### F.H.S. Seniors Rehearsing Play

In rehearsal for the November 21 Senior Play "Magnificent Obsession", these members of the cast are shown doing their best to make the production realistic. Carol Hanes, at the left, houses.

One of the highlights of the evening, held at St. Matthew's Lutheran Church, was the decision by the group to proceed with the formulation of a permanent organization. The incorporation committee, headed by Ralph Buff-

myer, was instructed to draft the necessary articles of incorporation and by-laws and present them to the group. Other members of the incorporation committee are Clifford Smart, Elmer Conrad, Ollie Serlet and David Conrad.

Dr. Harry Munson, Dr. MacKenzie's successor in Walled Lake, reported on his discussions with an architect in regard to the number and size of the various rooms needed in the proposed clinic.

Included in the tentative plans are a waiting room, eight examining rooms (including an emergency room), three offices, a laboratory, therapy room, X-ray room, and a bathroom for physical therapy and storage rooms. In view of this report, the committee established the tentative building cost at \$60,000.

Dr. Munson also emphasized the advantages of a clinic for the general Walled Lake area. First of all, he pointed out that it would encourage more doctors to practice in the area. This would insure more adequate care because a doctor would then be available for emergencies at any time.

The emergency room in the clinic would also permit quicker treatment.
