4 Continent Drivers To Invade MIS, May 20

Drivers from four continents will invade the Hills of Michigan on May 20 when they compete in the L&M Championship. North America, Europe, Africa and Australia will be represented making Michigan International Speedway's first 5000 race a truly international event. The European Continent will have the best representation with drivers from England and Sweden. Reine Wijk of Sweden, will share driving duties with teammate Brian Redman of England. Both drivers will be driving Lolas for Carl Haas and Jim Hall. England will also be represented by David Hobbs, who will drive a Lola for the Hager Slacks Team. Hobbs is no stranger to the L & M Championship, having won the title in 1971. He is probably best known by American race fans as a co-driver to Mark Donohue at Indy. Peter Gethin, also from the British Isles will drive a new Chevron B24, sponsored by the Marathon Oil Co. and owned by Doug Shierson of Adrian. In Europe, Gethin is known as "Mr. Formula 5000." Another Britisher, Derek Bell, will drive a McLaren which has been converted from a Formula 1 car. The African continent will have only Schaecker carrying its colors. Schaecker is considered by most as the most talented driver to come along in many years. He hails from South Africa and will be driving a factory prepared Trojan T-101. Frank Matich, of Australia, will try for the championship with a car of his own design. Matich tested his newly designed car by running in this year's Tasman Cup, a series for F/5000 cars in Australia and New Zealand. Also from down under is the 1972 Champion, Graham McRae of New Zealand. Like Matich, McRae will be driving a car of his design. He ran in this year's Tasman
