

Named To N.F.I.P. County Office

At a meeting of the Oakland County Chapter of the National Foundation for Infantile Paralysis held in Pontiac on Wednesday, May 18, officers for the chapter's executive committee were elected.

All incumbents were re-elected, including Mrs. James Little of Farmington Road. Mrs. Little will again serve as assistant treasurer of the group.

Elected to serve on the chapter's board of directors from the Farmington area were Mrs. Joseph LeVre, Edward Hohler, Mrs. Howard Legg, Mrs. James Little, Mrs. M. Stevens and John Hall. Mrs. Vernon L. Hawley and Mrs. Nelson Vanderhugh were chosen as directors from the Clareville area.

WALLED LAKE B.P.W. HOLDS STYLE SHOW, CARD PARTY MAY 23

A style show and card party was sponsored by the Wall Lake Business and Professional Women's Club on Monday, May 23, as the club's first money-raising project. The club, organized in December by the Farmington B.P.W., is tentatively considering a Well Baby Clinic at Wall Lake as its first enterprise.

Angela Calvert was general chairman of the evening event, held at the Wall Lake Elementary School. Election of officers was held at the club's May 9 meeting with Margaret Christensen named president. Marjorie Martin and Ruth Stock were elected as first and second vice-presidents, respectively. Jeannette Lokuta, recording secretary; Darlene Heis, corresponding secretary; and Eve Koplez, treasurer. Installation will be held at a meeting on June 13.

CONSTRUCTION of the new Our Lady of Sorrows High School on Powers Road just north of the present church and elementary school site is now well under way. Shown above is a portion of the 20-classroom building now completed. The modern school is being built as a tri-level structure and when completed will provide rooms and accommodations for approximately 400 students. It is anticipated that the new school will be ready for partial occupancy by the start of school in September.

-- Sincerely Yours --

Letters submitted to the Editor for publication must be signed. Opinions expressed in this column are those of the writer and do not necessarily represent the policies of this newspaper.

Dear Sirs: You sure made me feel good when I opened the paper this morning and read the fine report in your opinion, it is certainly a project that is well worth while. From the enthusiastic support that we received from you, the School Board, Mike Berling, Bob Lindbert and many others, there are many of us who deem safe driving for teenagers, for all of us, for that matter, very important. The project, now that it is started, will, I believe, grow and become another link in the civic well-being of the community.

As I am about to retire as president of the Jaycees in the near future, I would like to thank the paper for the fine cooperation we have received in our projects this past year. In some cases,

your stories have been the key to the success of a whole project. The Farmington Enterprise is held in high regard by the Jaycees and your work has been of great assistance in carrying out our program this year.

Yours truly,
Bob Clarke,
President, Jaycees

Red Cross First Aid Course Set June 6-10

Enrollment is still open for the first aid instructor-training course to be given June 6 through 10 by Oakland County Chapter of American Red Cross.

Classes will be held from 7 to 10 p.m. at the Chapter House, 115 Franklin Boulevard, Pontiac. The course will be taught by Evan Thompson, director of safety service for American Red Cross in North Dakota.

With the increase in the dial system of telephoning has come a steady increase in employment of telephone operators so that there are 8 today for every 5 in 1940, according to the Council for Technological Advancement.

John Kytola To Receive Degree

John William Kytola, son of Mr. and Mrs. Walter K. Kytola, 20035 Milburn, Livonia, will graduate from the Michigan College of Mining and Technology at the commencement exercises Sunday, June 5.

Michigan Tech will confer 214 bachelors' and 19 advanced degrees in 14 fields of science and technology at the ceremonies.

Kytola will receive the B.S. degree in mechanical engineering. Active on the campus, he was a member of the student chapter of the American Society of Mechanical Engineers and during his senior year he received an award as the outstanding mechanical engineering student on campus from this organization. Kytola was also active in the Independent Club, Gamma Delta, Tau Beta Pi, an honorary national engineering fraternity, and the student branch of the Society of American Military Engineers. In addition, he was a member of the Tech Military Council, for which he served as president during his senior year.

Kytola is married to the former Beverly Shaw; he is a graduate of the Clareville High School.

By the congressional charter granted the American Red Cross in 1905, all Red Cross accounts are audited by the Defense Department of the United States Government.

Pfc. Charles Bender Spends Leave In Japan

Pfc. Charles W. Bender, 18, son of Glen Bender, 30448 Shiloh, Farmington, recently spent a week's leave in Tokyo from his unit in Korea.

Bender, assigned to the 95th Ordnance Ammunition Renovation Detachment, has been overseas seven months. Before entering the Army in April, 1954, he was a spray painter for Quigley Machine Products.

CHRISTIAN SCIENCE

Divine healing which casts out evil and restores harmony on the basis of God's unfailing power and goodness will be set forth at Christian Science services this Sunday.

The Lesson - Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" will include the account of healing as recorded in The Acts of the Apostles (5:12 to 16).

Also stressing the practical power of Christian healing will be passages to be read from "Science and Health with Key to the Scriptures."

Light reflected from a colored surface is modified by the color of the surface. In a room where considerable light is reflected from a greenish-yellow ceiling, flesh tones will have a sallow cast. An orange-yellow ceiling of the same reflection will give more flattering results, say M.S.C. Home Economists.

Your kitchen stays cleaner longer when you cook electrically!

What's nicer than walking into a newly decorated kitchen? There's a lift to just looking at the sparkling colors, the crisp new curtains. If things would only stay that way . . .

They can—a lot longer than you think. The secret's in switching to electric cooking. It's clean as electric light! Pot and pan bottoms stay smudge-free, too.
