

Plan Bake Sale, Bazaar For Saturday

The Humane League and the Michigan Blind Sales will sponsor a bake sale and bazaar on Saturday, December 3, in the Carl Hall showroom at 3224 Grand River in Farmington.

The League was founded in 1915 for the purpose of aiding all homeless, lost, injured and unwanted dogs and cats.

Officials of the two organizations have reminded the public that patronage of the event on Saturday will help serve two worthy causes.

are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed. . . .

Read again this historic purpose of government — "to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed. . . ."

That says clearly that the purpose of government is to safeguard the citizens' unalienable rights — the right to life, the right to be free, and the right to pursue happiness in one's own way. When we examine our government today we see how far afield we have permitted it to go. It's now a dominant power in nearly every phase of our everyday life. Will we hold back its growth now — or will we permit it to go on until our personal liberty has evaporated?

America's presently programmed atomic energy plants will use a trinitite of coal in the form of electricity, every hour of every day of the year.
