Red Cross Officials Pleased With Results
A total of 117 pints of blood were contributed by Farmington residents during the one-day visit of the Red Cross Mobile Blood Bank Monday afternoon and evening, according to Mrs. Feel Lenz, registration chairman.

Mrs. Lenz reported that 130 out of 150 registrants visited the Bank. According to Red Cross officials, this is a very high percentage. Only 13 persons out of the total were rejected. During the last blood bank visit in October a total of 163 pinis were correlated. Only 13 persons out of the total were rejected. Two plans for summer recreation for Farmington youth were presented before the Farmington Area Recreation Commission by director Don Hossier at a meeting the group Wednesday evening. The meeting was held at the home of Dr. Joseph Gaddaw, who serves as vice-president of the organization.

I LITTLE NOTE.

Ass handed to us this week asking if we had noticed the beautiful railps in the Town Hall Park. We certainly have noticed them and se hope you have noticed them too. They make a real "picture" for not only the residents of the Farmington community but passers as well to enjoy. Behind every picture is a story, and this is no exception. During those cold, damp days last fail, white most or were haddled around the hot store, members of the Farmington Garden Club were out there on their hands and knees planting bulbs in the hard ground. Today, all Farmington is enjoying the results of their labor. We know we speak for the entire community when we say "thanks" to the Garden Club.

WILL YOU REMEMBER . .

TILL YOU REMEMBER
our war dend this week-end? We know you will and we know
that you will remember their widows and children, too. It is
the least we can do for the sacrifices they have made. Thus to be
we know you will remember to buy a poppy and a busile to
this week-end. The annual sale by reference the property of the sale of the
ington and Nori will be conducted from any priday and Saturday. Give what you can. Holping the
families of those with oat their lives in the defense of freedom
is the finest tribute of the property of the sale of the
wanted most. So buy a poppy and a white clover this week-end
in their honor and memory.

In their nener and memory.

TWAS A BUSN AFTERNOON.

Ind evening at the Town Hall last Monday, but it was a mighty good kind of busy. Citizens of the Farmington community really urned out for the Red Cross Mobile Blood Bank. As a result a new supply of life-giving blood is available for shipment overseas not emergency use at home. We are proud, as every Farmington citizen should be, to be a part of a community that has always responded in times of need. But we realize, too, that such a response does not just happen, it takes a lot of time and effort by a lot people. The success of this latest program is no exception. Because of the number it is impossible to mention everyone. That's, the type of spirit that makes a community and makes us even more proud to belong.

type of spirit that makes a community and makes us even mor proud to belong.

THE WAY NEW SUBDIVISIONS.

are being added around here, nobody will be able to recognize the place in a few years. And this is just the beginning, according to all the trends, but that is as it should be. Both the township and the city are developing rapidy and with that development come new challenges. Everywhere we go the stress is on process and a long range viewpoint. This is essential to the orderly and desirable growth of any community. Attitude of the individual plus involvedge of the facts is vital to the development of the Farmington area. A few can't do it. . it. will take the understanding and cooperation of all of the people. So let's encourage planning, let's take an active interest in the future, let's look shead together.

IT WON'T BE LONG NOW.

Board Asks Millage

Senate Approves Township Hunting Ban Legislation

Final Approval Subject
To Vote Of Township

According to an Associated
Press report published in daily
newspapers, the State Sdart last
Friday approved a bill proposing a hunting ban in Formingtor
Township. City Completes

newspapers, the state equate last pricing approved a bill proposing a bunting ban in Formington Township.

The Enterprise states several weak proposition of the the Schate bill with a grant plant to the case of the state of the committee by the dead-ine. Efforts to contag various Representatives at the dime were unaccessful but several presidents of the township who tripveled to Lansing to check on the legislation expressed the opipion that they felt the bill was loss. Harry McCracken, Township Clerk, stated Tuesday that he had received no official notice from Lansing as yet. The House version of the no hunting bill was approved everal months ago and advanced to the Senaté. Representative Howard Estes was sponsor of the legislation in the House. The Senate bill was sophasored by George Higgsland was sponsor of the legislation in the House. The Senate bill was sophasored by George Higgsland to the Corner for signature immediately following passage by the Senate. Once it is signed by the Governor, the legislation will be florwarded to the township for a gerendum vote. Majority approval by the qualified electors of the township will be required before the hunting ban can become law.

Manager, announced this week.

Tennant stated that plans are now being made to contact the owners of the property regarding sale to the city. The City Manager added that condemantion proceedings may be necessary if a satisfactory agreement can not be reached with the property owners. The City Council authorized the securing of the property several months ago, but the survey and engineering work was required to the property several than the security of the property several months ago, but the survey and engineering work was required to the property several than the security of the property several than the server of the serve

CITY PURCHASES

At Annual School Election June 8

The Farmington Township School Board took initial steps at its special meeting Monday evening to place a miliage tax lavy for school operational funds before the people on the June 8 school election ballot.

Under the terms of the proposition which to

election ballot.

Under the terms of the proposition, which is presently boing checked by School Attorney Archie Leonard; 4.5 mils would be levied in 1953-54 and 2.5 would be levied from 1954 to 1955 inclusive.

levted in 1953-54 and 2.5 pound we levest cluster.

The School Board relt that the 4.5 mlf figure would be necessary to support the type of school program that, the people apparently each of the figure was arrived that a result of the county equalization valuation figure of \$21-158,674, which was released at a meeting of the Tax Allocation Board on Monday morning in Pontine.

It was pointed out that the mil
