts of Lady Betty dressin' fer 49c each — and a quart of that will make a lotta salads. Somethin' else too — we know the local strawberries are gettin' ripe cause people bin bringin' 'em in to their lockers. Now strawberries take a lotta sugar and we got some 25 lb. bags of sugar fer \$2.39 which is a large and fer sure economy size. Course a pound's a pound the world around — and Conroy's coffee only comes in a 1 lb. bag but since it's jest 69c a lb. what can yuh lose? And if yuh got another 69c yuh can grab off a lb. of Vlasic butter. Yuh know a lotta folks got that Kleenex deal we had — so we got another gob of it so we could build the pile up agin — and if yuh forgot it last week yuh got this week to git it. It's piled right inside the door and us gals at the counter is gettin' tired of lookin' at it — so after this week it'll be moved, but fast. Yuh knew it would - didn'tcha??

We're gonna have turkeys this week end, too, and we know FOR SURE ours are fresh dressed. They're all drawn, ready fer the oven, fer jest 59c a lb. Yuh know even if yuh don't want it right now it'll keep in yer locker or deep freeze — but a nice roast turkey sounds mighty tasty to us right now. Think of all the good sandwich eatin' yuh can have! We're gonna have some round steak fer 85c a lb. too — but it aint from choice beef — so if yuh wanna gitcher fork in the gravy yuh'd better plan to Swiss the steak. Some people bin askin fer this kind of stuff so we bought some jest to see how bad yuh really want it. Fer yer outside barbeque business we have some fresh spare ribs fer 49c a lb. If yuh aint got a barbequer these'll cook good in yer oven. Last thing is some sharp cheese fer 59c a lb. It aint already cut so if yuh wanna taste it smile kinda pretty at the boys and they'll break down and give yuh a bite — they're kinda nice guys that way — or didcha know??
