THE MICHIGAN MIRROR

By GENE ALLEMAN

(Continued from Page Two)

this expenditure of \$159,100 for Deo Stadium at Houghton College of Mining and Technology, claiming that the money was desperately needed for medical aid for Michigan citizens, and should not be spent for such facetious items as ice rinks in north Michigan. Other efforts were made to reduce expenditures for libraries and other buildings at Michigan State College and the University of Michigan. But in the end, bills passed were very similar to what the Appropriations Committee recommended.

Usual objections from Wayne County are present when it comes to the localities where money is being spent. They point out that their area has greatest need for hospitals of all types. Still, bills about state distribution of tuberculosis hospitals, Detroit people claim they don't get a fair share of Michigan money considering the vast sums that are collected from Wayne and spent outside.

Much study was devoted, said members of the Senate Appropriation Committee, to the proposals they made and they stood behind them. Senator Don Yoder, western Michigan Republican, said that Houghton was the first college in the state to make much of ice hockey and that investigation showed the rink was an integral part of the recreation program. He also indicated that committee members were not surprised at attempts to reduce their appropriation plans, adding that it is much harder to try to improve a thing than it is to create it in the first place.

Memories of troubles at Jackson prison were recalled by the budget which allows a total of \$487,000 for that institution. Of this \$81,000 is earmarked to remodel Cell Block 9; \$32,000 to remodel a dining room; \$250,000 to remodel two floors of Cell Block 1. Mortgage would receive \$529,700 from the proposed budget, \$500,000 of which is designed to pay for the construction of 200 new cells at a total cost of \$950,000.

Other figures include \$600,000 for modernizing University Hospital in Ann Arbor; \$1,320,000 for libraries and roads for U. of M.; \$1,370,000 for a new library, new barns and storage space at MSU; \$55,000 improving facilities at Ferris Institute; \$169,200 (includes \$159,100 for the ice rink) for College of Mining and Technology in Houghton; \$500,000 for libraries and classrooms at Central Michigan College of Education in Kalamazoo; \$26,683 for water mains at Michigan State Normal; \$125,000 for the North-

ern Michigan College of Education improvements, and \$100,000 for a maintenance building at Western Michigan College of Education.

School for the Blind picked up what most people considered a well deserved boost when Senator Harold M. Ryan (D. Detroit) and Elmer R. Porter (R. Blissfield) called for and won \$125,000 to make the structure fireproof. About 140 blind children are housed in a four-story building which will be improved.

Detroit's Senator Ryan lost his fight last week to get a new children's hospital for Wayne University or in Northville. One million dollars was being appropriated for a new institution, which will cost \$2 million, for children needing psychiatric treatment. Debate grew bitter over this question with Senator Ryan stating that the state of Michigan didn't even need lobbyists to get whatever it wants from the Legislature. The senate voted to locate the hospital at Ann Arbor.

LUELLA G. PARTEE WINS SCHOLARSHIP IN CHEMISTRY

Recipients of undergraduate and graduate fellowships, scholarships and prizes in chemistry were announced by the University of Michigan's Department of Chemistry at a special Honors Convention last week.

Sixteen undergraduate and 16 graduate students were honored. Fifteen of the undergraduate awards were made possible through a fund established by the late Prof. Moses Gomberg to assist outstanding chemistry students.

Miss Luella G. Pardee, daughter of Mr. and Mrs. Charles Pardee of 32413 Northwestern, was the recipient of one of the Moses Gomberg Scholarships in Chemistry. The 16th award is made possible each year by a grant from Dr. Wesley Minnis, director of research for the National Aniline Division of the Allied Chemical and Dye Corporation. It is named in honor of his first wife, Nora Sauer Minnis, who as a former student of the National Aniline Division of the Allied Chemical and Dye Corporation, was a strong interest in University development.

The graduate honors include a National Science Foundation Fellowship, five awards from the Horace H. Rackham School of Graduate Studies and ten industrially sponsored fellowships.

Northville Optimist Club To Sponsor Horse Show

Prize lists and entry blanks are available for 5th annual Northville Junior Horse Show to be held Sunday, May 31, at the Northville Downs track.

Competition in 25 classes for all types of horses is open to beginner and junior horsemen from age 2 to 18, according to J. P. Mulloy, general chairman.

A featured event of the show will be the opening of the season's series of jumping competition for the low score championship between the Junior Equestrian Teams. These Junior Olympic Teams are now being organized.

The annual show is sponsored by the Northville Optimist Club for the benefit of underprivileged children and for youth work in the community.

Entry forms and prize lists may be secured from Mrs. Franklin C. Beeks, show secretary.

ROBERT HAMMOND SERVES IN HAWAII WITH U.S. NAVY

Robert Lee Hammond, airman apprentice, USNR, husband of the former Miss Marion Ruth Dunn of Farmington and son of Mr. and Mrs. Harrison Hammond of 22108 Gill Road, arrived in Hawaii recently for duty with Navy Air Transport Squadron Eight.

Hammond, a graduate of Farmington High School, enlisted in the Naval Reserve in early 1952. He was called to active duty in January, 1953, and received Recruit indoctrination at the Naval Training Center, Great Lakes, Illinois. On completion of recruit training, Hammond was assigned to duty with the unit, known as VR-8.

Hammond's wife, Marion Ruth, resides at 27520 Spring Valley Drive.

No doubt about it...

Chevrolet trucks must be the best buy!

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Load-master engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction. And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.
