WEATHER CHANGES PRESENT FEEDING PROBLEM FOR DEER

Subzero weather across Michigan, following a period of melting snow, brought new trouble to Michigan's deer herd in April and aggravated the present touch-and-

chigan's useaggravated the present touching
go food problem.
"Some classes" of starved deer in
the western upper peninsula were
toported, first of the winter of
the northern area.

Cold temperatures after the
Cold temperatur

the morthern area.

The morthern area after the morthe

or the herd can be in more difficulties.

The million street of the herd can be in more difficulties.

The million in the lower pentrum was also worsened briefly by the cold weather. Continued reports of starring and weakened deer in the Million district year backed up by similar reports from Montmorency and Allengen Coparties.

A bear of Montmorency and Allengen Coparties.

A power of the Montmorency and Allengen Coparties.

ports from Montmorency and Ai-pean Countles.

A happy note, however, sparked most reports from below the Straits; deer seem to be ranging frely-in many areas. Game men say warm weather and a quick ("green-u)" could bring a sudden halt to starvation losses.

warded to the Fam District Offices for judging there.

Judges in the contest were City Manager James Tennant, Mrs. Kenneth Loomis, and Delos Hamilin.

Farmington Board

(Continued from Page One) to take the annual school census required in the General School Laws for the State of Michigan. The census will be taken during the last twenty days in May.

A recent letter received from the secretary of the Farmington Hills Subdivision, L. W. Beals, requesting that the school help share the cost of having the road oiled in front of the Ten Mile School was disgussed.

It was decided by the Board to make a request to the Oakland County Road Commission for oiling service or to have something for the service or to have something to the service or to have something to the service or to the service of the first of the service or to the service of the first of the service or to the service of the

Five bids were received for three new school buses to be add-ed in the school system and will now be studied by the school auth-orities.

The proposed school calendar for the 1954-55 school year was studied and approved as submitt-ed.

22019 Grand Rive

THEY'RE HERE AGIN!

Them ka ra-zy jelly bird eggs! Has anybody seen a jelly bird yet this year? We've got some other fancy candy eggs too—and egg coloring and a few cute little baskets yet. Course you'll need eggs and we'll have strictly fresh ones. We talked it over with the hens about all white ones and they said they'd give—so—we've in. Then what's Easter breakfast without either ham or bacon and eggs? Fer really good bacon there's our own hickory smoked fer 89c a lb. And of course ham. You can git a whole one fer 75c a lb., a slice from the center which ain't very chean, a butt end fer 79c a lb. or jest the shank fer 49c a lb., or one in a can. You name it and we'll have it. Fer slicin' cold seems like yuh gotta have a little cheese fer that ham on rye, so which do you like — sharp or mild? The sharp is 79c a.lb. and the mild is 59c a lb. Now if you want chicken we'll have 'em fresh dressed either fer fryin' or stewin'. With either ham or chicken a pineapple salad is mighty tasty, so how's about 2 cans of No. 2 sliced Defiance pineapple fer 69c. You know there's about 10 slices to each can and it's from Hawaii which is the best place to git pineapple from. Fer butter it's still Vlasic fer 59c a lb. Don't fengit to look over our specials in the big Defiance ad will you??
