

CONDUCT CHILD SAFETY PROJECT IN CVILLE SCHOOLS

A new safety project was recently undertaken in the elementary schools of the Clarenceville School District. The purpose of the project was to help instruct children in the lower grades to protect themselves from being molested by strangers.

The project started with the showing of a movie of the dangers which they might look for in being confronted by strangers. A set of rules was then sent home with each child, to be read to them by their parents. It was then left up to the parents to see that their children fully understood the rules and followed them.

1. Never let strangers touch or fuss with your clothing.
2. Take a pal along when you go to the playgrounds, movies, or stores.
3. Never accept rides from persons you do not know.
4. Never take money or treats from any stranger.
5. Never go with strangers to show the way when they ask directions.
6. Never go with strangers who offer you a job with pay.
7. Never play alone in alleys or deserted buildings.
8. Never wait around comfort stations. Always leave immediately.

LEGAL NOTICES

NOTICE OF ADJOURNMENT OF FINAL ACTION ON ORDINANCE C-45-56 KNOWN AS ZONING ORDINANCE

Notice is hereby given that final consideration and action to be taken on the Zoning Ordinance introduced at Council Meeting on January 26, 1956, has been adjourned to and will be taken up at a meeting of the Council to be held on February 9, 1956, at 8:00 p.m. in the Municipal Building, City of Farmington, Michigan, has been adjourned from February 15 to February 23 meeting.

Robert B. Lindbert Mayor

COUNCIL PROCEEDINGS

Regular meeting of the Council of the City of Farmington was held February 6, 1956.

Meeting was called to order at 8:00 p.m. by Mayor Lindbert.

Minutes of meeting held January 23, 1956, and special meeting of January 30, 1956, were read and approved.

Communications and reports were read and placed on file.

Motion by Chapman and supported by Calkins that the City Clerk acknowledge receipt of applications for permits in his position. Motion carried, all yeas.

Date to review applications to be set later.

A Special Meeting was set for February 17, 1956, at 8:00 p.m. in the Municipal Building, to discuss off-street parking with a group of business people.

Bids on police car were received and placed on file.

Motion made by Calkins and supported by Chapman that the two lowest bidders to submit credit on installing one standard transmission with Power Pack and two standard transmissions without Power Pack. Motion carried, all yeas.

Motion made by Lindbert and supported by Chapman that the quotation, number H95118 on Chronoflo certified that the William A. DeLee Co. submit a supplementary letter verifying their quoted prices. Motion carried, all yeas.

A resolution was made by Lindbert and supported by Bates to the City Manager directing him to prepare a report which shall include necessary plans, specifications, and detailed estimates of the cost, extent and necessity of the improvement, a description of the assessment district or districts, and such other pertinent information as will permit the Council to decide the cost, extent and necessity of the proposed paving of Alta Loma Street from Farmington Road to East boundary of Alta Loma Park Subdivision and what part or portion thereof should be paid by the City at large. Motion carried, all yeas.

Motion made by Chapman and supported by Calkins that the City Manager be directed to prepare a report which shall include necessary plans, specifications and detailed estimates of cost, an estimate of the life of the improvement, a description of the assessment district, and such other pertinent information as will permit the Council to decide the cost, extent and necessity of the proposed paving of Alta Loma Street from Farmington Road to East boundary of Alta Loma Park Subdivision and what part or portion thereof should be paid by the City at large. Motion carried, all yeas.

Motion made by Chapman and supported by Calkins that the City Manager secure bids for Sewer Cleaning Equipment. Motion carried, all yeas.

Mr. Towne of Doubleday Bros. displayed a voting machine sample and explained the advantages of using machine voting.

Motion made by Chapman and supported by Calkins that discussion of voting machines be tabled until next regular Council Meeting. Motion carried, all yeas.

Mr. Chapman advised the Council that serious consideration should be given to recreational needs for the City of Farmington when the new budget is accepted.

Motion made by Chapman and supported by Bates that meeting be adjourned. Motion carried.

Meeting adjourned at 11:40 p.m.

Ed. B. Lindbert, Mayor Treanna Clark, Acting Clerk

Edgewood School Room Opened For Basketball

The multi-purpose room at the Edgewood School is now open for basketball play each Saturday morning it was disclosed by Clarenceville school officials last week.

The room will be open from 9:30 to 11:30 a.m. with Matthew Carson acting as recreation leader in the building. Adult recreation basketball is held at the Clarenceville High School from 7 to 10 p.m. on Wednesdays and on Thursdays evening teams compete in the Livonia Recreation League.

On Saturday from 10 a.m. to 12 noon the gym is open for intermediate basketball play and from 1 to 4 p.m. on Saturday for seventh grade and junior high intramural play.

