## Our Town Makes Good in New York City

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in *The Clarion's* office.

"We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.'"

"That's why we 'adopted' your town, and got all the news we subscribed to *The Clarion*. Now we have a 'back home' to talk about—and we think it's the most wonderful town there is."

From where I sit, just about everyone thinks his own home town is 'best. Picking your town comes natural. The right to do this "picking," though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage—say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!
