FARM BUREAU DISCUSSES PLANS FOR SPRING DANCE

The February meeting of the West Farmington Farm Bureau group was held on Tuesday, February 23, at the Fraser Halls home, 30 Haggerty Highway.

Following the opening of the meeting at 8:30 by Chairman Fraser Wadsworth, the group was held in singing by Mrs. Floyd Howard.

Minutes of the previous meeting were accepted as read and the treasurer's report was read and approved. Mrs. Wallace Williams furnished the duties of secretary, treasurer in the absence of Mrs. Paul Burton. Fourteen families and two guests were present.

Minute man Wendell Green gave a report on the meeting he had attended at Holly City.

A member, Sam Davis, was reported ill in St. Joseph's Hospital, in Pontiac.

Announcement was made of the Young Men's Committee meeting at the New Hudson fire hall on Tuesday, March 2. There being no new business, ideas of increasing attendance were asked for. The proposition of splitting the two groups was discussed. A committee was appointed to draft a letter and send a copy to all individual members urging attendance.

Plans for holding another one-night dance for the month of March were discussed. Arthur Fatche, Robin Green and Mrs. Donald Howard were appointed as a committee to help organize the dance and Norman Fraser Wadsworth requested that everyone in the group volunteer to help. Mr. Wallace Williams volunteered to procure the tickets and advertising.

Mr. Fatche and Mr. Wadsworth were to see about arranging for a hall in which to hold the dance.

Discussion leader Paul Burton was absent. Fraser Halls took over the discussion of the state plan to regulate the financing of drains within and between counties. The group was of the opinion that there should be a plan of state aid to relieve individuals from financial responsibilities.

The March meeting will be held at the home of Mr. and Mrs. Floyd Howard on Howard Road.

ROLLING DOWN THE RIVER

By Bob Kettler

Whenever we hear someone glibly say that a sinner they used to be before they saw the light wonder whether they are really repentant or merely boasting.

Like the fellow who brought his car in for a motor tune-up and was telling of the days when he would roar along the highways instead of stopping at the gas station now he says, "What he didn't know was that old Pappy Time was catching up with him and the guy with the sceptre didn't look so friendly any more."

Well, enough of that chit-chat, let's sell some cars. Studbaker's, for instance. They have everything you need except social security. These cars are most happy to sell and service, are fast, powerful, easy to drive, beautiful to look at, comfortable to ride in and instead of an old age pension, they're so economical that you can enjoy the money you save on gas and other operational expenses right now while you are young instead of waiting until you're sixty-five. Come in, we'll demonstrate.

We've been wondering lately whether we ever told you of the chap who owned an Irish setter. Every time the master made himself a late evening sandwich, the dog would drool all over the Irish setter's nose. To his friend's annoyance, the dog would pay the other day and asked him what had happened. Did the dog's habit force him to eat the midnight lunch. "Hello," he answered, "I just caught him to spit in the fireplace."

With the change of seasons practically upon us, we wonder how you've been treating the car of yours