Teams will be organized from each of the schools in the Clarenceville system - Botsford, Canfield, Edgewood and Westbrook - as soon as supervisor can be obtained. Anyone wishing to help in working with youngsters is asked to contact Arthur Orloske, GR. 4-3515 or GR. 4-3284.

F.H.S. Student Climaxes 4-Year Hockey Career

This week brought to a close the fourth regular season of Dave "Dumbo" Cargill's hockey career.

Cargill, a senior at Farmington High School, has been playing hockey for four years. This past year he played as a semi-professional.

Previously, Cargill played as captain of the Thompson Caim team. He is now a member of the East Side Sporting Goods team and acts as alternate captain.

When Cargill received a pair of skates for Christmas four years ago he began playing hockey with neighborhood kids and then joined a position on a minor team.

Since then he has been helped a great deal by Jim Lindsay, brother of a hockey coach.

The hockey season lasts from August until April. During this period a series of regular games are played. The team travels to other cities at the end of the regular season for a number of exhibition games.

The team's home ice is Olympia in Detroit, but they travel to Lexington, West Lorne, Forest St. Thomas, Chatham, and Rodney in Ontario during the exhibition season.

Cargill's team will play its first exhibition game January 28 at Forest, Ontario.

As the team was snowed in at Forest last year, the team is now expected for Forest this week end will cause a repeat performance.

Cargill plans to attend the University of Michigan next year.

Obituaries

Cheryl Ann Jamieson

Cheryl Ann Jamieson, 3466B Botsford, died February 3. She was born in Northville October 1, 1955, the daughter of William C. and Mary V. (Wallace) Jamieson.

She rested at the Spencer A. Healey Funeral Home and burial was in Park View Memorial Cemetery on Monday.

Besides her parents, she leaves one brother, Chuck Lenton Jamieson, her maternal grandfather, Mrs. Billy Wallace of Plymouth, and her paternal grandparents, Mr. and Mrs. William G. Jamieson of Dearborn.

Porcupine Mountains state park in Gogebic and Ontonagon Counties, is one of the largest state parks in the United States. Its 42,000 acres feature the state's tallest mountains, virgin hardwood forests, scenic Lake of the Clouds and winter sports.

Motion made by Chapman and supported by Calkins that the City Manager be directed to prepare a report which shall include necessary plans, specifications and detailed estimates of cost, an estimate of the life of the improvement, a description of the assessment district, and such other pertinent information as will permit the Council to decide the cost, extent and necessity of the proposed paving of Alta Loma Street from Farmington Road to East boundary of Alta Loma Park Subdivision and what part or portion thereof should be paid by the City at large. ENLISTED Robert Pettifor of Farmington is now stationed with the 16th Training Signal Company at Fort Leonard Wood, Missouri. It was disclosed last week by his parents, Mr. and Mrs. Sidney Pettifor of 2328 Canfield.

Robert attended the Farmington Schools and has been a resident of this area all his life. He enlisted in the Army on January 3 of this year. He would appreciate letters from friends in the Farmington area, his parents commented.

Sincerely Yours

Letters submitted to the editor for publication must be signed. Only one name and address are allowed. The time of the writer and his not necessarily represent the policies of the newspaper.

Dear Editor:

The lack of water in certain areas of Farmington Township is, of course, a very serious problem, and I am sure that most of this area will sympathize with the "Mother of 6 Not Too Clean Children" whose letter was in this column last week.

It should be pointed out to all of those who lack water that any "dog in the manger" attitude or any attempt to organize those who lack water into any "anti-everything" group, until water is provided for them will do much more damage than good.

To set out to block every worthwhile project could result in serious repercussions from those who do have water and want a library - and many more voters have water than lack it.

It should be obvious that any organization whose only aim would be to "block the library" will be contributing very little, if anything, to any constructive effort to get the water facilities they so desperately need.

Sincerely,
PRO-LIBRARY

Dear Editors and Parents:

I am not able to understand the complacency of the parents of this area where the welfare of their children is concerned.

A few months ago we packed the junior high gym with demands for water for our children. We all complied with the wishes of the School Board and formed committees.

At every meeting with the Board we ran into nothing but opposition. Parents are managing somehow to get the little ones back and forth, saying nothing of the wear and tear on themselves and their cars.

When new P.T.A.'s were formed, we thought we could work together but no cooperation was found. We were told such problems should not concern their committees working any more. At least not in my area.

God has been very good to us parents so far. We have a lot to be thankful for. But, how any parent with a conscience can let this thing slide I do not know.

