ly so that tickets were sold and the raffle held before anything could be done. . . If anyone wanted to do anything!

Only solution, says the Attorney General's office, is for the Legislature to make new laws which would permit "charitable" gambling; make practical definitions about the other forms of lotteries and games of chance.

Feeling runs high on both sides of this argument. In the minds of some legislators, the harm done is more theoretical than practical. For these reasons, no one should be surprised if the Legislature is "too busy with more pressing matters" to consider the question at all.

"About 70,000 more children are starting school this year than last September," says Clair L. Taylor, superintendent of Michigan Department of Public Instruction.

Youngsters in school relieve mothers' worries during class hours, but the vastly increased number of them add up to a man-sized headache for school administrators in crowded areas.

Most difficult are encountered in lower grades of schools in metropolitan districts, those areas adjoining Detroit, Flint, Grand Rapids, Lansing and other cities.

Biggest educational problem is also in old one. Teachers and their salaries. Although pay in many areas is fair, average salary for all school teachers in Michigan is only \$2,900 per year.

Starting salary for untrained stenographers under state civil service, does not seem an amount to attract people into the teaching profession.

Financing schools will be more difficult, too. Mr. Taylor expects about \$185 million to be available for school districts this year. That is one million less than last year's \$186 million.

Michigan's 1,250,000 school children need 45,000 teachers (2,000 more than 1952). Flueared on a per capita basis, schools must operate on \$117 per year, a decrease of \$10 as compared to last year.

Residents must be prepared to hear more and more about education problems. This year's increase of 70,000 students is largely made up of children born since the close of World War II. They and friends are urged to attend.

mark the first part of an increase which is expected to swell each year. The meeting of this legislature is a primary concern of leading educators. Even now they point to the inadequacies of schools at all levels from kindergarten to college.

A new tax form will soon be in the mail. It will be sent to taxpayers and people taking in \$20,000 or more a year.

It concerns the first payment of the Business Receipts Tax which was enacted mid the year of closing days of the last Legislative session. The form is simple. It asks for only four figures: How much was taken in? How much is due? How much is the difference? How much is due?

paperman. But it was only one episode in the account of his 35 horrible months a captive of Communists. Reading Deane's story, I was reminded of a statement made by Matthew Cvetcic, the courageous American who spent nine years in the inner circle of Communism as a counter-spy for the FBI. "The Communists are mass murderers," Matt Cvetcic said. "They've killed 25,000,000 people in cold blood in China, and if they gain control in America they already have made plans to kill a still larger number of our citizens, men, women and children." Matt Cvetcic knows. He was one of them, in disguise, for nine years.

And yet people are hampering the efforts being made in this country to expose and stamp out this evil, godless, savage conspiracy which has infiltrated all phases of our nation's life, and which would destroy religion, constitutional government, and private ownership of property. In self defense we should outlaw Communism and all its front apparatus.

W. C. T. U. TO MEET

The Farmington Women's Christian Temperance Union will meet Tuesday, September 22, at the home of Mrs. Belle Williams at 45120 Grde Road, Plymouth. The meeting will begin with 12:30 p.m. pot luck dinner and all members and friends are urged to attend.

The first meeting of the 1953-54 year of the American Legion Auxiliary of Farmington was held Monday night at the Legion Home. Many new faces were seen and it made the newly installed officers very pleased to see such a good turnout.

First project on the agenda for the new year will be a bake sale to be held from 10:00 a.m. to 1:30 p.m. on Saturday, September 26, at Grimes Cleagers. Donations may be turned in to Hattie McFried, Treanna Quinn or Zella Nourjian, chairmen of the affair.

Those present were pleased to have a former member present after a long absence in the person of Mrs. Clarence Barber, who now lives in Roscommon.

Committees were chosen and projects given out for the coming year. Time does not permit a list of them this week, but they will be published next week so every one will have them for future reference.

The memberships are coming in fine with 71 members to date, but we have a long way to go to reach our quota. Dues for the new year are payable to any member of the Auxiliary.
