POWER

TO HELP TO HEAL TO HOPE

Your dimes and dollars created the National Foundation for Infantile Paralysis - you make up its army of 80 million supporters and two million volunteers.

In 16 years, a powerful force for good has grown from a mere handful of men and women. Its power is yours.

The National Foundation has created the most extensive voluntary research program ever leveled at a single disease. It sustains a program of patient aid in which no polio victim goes without the best available care for lack of funds. It trains thousands of hospital and health workers.

And it will take more in '54 to keep this program rolling - because victory looms over the horizon. Show your faith. In the organization you have made -