Much Disturbed Parent

AREA RESIDENTS INVITED TO LINCOLN REPUBLICAN CLUB BANQUET FEBRUARY 16

An invitation is extended to all Farmington area Republicans to attend the Lincoln County Republican Club's annual banquet in Pontiac on Thursday, February 16.

The 68th annual affair will be held at the Elks Temple at 630 E. Grand St. in Pontiac.

Elected from the traditionally Democratic State of Arizona in 1952, Senator Goldwater, 47, is last becoming one of the most talked about and popular statesmen in Washington. He is at present serving as chairman of

his party's Senatorial Campaign Committee. A department store executive, Goldwater had held only one other elective office, that of a city councilman of Phoenix, before his election to the Senate.

He is a member of the Senate Banking and Currency Committee, the Labor and Public Welfare Committee, and the Committee on Interior and Insular Affairs.

During World War II Goldwater was a fighter pilot in the U. S. Army Air Force.

Senator Goldwater was born in Phoenix, Arizona. He attended Staunton Military Academy in Virginia and the University of Arizona in Tucson. The father of four children, he and his wife, Margaret, who will also attend the banquet, are very active in civic organizations.

Tickets for the banquet may be obtained through Robert Miller of Pontiac or Mrs. John Schock of Berkeley.

Federal taxes in fishing tackle are turned over to individual states under the Dingell-Johnson act to provide better sports fishing. Michigan received \$240,000 under the program in 1955, third largest among the states.

John Clappison, State Insurance Phone GR. 4-3511

Many may have seen angler Hardy on television, as he has appeared with Mort Neff, Dave Garaway and Ed Sullivan. Hardy, who lives in Birmingham, Michigan, is a representative for the Shakespeare Tackle Company.

His trip to Chicago, where the color movies were made, was taken a few years ago with Mort Neff and other noted sportsmen.

FISH RESEARCH TO HELP ANGLERS NOW IN PROGRESS

Anglers who have long been disgruntled when fish refuse to bite may soon take a hatful of science along to help their quest.

Fishing "savvy" is the result of smart muskwork, years of experience or plain good luck.

But Conservation Department fish workers hope to weed a lot of bad habits out of this age-old recreation with a series of experiments now under way at Hastings warm-water fish research station.

The station was set up last year at the old Hastings fish hatchery to study bass, pike, panfish and other non-trout species.

The present tests will determine whether the northern pike likes most, when he likes to feed and under what conditions.

In short, research workers want to let anglers know what size and type of live bait works best, how water temperature affects fishing and whether climate or hour of day makes any difference in feeding habits.

Also, the studies will give the department more information to better manage fish populations in lakes.

In the studies, fish men have set up a sort of cafeteria for pike. The predator fish are given a choice of various live foods: small suckers, panfish and other types are released in the pike tanks and careful tests and observations are made.

A key instrument in the work is the "gastroscope," a tube-like tool. The gastroscope lets workers take food from the fish's stomach for examination. The food can be replaced, the fish is undisturbed and the test continues. In this way, researchers learn the fish's food preferences and digestion rate under various conditions.

The present tests are on northern pike, probably Michigan's most abundant predator game fish. Bass, panfish and warm-water species will be studied later.

TEAMS DEABLOCKED IN G. A. A. CAGE LOOP AT FARMINGTON H. S.

Three Farmington High School teams, Sewell, Brown, and Robinson, were deablocked in a tie for first place following the second round of G. A. A. basketball games.

A four-way tie also resulted between Abelen, Ellis and Burbank.

During the second round of games, Robinson's Gerry Menki scored 9 of his 14 points, leading the Cuttle team 14 to 6.

The Abelen team jumped from third to second place after beating the Kelly team ten to six.

Non Williams, high point girl for Sewell's team, scored 10 of their 18 points against Biggs' team.

In the game between the Ellis and Latham teams, Ellis won 86 with Lois Leach making three baskets for the winners and Judy Latham scoring her team's six points.

Brown's team beat Burbank 11 to 6. Nancy Hoggins made four points for Robinson and Georgina Brown scored six points for her team.

Small Game License Sales Increase In State In 1955

Michigan had more small game hunters last year, but fewer deer hunters, in comparison with 1954.

In sales reported through December 31, resident small game license totals jumped from 601,500 in 1954 to 603,500 last year. Non-resident licenses increased from 5,800 to 6,100.

Meanwhile, without a special "any deer" season in effect, resident deer hunting license returns totaled only 235,600, compared with 363,900 in 1954. Nonresident deer hunter numbers fell from 8,500 to 7,700. Total archery deer hunting licenses increased from 30,300 to 32,100.

The total number of hunters who are not known until final reports are made by all license dealers in the state.

Business is the raw material of happiness.
