

Driver Training Movie Shown At Clarenceville

Monday, March 15, the Clarenceville High School presented a driver education assembly in the gymnasium. It was for students in grades nine through twelve. The assembly consisted of a movie called "And Then There Were Four," a film narrated by Jimmy Stewart. It showed five average citizens starting out from home in five different types of cars. In each one was the evidence of everyday dangers in driving. The object of the movie was to emphasize the need for good and careful driving.

Mr. Anthony Marra, who is one of the driver training instructors at Clarenceville, announced the film and gave some previous information in regard to the movie.

Music Dept. Sponsors Dance On March 19

Friday, March 19, the music department of Clarenceville High School, including the band and chorus, presented a dance in the gymnasium called the "Hop Night Club." The dance band supplied music and records were played during intermission.

A contest was carried on during the week to determine a "High C Mob" for the dance.

STUDENT COUNCIL RECEIVES REPORTS FROM LEAGUE

The Student Council met Wednesday, March 16, in the home-making department with President Edith Grace opening the meeting. Reports were given by the Student Council members who attended the Wayne-Oakland County League meeting in Brighton last week. The Council voted to have a second high school exchange day this year if the other schools in the league vote in the affirmative. The details of the exchange date will be in later issues.

The constitution of the Future Homemakers of America was read and approved by the Council. The sophomore dance of March 12 was evaluated as an enjoyable affair. The school assembly "Sound of the Air" was also evaluated at the meeting.

Council members have started a poster campaign to discourage the wearing of leeks to school and have in put forth by signs, and to improve the general appearance of boys.

The April Wayne-Oakland County League meeting will be held at Clarenceville. The following committees volunteered to make plans for the meeting. These plans will be submitted for approval at the next Council meeting. The student in committees are Catherine Barbes, Cynthia Beerholm, Bruce Morene, Beatie Roberts, Joan Satterbo, and Layford Wilson.

Although the United States was the most major country in the world to adopt worker's compensation laws, it now has more workers covered and receiving larger benefits than any country in the world. The first compensation law was put into effect in Germany in 1884 and it was not until 1911 that the first such law was upheld in the United States.

Senior Highlight

PATRICIA ANN STORTI

Her highlight is taking a bubble bath at the moment, has her radio tuned in on "Robin with Robin," reading her favorite magazine, "Seventeen," and her marriage set is settling on a board her father made especially for her, that stretches across the bath tub. What a life of leisure!

Being a close friend of hers, I went into her early decorated bedroom of chartreuse and purple. Clarenceville pennants were tacked on the walls, along with colorful ribbons, maps, and various favors from dances. Looking through her many scrapbooks, (she makes them for a hobby), I would like to relate to you what an exciting life she has led in her years of high school. Her name is Patricia Ann Storti. It says here in her Senior Album: Other statistics: eyes, blue-green; hair, light brown; height, 5' 8"; born, January 17, 1937; favorite color, red and purple; favorite food, fried chicken, cornflakes, and pepperoni hotcakes; most enjoyed sport, skiing, football, swimming and tennis. Say, this book gets more interesting as it goes on!

"Ring!" here goes the phone. "Say Pat, it's for you again!" Soon, after many splashes, she stroled to the phone, leaving wet footprints behind her, struggling that her feet were as people who insist on calling her while she is in the bath tub. And when her little sister Judy gets Pat's excuse and still missed up all the time. Her attitude changed when she heard Jim's voice on the phone, and after she hung up, she went gaily back to her bath, humming "Sweet Lady". So while she was finishing her bath, I went back to finish looking at her album.

"Hummm!" favorite teachers, Miss Cooke and Mr. Young. Her most liked classes are English, journalism and typing. Over on this page, headed "Honors and achievements," she has listed: secretary, treasurer of chorus for three years, Student Council treasurer, P. H. A. secretary, member of the debate club, yearbook co-editor, editor-in-chief of the Campus Krier, member of Quill and Scroll, participated in the class play, member of homecoming queen's court two years in succession, and her last but not least, she is captain of the varsity cheerleading squad. I take it she is a very active gal in activities, as well as a popular gal.

