

Plans Progress For Mackenzie Memorial Clinic

Reach \$6,000 Mark
In Fund Solicitation

Mr. Elmer Conrad, chairman of the Dr. O. H. Mackenzie Memorial Clinic, announced this week that the state has granted the organization's request for incorporation as a non-profit foundation.

The charter for the clinic arrived recently and more information relative to the same will be given in the near future.

Mrs. Margaret Dennis, treasurer of the corporation, announced at a meeting of the board of directors, held Monday, January 12, that the cash on hand in the clinic fund now totals about \$5,000.00.

The total balance at the beginning of the year was \$5,145.95 and some contributions have been received in the past week to raise this total. This figure does not include unpaid pledges or pledges of labor and materials.

The board of directors com-

mended the ladies who have volunteered much time and effort in several plans to promote the clinic.

Most recent examples of the ladies' initiative was a take-off on December 18 and 19 under the direction of Nellie Carlson and a series of soup kitchens served by a group headed by Nunda Robertson.

The take-off netted \$358.25 and the luncheons have been growing in popularity and success. The next luncheon is scheduled for Tuesday, January 26, at noon at Stoneywell in Walled Lake.

Mr. Conrad announced that plans for a \$5 per plate dinner by the Veterans of Foreign Wars on Saturday, January 23, are being completed. The dinner will be held at the VFW Clubhouse to raise additional funds for the clinic.

These are available from any member of the VFW or Mackenzie Committee.

Jay Farley, chairman of the building committee, announced to the board of directors that plans for the clinic building are now on the drawing board, and that David Oeming, the architect, hopes to have the drawings completed soon.

The "Act to establish the Catholico-episcopalian or University of Michigania," of August 22, 1817, provided for "didactic or professional, of anthropoclesia, or literature, embracing all the epistemological or sciences relative to language."

Livonia Prepares Emergency Plan

Recent warnings from the Air Force that Detroit cannot expect more than a 45-minute air raid alert have prompted Livonia's Office of Civil Defense to plan the possible transformation of this city into a huge evacuation site.

Preparations are based on the assumption that the segn warning would prevent Detroit evacuates from getting beyond the metropolitan area suburbs.

With only a 45-minute alert, most of the Detroiters heading west would probably be in the Livonia area when the bombs hit, they believe.

Every home and commercial building in Livonia that might be used for emergency housing for refugees has been surveyed, they add.

"And we have plans that can convert Beaubien High School into an emergency hospital on a moment's notice," he added.

Doctors would be assigned there by the Wayne County Medical Society. The hospital also would be staffed by hundreds of Livonia citizens who have received medical service training.

According to Hay, enough medical and surgical supplies to care for 600 critically injured persons for a period up to 48 hours have been stored in Livonia's downtown.

"But this new approach doesn't mean that we're forgetting about our own responsibilities," Hay said. "If Detroit is attacked, it's highly possible that Livonia will be within the damaged area."

Air raid alarm instruments soon will be installed in the city hall, police department, and fire department. The alarms will alert Livonia to approaching enemy aircraft simultaneously with Detroit. Some 700 persons in Livonia have already received training as auxiliary policemen, auxiliary firemen, air raid wardens, and medical aid assistants.

Cpl. Jackie Pippin Spends Rest Leave In Japan

Army Corporal Jackie P. Pippin, son of Mr. and Mrs. William Pippin of 1469½ Carell, recently spent a seven-day rest and recuperation leave in Kobe, Japan.

Normally stationed in Korea with the 101st Ordnance Battalion, Pippin stayed at one of Japan's best resort hotels and enjoyed many luxuries unavailable on the war-torn peninsula.

Former Farmington Lady Celebrates 100th Birthday

Mrs. Phoebe Ross, who lived with her husband David in Farmington for many years, will celebrate her 100th birthday anniversary on Tuesday, January 13.

Mrs. Ross is now living at the Methodist Home in Chelsea, Michigan, where she has made her home for the past ten years.

The traditional 100th birthday party will be held at the Loretto Alumnae Auditorium in the Kresge Department Store in Detroit Saturday, January 16, at 1:00 p.m.

Mrs. Edwin P. Hard will be chairman of the reception committee. She will be assisted by Mrs. Raymond D. Gage, Mrs. Thomas Mermann and Mrs. Thomas Shen. All members and their guests have been invited to attend the party.

RED CROSS CLASS FOR GRAY LADIES TO START MONDAY

Oakland County Chapter, American Red Cross, will start a new course to train urgently-needed Gray Ladies Monday, January 13, at 3:30 p.m.

Mrs. W. C. Sprout of Birmingham, chapter's chairman of Gray Ladies, announced the first of four two-hour sessions will meet at the Red Cross Chapter house at 118 Franklin Boulevard, Pontiac, January 13. The next three sessions will start at 1:30 p.m. the following Mondays at Pontiac General Hospital.

Miss Lauretta Paul, hospital director, and Mrs. Helene Blecke, director of nursing, will help Mrs. Sprout teach the course.

"Any one who may sign up for Gray Lady training," Mrs. Sprout said, "We need them from everywhere."

Mrs. Sprout said many Gray Ladies are needed. Selfridge Air Force Base is using more and more in its hospital. Oakland County has been asked to furnish Gray Ladies for Dearborn Veterans Hospital for the first time in three years. The new Pontiac Orthopaedic Hospital has asked for

Gray Ladies; and many are needed at Pontiac General, as well. Anyone interested is invited to contact Red Cross chapter offices at Lincoln, 2-6700 or Federal 4-5775, or Mrs. Sprout, Midwest 4-6124, for further information.

It will take 720 coal miners, each working five days a week for 50 weeks, and mining an average of 6 tons of coal a day, to supply the 1,080,000 tons of coal a year to be consumed in a new power plant at Glasgow, W. Va.
