### Subdivision Gets Sewage Estimates

Under the auspices of Hubbel, Roth and Clark, prominent con-sulting engineering firm, prelim-inary plans, and rost estimates have been submitted to Franklin

# inary plans and cost estimates have been submitted to Franklin Knolls Subdivision for a complete swage system and disposal plant. It was disclosed this week. The program met with over-with the subdivision. Hons and figures were submit-ted following the recent creation of a searce district in the north-cast section of Farmington Town-ship and the southeast section of West Bioomfield Township under the supervision of County Drain Commissioner Albert Main. Paral Iman, chairman of the Franklin Knolls sewards make Cambrid the structure to one to suburban development in south-castern Oakhand County. He also taited that the excellent progress on the project to date would not append the comparison and the specific of the County Drain Coun-lington duration of the two out on the specific of the County Drain Coun-mission and the two townships

FREIDAY EVENTING Fire entry triday evening dus-ed minor damage to the home of Mara Argusta Danforth, 23409 Sherwood Street. The City Fire Department ans-wered the call at approximately 5:30 pm. According to reports, the fire apparently started from an over-heated smoke stack. A portion of the interior wall and eeiling was burned and there was some smoke damage.
