Why Worry?

I wonder who fails worry!

There are only two reasons for worry. Your health is probably good, or you are sick. If your health is good, there is nothing to worry about. If you are sick, there are only two things to worry about. You are either going to get well, or you are going to die. If you are going to get well, there is nothing to worry about. If you are going to die, there is nothing to worry about. You are either going to heaven, or you are not going to heaven. If you are going to heaven, there is nothing to worry about. If you are not going to heaven, there is only one thing to worry about. That is, how can you get into heaven?

There is nothing to worry about if you want to get into heaven. Heaven is a prepared place for prepared people. The entrance requirements are the strictest that you have ever encountered, and yet God has made the way of access simple and plain.

In your natural self you cannot find the way to God. For we are told in the Bible that "there is a way that seems right unto man, but the end thereof is the way of death." But God has a way by which He frees the sinner from the penalty and power of sin and prepares the sinner for His very presence. Defiance in these words: "For Christ also hath once suffered for sins, the just for the unjust, that He might bring us to God."

You have one ill Christ paid the penalty for your sins on the cross of Calvary that you might be right with God.

God knew full well that man, at his very best, is just a poor wretched sinner. His justice demanded that we be punished with the penalty of death. But God is also a God of love. He sent His only Son to die for us. "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."
