Care At Beach Urged To Decrease High Number Of Deaths By Drowning

Planning on visiting the beach this weekend? If you do, the Health Department advises to take extra care when swimming, boating or even when the children are wading. Summer vacationers often forget that water can be dangerous. Yet, records on file in the Michigan Department of Health show there were 209 drowning deaths in Michigan in 1953. Of these, 11 were water craft accidents and the remaining 198 were drownings.

PARTIAL ECLIPSE OF MOON WILL OCCUR THURSDAY, JULY 15

A partial eclipse of the moon leads the list of astronomical attractions for July, according to Hazel M. Lohd, University of Michigan associate professor of astronomy. Professor Lohd points out that the eclipse will be visible from the United States on June 29, and again on July 15, 1954.

She adds that there are two types of eclipses, solar, as the moon's shadow falls on the earth, and lunar, as the earth's shadow falls on the moon. An eclipse of the sun occurs only at new moon phase when the moon passes directly between the earth and sun, putting the three objects in a straight line.

The lunar eclipse will begin at 8:09 p.m. July 15, before the moon rises over the horizon. It will end at 8:41 p.m.

Sergeant Paul Horie Stationed In Detroit

Sgt. Paul O. Horie, son of Mr. and Mrs. William Horie, 15040 Middlebelt Road in Livonia, is now serving with the 99th Anti-Aircraft Artillery Gun Battalion in Detroit, the Army disclosed. A supply sergeant in the battalion, Horie entered the Army in February of 1952 and was stationed at Fort Riley, Kansas, prior to his present assignment.

PENNY SAVED NOT ALWAYS A PENNY EARNED NOWDAYS

This famous quotation is usually attributed to Benjamin Franklin's "Poor Richard's Almanac" and honored accordingly. This is as it should be, for old Ben certainly was a wise one and could coin a phrase with much truth in it. Some of his lesser known ones undoubtedly should be repeated just as frequently. Such as, "A little house well filled, a little farm well tilled, and a little wife well visited, are great riches."

But to return to the original subject: A penny saved is a penny earned. There is no doubt of this. At six per cent compound interest, \$100 put in a savings account today will grow to \$200 in 12 years and to \$400 in 24 years. Money earning six per cent compound interest will double every 12 years.

In 120 years the original \$100 will have grown to over \$102,000. This even beats chain doctors as a way of getting rich, and it has it all over working for a living. There are a couple of hitches to this, of course, as far as you or your family who has \$100 in the bank? And second, who can afford to wait around for 120 years? Nothing is perfect in this world, it seems.

And then prices of goods change too, and it seems as though they always go up and rarely come down. This poses a problem for the saver. Some people bought war bonds in 1940 for \$18.75. In 1950 they got \$25 back, but this \$25 could buy only as many groceries as about \$14 could buy back in 1940.

They had waited ten years and then couldn't buy as much with the \$25 they got back as they could with the original \$18.75 they had saved. If they had bought common stocks or real estate or something else that goes up in price along with the prices of the things they buy, they would have been better off in 1950. But then they would have run the great risk that the things they put their savings in might have gone down in value, and thereby wiped out their savings!

So remember, if you have the money to save, if you can leave it alone and wait for the earning to occur over the years, and if you can find just the right place into which to put your savings, then old Ben was right — a penny saved is a penny earned.

Every tomorrow has two handles. We can take hold of it with the handle of anxiety or the handle of faith.

Sliding Doors Attractive Hung Outside The Wall

You don't have to tear out a wall to hang a sliding door. Instead, the door is hung from the wall. The track should be hung just far enough out from the face of the wall so that the door will slide easily but will not leave a wide crack between the door and wall when closed, reminds the Household Magazine. To conceal the track, install a 6-inch valance board in front.

Sergeant William Goers With Engineers In Korea

Sgt. William J. Goers, son of Mr. and Mrs. Chevon Goers of 24116 Roosevelt Street, now stationed in Korea, is serving as a personnel administrative supervisor in the 378th Engineer Battalion. This unit is now busily engaged in constructing buildings, roads and bridges as part of a revitalization program for South Korea.

Money on Wheels
 —and only \$2255.00* buys it!
 And get this — That's the local delivered price of the New Buick Special V8
2-DOOR, 6-PASSENGER SEDAN Model 48D (Illustrated)
 HAVE you been thinking you can't afford a new Buick? Listen: If you can afford any new car, you can afford a Buick — and we boldly show our price here to prove it.
 Look again, and you'll see that this is the local delivered price of the new Buick SPECIAL 2-door, 6-passenger Sedan. Compare, and you'll learn that this price is just a few dollars away from those of the so-called "low-price three."
 But — dig a little deeper if you want the real clincher. That's when you find that those few dollars more you pay for a Buick buy you a lot more automobile.
 They buy a whale of a lot more power — Buick V8 power — plus the new economy of Power-Head combustion. They buy a lot more luxury and comfort and solidity — more room, more glass area, more frame strength, more tread width, more ride steadiness — including the million dollar "feel" of all-coil springing and torque-tube stability.
 They buy, too, the most advanced styling of the times, and the great panoramic windshield, and the surety that such fresh-looking beauty will stay in the style parade for seasons to come. (That means a better deal for you come resale time.)
 Is it any wonder, then, that Buick now outsells all other cars in America except two of the so-called "low-price three"?
 Come in for a demonstration — this week, for sure. And learn, in the doing, what a big trade-in allowance our volume sales can bring you.
