Chaplain George Esch
Serves At Laredo, Texas

A recent story in "Air Scoop" a bi-monthly newspaper printed for Air Force men stationed at Laredo Air Force Base in Texas, points out that the base is growing both physically and spiritually.

The story referred to the recent addition of a base chapel. Because of lack of personnel and adequate facilities, religious services were not held on the base until June of 1952.

First services on the base were held in the gymnasium, later in the theatre and presently are being held in a remodeled barracks under the new chapel is constructed this year.

The four chaplains who handle religious services at the Air Force Base include George L. Esch of Farmington.

Starting with a congregation of 17 in 1952, the chapel now serves over 250 members.

Birthday Party

Everyone has been cordially invited by Girl Scout officials to attend the "International Fair" theme for the Girl Scout Birthday to be held in Farmington High School gym Saturday, March 14, at 7:00 p.m. There will be a variety of costumes, songs and native dances of many foreign countries. REPORT BY COOKS
AT MICH. STATE
SAYS CARP IS GOOD

High protein food at moderate cost is the double blessing of the fish dishes you prepare for Lenten meals. Michigan State College home economists point out the advantages of serving fish in a series of five attractive bulletins on how to cook barbot, trout, carp, smelt and whitefish.

These folders and bulletins are available free of charge from your home demonstration agent's office or by writing the Bulletin Office at Michigan State College, East Lansing.

The smelt folder, ESF 8, gives some mouth-watering recipes for the Lake Michigan smelt coming into markets now in abundance. Smelt with onion cream, gummy or tomato sauce, deep-fried smelt and baked or pickled smelt are some of the suggestions made in this folder.

Carp is an orphan of the fishery. It is a highly edible member of the Great Lakes fish products. Instructions on dressing a carp and making tempting sauces and loaves are given in folder ESF 1, "How to Cook for Lake Trout and Whitefish" is the title of a bulletin, No. 209, which gives careful instructions on how to select fish, prepare and dress up. Suggestions for hearty dishes such as baked noodles and trout, fish balls and fish salads appear in this bulletin.

Here is the recipe for a fish loaf — easy to make and nutritious. Put through a meat grinder one cup of raw fish, a small onion, a stalk of celery, six stuffed olives, a tablespoon of parsley, add and mix with a cup of bread or cracker crumbs, two eggs, half a teaspoon salt and pepper. Bake for an hour in a moderate oven in a well greased baking pan.

ATTENDEE MEETING

Mrs. Frank Platts of 35060 Eight Mile Road attended an executive board meeting of the Wayne County Home Demonstration Council on March 10. Platts is chairman of the executive board of the Livonia district.

THE FLORAL PARK OBSERVER

By George Heliker

This is the beginning of a new series of Floral Park news columns in The Enterprise. We hope that eventually the column will become a regular weekly feature including both civic and social news of special interest to Floral Park residents. Anyone with ideas concerning the use of this space, or with news to be published, and anyone willing to take on a "block reporter" job, is invited to contact the writer at Farmington 9758-3.

The material included here is entirely the responsibility of the writer and nothing appearing in this column is to be interpreted as representing the official views of the Floral Park Civic Association or its executive board. The business of the association will be reported here regularly and let us hope accurately. Opinions expressed herein — which will probably be frequent — will be individual opinions and the individuals will be identified.

So much for preliminaries; now for the news. The fifth annual meeting of the Floral Park Civic Association was held January 14 at the American Legion Hall. Reports were submitted to the members by the officers and committee chairmen. These covered a wide variety of subjects, some of which will be discussed in subsequent issues of this column. Treasurer Joe Dodd reported that about half of the Park's families are members of the association in good standing, a statistic neither viewed with alarm nor pointed to with pride.

The following men were elected to the executive board for the ensuing year: Mark Sitts, president; Don Dates, vice-president; George Heliker, secretary; George W. Cannon, treasurer; Jack Tucker, Jim Cannon, Alfred Stevenson, Robert Larson and Robert Clarke, trustees (two year terms); Robert Thomas, Elmer Kiehn, trustees (one year terms). The remainder of the Board is made up of Trustees: Walter Kreuter, Howard Schnepf and John Courville, holders whose terms expire next year.

Two regular monthly meetings of the association's executive board have been held. These meetings are usually held on the first Monday of the month at 8:00 p.m. and may be attended by any interested member. The April meeting will be held March 30, however. Contact the secretary for meeting place.

At the February meeting the following committee chairmen were appointed: entertainment, John Courville; improvements, Jack Tucker; restrictions, Robert Larson; membership, Howard Schnepf.

ADDITION

In last week's issue The Enterprise ran a story about Farmington dogs that were being given away by a Detroit store. It was mentioned that the dogs were products of Lola Valley Kennels, which are operated by Mr. and Mrs. H. Fletcher. The dogs of the cocker spaniels are being supplied by the Fletchers, but a good portion of the prize dogs are being supplied by Mr. Beagle Bertram, 28511 Power Road in Farmington.

U-M Library Sets Up
Unusual Lending Program

Michigan youngsters unable to obtain current children's literature in their schools now can do so through an unusual arrangement set up by the University of Michigan Library.

Under the unique plan, books for recreational reading in the first through the eighth grades will be loaned from the U-M Library Extension Service for one month by teachers in small rural schools.

Occasionally the collection can be loaned to a small public library for a special purpose, such as an exhibit of current books.
