The Road To Health:

Oakland County Public Health Staff Informs Citizens Of Activity In Area

Public Health is everybody's responsibility. Your Oakland County Health Department nurses and sanitarians feel that it is their responsibility not only to keep you informed of their activities on your behalf, but also to make known to you ways and means by which you can make your contribution toward making the Farmington area a little healthier and safer place in which to work and live. Before introducing the various phases of health programs, the staff wishes to introduce themselves to the many thousands of persons whom they have not yet met.

There are two nurses in this area. Mrs. Lorna Hawley, working in the Clarencerville area, is a graduate of St. Vincent's Hospital School of Nursing, Erie, Pa., and Wayne University. Prior to coming to the Oakland County Health Department, Mrs. Hawley had Public Health experience with the Wayne County Health Department and Detroit Visiting Nurse Association. The nurse in Farmington is Helen Polkola, a graduate of Henry Ford Hospital School of Nursing and Wayne University. She came to the Health Department two years ago from Detroit with a substantial military background in preparation for more specialized training.

He entered the Army on August 5, 1952.

Visiting Nurse Association. Both nurses work on a cooperative program between the respective Boards of Education and the Health Department. They may be reached at the Royal Oak Branch office, Lincoln 1-3100.

Your sanitarian is Melvin Gudman, one of the more recent additions to the Sanitation Division of the County Health Department. He resides with his wife and three children in Pontiac. After graduation from the University of Massachusetts, he accepted a position with the U.S. Public Health Service. His next assignment took him to Kentucky where he was Training Supervisor with the State Health Department for 3½ years.

Since March of 1952 he has been the sanitarian for Farmington, Novi, Lyon and West Bloomfield townships. His headquarters are located in the County Medical Center, 15 W. Huron Street, Pontiac.

Reports to you will appear in this newspaper every other Thursday beginning with this issue. Your suggestions for topics as well as constructive criticism are welcomed. The next article will discuss disposal of sewage for the private home.

Looking Ahead

present worth and future earning power of every family in America. And the taxes, from 25 per cent on the lowest net income to 92 per cent on the highest, are taking from our private citizens the ability and incentive to invest in new or expanding enterprises. And if private citizens don't, the government will declare that it must — and we'll have Socialism.

There are other liabilities but the foregoing are the most dangerous. How can we everyday citizens cope with them? By understanding the American way of life, and Communism and Socialism; by understanding Communist propaganda techniques; by becoming active in government; by striving

Scout Leaders Plan Election November 9

There will be a combined meeting on Monday, November 9, at 8:00 p.m. at the Middlebelt School for the Farmington-Girl Scout Leaders and the annual association meeting.

Election of officers will be the main event of the evening. All leaders, co-leaders and committee women should make special effort to be present.

Honorees for the evening will be the Noble Army troops.

Members are asked to bring their questions for the question box.

Relatives of the community report that Mrs. Gerald Tescka (Shirley Addis), recently suffered a painful mishap. She was holding the family dog on a leash when the animal suddenly bolted throwing his mistress to the ground. Resulting head injuries made it necessary for a physician to take 15 stitches.

ing constantly for spiritual growth so that faith in God is our anchor and service to our fellow man our goal; and, finally, by dedicating a part of our everyday life to bringing these citizenship requirements to the attention of everybody we can reach.

ment paid \$150,000 and the state \$50,000.

Present organization of Michigan's National Guard consists of 144 units in 25 communities. General Moran believes 95% of the men live within 50 miles of a unit where they could enlist. He says that in several sections of the state many unit members drive that far to meetings.

Purposes of the Guard, says the General, are two-fold: to be ready for service as a unit in case of national emergency and to aid civil authorities in civil disaster.

"We have an obligation," he states, "to all our members — but particularly young men in the 17-35 year group." The General was referring to present draft law which exempts a man in this range if he has enlisted in a National Guard unit. Such youths are not drafted unless they miss five drill sessions in one year, or are discharged from the Guard for some other reason. "But it is our job to see that these Guardsmen receive training of a high caliber so they will be well prepared if they are called to active army duty," General Moran explains.