Fasten up for this senior, taking different visits to colleges for week ends, talking to Judy Gardner on the phone for hours, and her last but not least, she has attended many college dances in her senior year, and has Ray Anthony's autograph (which she treasures very much) from the J-Hop she attended at Michigan State College. She once told me "College students and life just fascinate me!"

As for fellas in her life, she has several listed, but Jim Hood ranks No. 1 at the moment. Joy Garbin, Judy Gardner, and Alice Waack rate tops for girl friends.

LYNN ELLWOOD SEATON

Who's this cute kid behind the soda fountain talking to Lynn Seaton, our senior highlight for this week? Before he started to leave, I heard him say he'd meet me at 9 p.m. I decided now would be as good a time as any to get some information I needed.

found that Lynn Ellwood Seaton was born December 4, 1935. He stands five feet eleven and one-half inches tall, weighs 150 pounds, and he has brown eyes and brown curly hair. Lynn told me he likes to see his favorite color, green, on his favorite girl, Margaret Baisi, whom he has been going steady with for six months.

A few more of Lynn's favorites are: TV, Dinah Shore; food, cheeseburgers and French fries; popular song, "Man With a Blue Job"; song, "Stardust"; vocalist, Joan James and the Four Lads. Some of the activities in which Lynn has been active are debate, league band and high school band. Lynn's future ambition is to be a dentist after graduation from high school.

Nickel is alloyed with steel, cast iron and many other metals to provide increased strength, longer life, and increased resistance to corrosion and heat.

CLARENCEVILLE PTA HEARS SPEAKER FROM EDISON

A meeting of the Clarenceville P. T. A. was held in the high school gym on Tuesday, March 16. The guest speaker was Mr. Fred Ready of the Detroit Edison Company. He demonstrated many sources and properties of light.

Election of officers for the next year was held. New officers are as follows: president, Mrs. Helen Chapel; vice-president, Roy Satterlee; father vice-president, Mr. Richard Thys; treasurer, Mr. Chalmers; and secretary, Mrs. William Smelt.

The special speaker for the meeting on April 20 will be Mrs. S. J. Farinel, who was born in China and lived there until the age of 18. She is the daughter of a missionary and the niece of former Governor Warren.

Open house will be held for everyone April 13 between 7:30 and 9:30 p.m.

C. H. S. Chorus Rates Superior At Festival

Wednesday, March 17, the Clarenceville High School chorus left for the Fourth District Festival, which was held at Michigan State Normal College at Ypsilanti.

The adjudicators were: Hayden Morgan from Michigan State Normal, Wayne Dunlap from Plymouth, and Maynard Kilen from the University of Michigan.

The songs which the chorus sang under the direction of Mrs. Gertie Corfield were "Deep River" and "Charlottown".

Uniform dress was worn by all of the students who took part in the festival.

One judge rated the group superior, and a vote of excellence was given twice.

Because of its toughness and resistance to abrasion, Ductile Iron is employed for agricultural plowshares, digger teeth, and handling and similar equipment.

Health Board Presents Assembly March 18

Thursday, March 18, Clarenceville students attended an assembly conducted by the Wayne County Board of Health. The program dealt with the importance of knowing the facts about tuberculosis, such as the symptoms and treatment of the disease. Mrs. Polly Remley, school nurse, introduced the speaker, who questioned students about the facts concerning TB.

Two movies were then shown, one being "Rodney" a story of an active teen-age boy who contracts TB and how he overcame the handicap. The other was a documentary movie on tuberculosis from a scientific standpoint.

Goodwill Industries' handicapped employees repaired 50,848 tons in 1953 which was one-third of the tons repaired by the Detroit Edison Company.
