Spoils In Summer

The food prepared for your community supper or picnic may be a hazard to health — if you fail to take proper precautions against spoilage.

It's the "stewed" chicken that stands in its broth on the kitchen table, or the stuffed hard-boiled eggs that waited several hours in the picnic basket, or the unrefrigerated cream-filled or custard-filled cakes or pastries that are most apt to spoil.

Cooked food accounts for most cases of food poisoning in hot summer weather, reports Freda Bennett, home demonstration agent for Oakland County.

Though thorough cooking destroys most bacteria, it does not protect food against later contamination and then spoilage. In fact, cooking makes many foods, and particularly protein foods, more soft and moist for easier growth of bacteria.

For safety, Mrs. Bennett advises that you chill food as promptly as possible after cooking and keep it at 46 degrees or colder until served, or until reheated for serving.

Nowadays when so many people use frozen cooked dishes, care must be taken against spoilage during thawing. If food takes as many as three or four hours to thaw at room temperature, there may be spoilage. For each hour thawing in the refrigerator is advisable.

SPORTSWEAR THIS
FALL WILL STRESS
THREE FEATURES

Coordination, washability and costume separates are the three main features the young sports-wear this fall.

Two-piece, very important in skirts, have a new appearance. Colorful nubs on knee-length, diagonals and on a few herringbone add weight to the fabrics. Predominantly in greys, browns, greens and navy, these nubs shine forth in bright colors, newest of which is burnt orange, used glowingly on brown.

Washable wool and cotton knit blouses are evolved to pick up one of the colors of the skirt nubs, slubs, clips or bands. Often a touch of the skirt fabric itself is brought to the collar or cuffs of the blouse.

Skirt silhouettes vary with size ranges. Straightline separate skirts are favored for the subteen and teen-aged. Inverted back pleats, adaptations of the English walker and skirts with released pleats near the hemline are strongest in straight styles. In the 7 to 11 range, skirts with modified flares, circular and tiered lines are important.

Box jackets and classic blazers vie with modified Eisenhower types for attention. Knitted cuffs, and sometimes knitted necklines, are common to boxy and Eisenhower styles.

Local Residents Make Fishing Catch In Florida

Farmington residents, on a recent fishing excursion in waters near Fort Lauderdale, Florida, proudly display their catch of 11 snappers and king snappers. Members of the fishing party and ship's crew pictured above are, left to right: Mrs. Harry Martin, Deborah; Mrs. and Mr. T. Giers, Farmington; Bonnie Telle, ship's mate; Harry Martin, Deborah; Gus Lamborn, captain of the ship "Tuna"; and James Champagne, Mrs. Earl Harrison and Mrs. Champagne, all of Farmington.

Emergency Polio
Drive Scheduled

The staggering costs of patient care and a two point polio prevention program have created a crisis that only an emergency March of Dimes can solve, Carl W. Donelson, chairman of the Oakland County Chapter of the National Foundation for Infantile Paralysis, declared this week.

This is why a special drive has been set for August 16 - 31 in Oakland County, Donelson said. Canisters are to be distributed throughout the county by the drivers of the Coca Cola Company, a March of Dimes mail appeal is being sent to county residents, and community National Foundation directors are planning special events for funds to aid in this emergency polio drive.

Nationally and locally, March of Dimes funds are exhausted. Our local chapter, already this year has paid patient care bills amounting to over \$65,000 for county residents stricken with polio in 1953 and previous years. 17,133 Oakland County school children participated in the polio vaccine trial this spring at a cost of approximately \$225,000 to the National Foundation. No one in Oakland County would want to see the patient aid program jeopardized or our polio vaccine trial evaluation come to a halt. The Oakland County Chapter officials are confident the needed funds will be secured through this emergency drive.

Contributions may be sent directly to the Oakland County Chapter office, 75 W. Huron St., Pontiac, Michigan.

When canning by the hot-water method, start counting time as soon as the water is boiling briskly. Keep it boiling briskly as long as the time-table recommends for the particular food you are canning.

Townline News
Mrs. Frazer Hults

James Hill and Royal McCormick left Saturday for Camp Grayling where they will undergo two weeks of training with the Michigan National Guard.

Mr. and Mrs. Wallace Williams left Friday for a ten day vacation in northern Michigan. They will stop off at Alpena and Manistee to visit friends.

Mrs. A. W. Bidwell and son Albert spent the week end at Gladwin with Mr. and Mrs. J. E. Malash. Mr. Bidwell was at Millington over the week end attending a reunion of the 32nd Red Arrow Infantry Division.

Mr. and Mrs. Lyman Bush and children, David, Paul and Kathleen, were at Inlay City on Sunday as guests of Mrs. Bush's parents, Mr. and Mrs. Frank Huber. David remained for a two week visit.

Algie Burkette of Detroit is convalescing at the home of his sister, Mrs. Mary Prokopp, following treatment at Detroit Receiving Hospital. Week end guests of Mrs. Prokopp were Mr. and Mrs. Stewart DeLoon of Tecumseh.

Alfred Seallons, who lives at the home of his cousin, Mrs. Mary Prokopp, has been called to Ripley, Tennessee, by the serious illness of his father.

Mr. and Mrs. Raymond Seeley and children are enjoying a two week vacation with Mrs. Seeley's parents in Minnesota.

PICNIC AT WHITEHALL
Around 175 persons were present Saturday afternoon for a picnic at the Whitehall Convalescent Home. An enjoyable time was had by patients and their families attending the picnic.

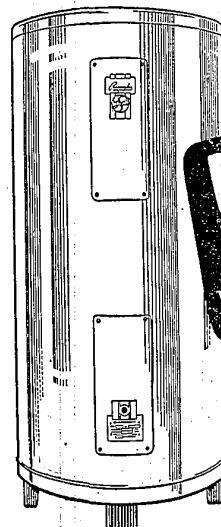

Consumption of coal by U. S. electric utilities in the first six months of this year showed a rise over the same period in 1953.

When Commander Richard Dyrd made his trip to the North Pole in 1926, his ship, the "Chantier," was fueled by West Virginia coal.

East Novi School Group
Holds Anniversary Party

A 30th anniversary reunion of the East Novi School District was held Saturday at the home of Mrs. John Cox of 22131 Springbrook and Mrs. James Lapham of Hagerly Road.

Following a picnic dinner on the Lapham lawn, a short business meeting was held with officers being elected for the coming year. Mrs. Lula Becker Going of Pontiac was elected president with Earl Banks of Eleven Mile Road being named as vice-president and Mrs. James Lapham as secretary-treasurer.

Guests were present from Clare, Ypsilanti, Pontiac, Detroit, Milford, Northville, Novi and Farmington.

Mr. and Mrs. Wesley Dawson of Ypsilanti invited the group to meet next year at their home.

New underground bituminous coal mines planned in development or opened in the U. S. last year have a total planned daily capacity of 15,550 tons.
