# THE 1955 BUICK New thriller in Style-Power-<u>Performance</u> WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

BRIGHT NEW FRESHNESS greets A your eyes and tells you: Buick's done it again.

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole foreand-aft newness of fleet-lined grace that marks Buick the beauty thrill

### New horsepower-up to 236

You learn more when you get the power story. Up to new peaks go the horsepowers of every Buick V8 engine a walloping 188 hp in the low-price Special - a mighty 236 hp in the Century, Super and Roadmaster.

And it's new, more responsive, far abler power you can literally feel as vou go.

But even bigger Buick news for 1955

is something more than style and power. It's what the "variable pitch propeller" now has done for Dynaflow

### Up goes performance and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air-you cut down your take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflow unit. But they're engineered to swivel or change their "pitch" just like plane propellers—and with the same result: one pitch for getaway, another pitch for gas saving fuel efficiency.

And what you get in the way of instantaneous safety-surge with absolute smoothness, you can only believe when you feel it.

### This you have to try

Of course, we want you to come and see the trend-setting new Buicks—look into the betterments in gasoline mileage that add new thrift to these spectacular cars.

But this year, "seeing" is only the beginning. So - while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

\*Standard on Roadmaster, optional at extra cost on other
