## ART INSTITUTE HAS MOVIES, SHOW SET FOR CHILDREN

Puppets, movies, and a chance to sketch in the galleries are highlights of three Spring Vacation programs for young people scheduled for the week after Easter at the Detroit Institute of Arts.

Films suitable for children of all ages will be shown on Thursday, April 22, at 4 p.m. in the Lecture Hall. "Stories of Knights and Castles" will be told by Vivian M. Pike, assistant principal of the Thomas Houghton School, at 2 p.m. Friday, April 23, in the Lecture Hall and afterward youngsters will sketch in the museum galleries. Both are free of charge.

A puppet show, "Humplestilla-shka," produced by the Gary Jones Puppets, will be given at 2 p.m. and again at 4 p.m. on Saturday, April 24, in the Lecture Hall. Tickets must be obtained in advance at the Art Institute.

## Obituary

Fred C. Anderson  
Mr. Fred C. Anderson of 31725 Nine Mile Road, Farmington Township, died suddenly Monday morning, April 12.

Mr. Anderson was born May 8, 1909, in Marquette, Michigan, the son of Alfred and Amanda Jacobson. He attended the Marquette Public Schools and graduated from Northern Michigan College of Education. On December 25, 1935, he was united in marriage to Carol DuShane.

Mr. and Mrs. Anderson had lived in Farmington for the past five years, coming here from Detroit. Mr. Anderson was on the teaching staff at Custer School in Detroit. Mr. Anderson was held in the Thayer Funeral Home until Monday evening when his body was shipped to Marquette, Michigan. Funeral services will be held on Thursday afternoon from the Tonnella's Funeral Home in Marquette. Surviving besides his wife are one son, Neil, and two sisters, Mrs. Evelyn Kilmer of Traverse City and Miss Elsie Anderson of Detroit.

## Looking Ahead by DR. GEORGE S. BENSON.

(Continued from Page 2A)

and a lot of enthusiasm and enterprise. Any community in America has the factors necessary, or can develop the factors, for establishment of a new industry. Industry creates new wealth. And new wealth in a community lifts the per capita income. Chambers of Commerce and other organizations work at this constantly. But almost invariably it is a single individual in an organization who is largely responsible for getting the new industry, with its new pay roll and its enriching production.

Our nation today needs individual local efforts more than it needs anything else on earth. The trend throughout the world is toward huge centralized government—government that does all things for all people. The trend is robbing us of self-reliance at the grass roots, and thus is poisoning the wellspring of freedom. What can a citizen do? A citizen can pick a community need whose fulfillment has been handed to the state or federal government and bring the responsibility back home—where it belongs. Local self-government and local responsibility are the essence of the free way of life.

A carton of cheese is among the good things that come in small packages. Its white or golden contents include protein of the best quality, calcium for bones and teeth, and riboflavin of the vitamin B family. And when whole milk or cream is used, the cheese is a good source of vitamin A, phosphorus and fat.

A laugh to be joyous must flow from a joyous heart, for without kindness there can be no true joy.

## DECLINING 603 DIE FROM TB IN 1953, 5,643 NEW CASES

Michigan had a total of 603 deaths due to tuberculosis last year, and recorded 5,643 new cases, according to provisional figures from the State Health Department.

The sharp drop in the number of tuberculosis deaths, from 775 in 1952 to 603 in 1953, continues the nationwide pattern of decline in recent years. To a large degree, this gives testimony to the effectiveness of modern treatment.

In terms of death rate, this is approximately a 25 per cent decline—from 12 per 100,000 population to a provisional 8.8.

New cases dropped from 6,152 in 1952 to 5,643 in 1953. This is typical of recent new case records in Michigan, which present a picture of fluctuation from year to year, rather than decline.

For the past fifteen years, totals of new cases show frequent ups and downs, between a low of about 4,500 and a high of 6,500. The 1953 drop in cases probably does not signify a trend toward decline in the number of cases in Michigan's tuberculosis load.

## Rodeo Begins At Olympia Next Week, Runs 6 Days

A world championship rodeo will move into Olympia Stadium, Detroit, on April 29 for a six day stay, featuring many popular western television and movie stars, including El Toro, Don Diamond and Kit Carson.

Twenty-five varied events will be held with over 100 cowboys and cowgirls taking part. Matinee and evening shows will be presented daily.

Tickets can be purchased at the Olympia box office.

## Plan Special Episode On "This Is The Life" TV Show

Perhaps one of the most dynamic portrayals ever dramatized of Christ's last days on earth, the special Easter episode of TV's absorbing "This Is The Life" series, will be televised on WJMK-TV at 1:30 p.m. Easter Sunday, April 18.

A departure from "This Is The Life" stories that feature the modern day Fisher family, the special Easter episode centers around Thomas, the apostle who at first doubted Christ's resurrection. See—

Authentic Biblical settings, costumes and characterizations are used in this timely presentation.
