

## Consider 1952 Worst For State Forest Fires

Durward Robsón, chief of the conservation department's forest fire control system, this week lauded his force and other fire units that helped keep forest damage down during 1952.

Robson said many consider 1952 the worst year for, forest fires since 1933, and yet dámaga this year is well down from the average.

Durward Robzón, chief of the conservation department's forest life control system, this week lauded his force and other fire units that helped keep forest damage do that helped keep forest damage down during 1952.

Robzón salt nor. forest fires street 1932, and yest damage this year; liou? fires since 1932, and yest damage this year; liou? fires have been reported and 12,622 Mitchigan acres burned, an average of 1.53 acres per fire. With wood lands now doused with winters snow and rain, these totals are expected to be close to the year's final figures.
