EDISON EMPLOYEE HEADS PROGRAM AT CLARENCEVILLE

The wonders of modern science were demonstrated at the March meeting of the Clarenceville P. T. A. by Mr. Fred Reedy, recognized as a leading authority on unusual lighting and its most recent developments. Mr. Reedy, who is a consultant in the Ultra Violet and Light Division of the Detroit Edison Company, described how light sources are used for crime detection, bacteria control, sun tanning and other purposes.

The Clarenceville Junior High chorus also contributed to the program with a few well-prepared selections under the direction of Cecilia Corefield.

In the ensuing business meeting, election of officers was held for the 1954-55 term. The new officers are as follows: president, Mrs. Kenneth Chappell; mother vice-president, Mrs. Marion Spencer; father vice-president, Mr. Richard Thibault; teacher vice-president, Mrs. William L. OLDS DEALER TO STAGE GALA SPRING SHOWING

Academy Awards Night, March 25, followed by a two-day Gala Spring Showing of new 1954 Oldsmobiles will be celebrated in this community under the auspices of Earl Vivier, it was announced this week.

Mr. Vivier said that his company plans to use dramatically with the recently-announced sponsorship by Oldsmobile of the national telecast and radio broadcast of "Oscar" presentations to Hollywood's foremost stars.

"Exceptional public interest attaches itself every year to the Academy Awards presentations," said the dealer. "Oldsmobile Division is cooperating with leading figures in the motion picture industry to bring this glamorous event into the homes of millions of Americans through television and radio. Between now and March 25 the popular question of the day will be, 'Who will win the Oscars?'"

"Our own part in the national event will be to serve as an up-to-the-minute local information center on the Academy Awards presentations and to conduct a Gala Spring Showing of glamorous new 1954 Oldsmobile models.

The glamor-packed Academy Awards presentations will be carried over 105 stations of the NBC-TV network and the full NBC radio network. Both the telecast and the broadcast will be from 10:30 p.m. to 12 midnight Eastern Standard Time and will be heard locally over WJL-TV and WJL-R.

"Academy Awards Night in Farmington will serve as a brilliant beginning for our record-setting spring sales drive," Reedy related. "On March 26 and 27 our Gala Spring Showing follows coincidental with a full-scale demonstration campaign. We are inviting motorists to inspect the Oldsmobile style-setters at their leisure — and then find out just how the 1954 version of the famous 'Rocket' engine outperforms last year's engine and at the same time gives approximately ten per cent better fuel economy."

Mrs. George Throne of Ypsilanti and Mrs. Loren Read of South Lyon were calling on their mother, Mrs. Austin Ault, on Brentwood Avenue last Wednesday morning.

High strength low alloy steels containing nickel along with other alloying elements are minimizing labor and expense in railroad applications. Besides their corrosion-resisting properties, these steels combine qualities such as ability to withstand shocks, bathing, piercing and abrasion.

The Look of Tomorrow lets you see better today

BUICK
the beautiful buy

NEVER before its introduction by Buick did you see a windshield like this on a standard-production automobile.

It comes from the experimental "dream cars" you may have seen pictured from time to time—but it's on every 1954 Buick today.

As you can see, this broadly arching sweep of glass adds new beauty and a definite look of tomorrow to the glamorous new Buick.

Even now, this stunning new windshield treatment gives you 19% more visibility—

because it pulls back the corners, lets you see as a pilot sees.

But there's a lot more than "dream car" windshields to the new-day 1954 Buicks.

For these are really new cars—with new bodies, new interiors, new ride features, new handling ease—and, above all, new record-high V8 horsepower.

Come in and look them over—sit in, sample and price one of these breath-taking new glamor Buicks. It's the only way to know what beautiful buys they are in every way.
