

School Musicians Plan Schedule

The Clarencville band is going to perform at the Brighton High School as part of the student exchange plan started by the Student Council in the league.

The band has also started to work on the Christmas arrangements for the Christmas concert, which will be held December 18 at 8:00 p.m. in the Clarencville gym.

Last year some of the members of the school dance band graduated and now some new members have been added. They are Ellis Grace, Anna Halseth, Gerald LeBlanc, Donald Melton, Roger Ruppelle, Lynn Seaton, Garrett Van Camp and George Zedon.

Mr. Joseph Markell has started a class in theory and arranging music. This class includes anyone who is interested. The classes are being held each Wednesday after school, from 4:00 to 4:45 p.m.

Thanksgiving Means Hope And Prayer

Today, the word, Thanksgiving, still means to us a day to forget our worldly lust.

A day to give thanks to The One Above.

Who has blessed us with His heavenly love.

Thanksgiving means thought, and prayer, and much more.

Family at home, warmth, happiness, and feasts galore.

But today, we must think of those away.

Those who on Thanksgiving Day, will eat their feast and give their thanks.

And pray above, among artillery and tanks.

We must think of them and hope and pray.

That by the next Thanksgiving Day, they will be home again, alive with us.

Living in a world free, and just.

About 500,000 railroad freight cars are required each year to carry coal from U. S. mines to the Great Lakes.

Taking Vitamins?—TAKE THE KIND THAT GIVE YOU 3 BIG EXTRAS—PLUS RED VITAMIN B₁₂

NEW! REXALL PLENAMINS

NOW—10 IMPORTANT VITAMINS, INCLUDING B₁₂, PLUS LIVER CONCENTRATE AND IRON—You may be vitamin-deficient. Your health, your good looks, your ability to earn a living—all may be affected by failure to supplement your diet with a dependable, protective yet non-fattening multi-vitamin product. That's why every day thousands are switching to Rexall PLENAMINS.

VITAMIN B₁₂ each dose contains 3 micrograms

IRON more than minimum daily adult requirement

VITAMIN A twice minimum daily adult requirement

VITAMIN B₁ 2½ times minimum daily adult requirement

VITAMIN B₂ 3½ times minimum daily adult requirement

VITAMIN C 1½ times minimum daily adult requirement

VITAMIN D 2½ times minimum daily adult requirement

NIACINAMIDE 20 milligrams adequate daily intake

CALCIUM PANTOTHENATE requirement undetermined

VITAMIN E requirement undetermined

VITAMIN K 1½ times minimum daily adult requirement

VITAMIN L 1½ times minimum daily adult requirement

VITAMIN M 1½ times minimum daily adult requirement

VITAMIN N 1½ times minimum daily adult requirement

VITAMIN O 1½ times minimum daily adult requirement
