

DR. MONROE TO GIVE REPORT ON POLIO VACCINE TRIALS

Dr. John D. Monroe will report on the progress of the Polio Vaccine Trials in an address before the annual dinner meeting of the Oakland County Chapter of the National Foundation for Infantile Paralysis Thursday, May 27. Election of officers also is scheduled for the event which will be held at Grace Lutheran Church on South Genesee Street, Pontiac.

Dr. Monroe is director of the county health department, which is conducting the vaccine test on 17,116 children in Oakland County schools. The project is sponsored by the National Foundation and financed with March of Dimes funds.

Chapter Chairman Pierre Delmonier of Farmington will preside. John H. Taylor of Birmingham heads the nominating committee which has submitted a slate for the executive committee and board of directors. Annual reports will be read.

The public is invited to attend.

Cub Pack 109 Holds Spring Festival May 21

A Spring Carnival was held at Middlebelt School May 21 to celebrate the past year of Cub Scouting for Pack 109. Highlights of the evening included the acceptance of an American flag, a gift from the American Legion Auxiliary, and the graduation of Whelo Scout Bill Harlow to Boy Scout Troop 35.

Four awards were presented at the carnival to Jerome Devan and Steven Heath with the Wolf award going to Danny Trudeau and a Robert pin to Raymond Dryden. Jerry Rodalaco, Troop 110, was presented with a Den Chief's cord for Den 4.

The carnival, arranged by Cubmaster Kenneth Lachman and the Pack Committee, featured displays of craftswork and games, with popcorn, candy and pop for refreshments.

SMALL PRY PICNIC TABLES

Leonard A. Bierlein, manager of the Brighton recreation area, decided the regular picnic tables were probably too big and not very comfortable for young fry. He and his crew gathered some scrap lumber and built four junior-size tables for use in the area this summer.

SPED AND ALCOHOL CAUSE OF MANY HIGHWAY DEATHS

Excessive speed and alcohol will be responsible for 210 of the predicted 356 highway accident deaths in the country during the three-day Memorial Day week end, according to the Association of Casualty and Surety Companies.

Figures indicate that 126 persons will die in speeding accidents and 84 more, both motorists and pedestrians, will die because of excessive use of alcohol.

Other main causes contributing to the 356-victim total are expected to include: failure to keep to the right of the center line, 28 victims; failure to observe the right of way, 27 victims; and over-fatigue or sleeping at the wheel, 24 victims.

The predictions are based on "a conservative expansion of the accident rates of three-day Memorial Day holidays in the past," according to the report.

Goodwill Trucks To Make Area Pickups June 7

Goodwill trucks will be in Farmington Monday, June 7, to pick up discarded, Mrs. Lora Ault, local Goodwill representative, reminds residents. Pick-ups at the door may be arranged by calling Miss Ault at Farmington 1461-M.

To help people better understand Goodwill's program of aiding the handicapped, it has been arranged to have representatives speak at church, club and other social and civic groups in the area. A speaker and interesting Kodachrome slides afford a graphic illustration of how handicapped workers renovate discarded and rebuild them.

Any group wishing to see the program may do so by contacting Goodwill Public Relations Department, 6522 Brush, Detroit 2.

The U. S. bituminous coal industry in 1953 spent an estimated \$500 million for new equipment and operating supplies.

This 200-horsepower Buick Century is the Riviera — the hardtop model that's taking America by storm.

Live wire that really looks it

(One reason why Buick is such a big success this year!)

ITS sports-car lines tell you there's life and spirit here enough for any man. Even standing still this glamor car looks alive.

And that look-of-tomorrow styling that's part and parcel of every new Buick—that sweeping panoramic windshield with the dream-car slant—all that says there's action here, and plenty of it.

But just note the name "CENTURY" emblazoned on its rear fender, and you can take it as gospel that this is a performance car of the very first water.

It's the liveliest of the live wires—the highest-voltage Buick in the line.

It is instant on getaway, a joy in cruising, a breeze on hills—and a honey of a friend in the added safety of its plenty reserve power always on hand for sudden needs.

It is, in fact, a 200-horsepower performance car, and priced far below it—the highest-powered car at its price in the land.

With this great-powered good-looker setting the pace—and with equally impressive SPECIALS, SUPERS and ROADMASTERS adding to the excitement—is it any wonder Buick today is outselling every other car

in America except two of the so-called "low-price three"?

Come in and try one of these gorgeous new Buicks. With the prices we're quoting, you can make the buy of the year this very week.

ENJOY SOFT WATER THE SERVICE WAY

It's trouble free—No worries on your part—We make the initial investment. We assume the problem of regeneration. We assume all maintenance costs. All this for a small monthly service fee—just like your electricity, gas or telephone facilities—

Compare these advantages with owning your own—

- Consider the initial investment.
- Consider the depreciation.
- Consider the interest and finance charges, even though they are hidden.
- Consider the regeneration problem.
- Consider the cost of salt and trouble to haul it in.
- Consider the cost of repairs and maintenance when "it" doesn't work.
- Consider the cost of replacing mineral.
- Consider the importance of thorough sterilization.
- Consider water supply and cost of water for regeneration.
- Consider how you will dispose of the salt brine from regeneration. (Dump it on your lawn? In septic tank? Please don't!)
