Auto personal accident protection for husband & wife costs just \$5.00 \$3.00 for individuals (PER YEAR)

Michigan Mutual Liability pays \$50.00 per week to husband—\$25.00 per week to wife for total disability caused by an auto accident. You needn't be in a hospital to collect. Pays \$2,000 death benefit—each—plus other important features. New policy provisions believed first to provide such broad protection to auto insurance policyholders.

If you're injured as a pedestrian—struck by an automobile.

If you are injured in your own or in some one else's car.

If you are unable to work, you receive benefits as stated below.

CAN YOUR FAMILY AFFORD TO BE WITHOUT THIS EXCITINGLY INEXPENSIVE PROTECTION? Hospital payment plans may cover your hospital expenses. But who'll provide for a husband's loss of income while unable to work? Who'll pay for the care of children while the mother is disabled? Who'll pay for groceries—home payments and other expenses?

Michigan Mutual Liability will help—will pay \$50.00 per week to the husband, if disabled. Will pay \$25.00 per week to his wife if she is disabled, for up to 13 weeks, a quarter of a year. Payments are made whether

at home or in the hospital. The wife may be insured for \$50.00 weekly benefits at the \$3.00 individual rate.

IMPORTANT . . . any car owner can enjoy this added low cost personal auto accident protection as part of a Blue Ribbon Auto Insurance Policy. If you are not a policyholder at this time, phone for full facts and rates on your car. Enjoy road service, travel and touring bureau service, as well as complete auto insurance protection, at Michigan Mutual Liability's new low rates which are comparable to those of policies sold on price alone.

In addition to weekly benefits the following amounts are paid for death or dismemberment if they occur within 90 days of the accident:

Loss of Life	\$2,000	Loss of a Leg	\$2,000
Loss of an Arm	\$2,000	Loss of an Eye	\$2,000

Of course the \$2,000 benefit is paid in event of loss of more than one limb or complete loss of sight.

HERE'S WHY WE OFFER THIS NEW PROTECTION

As one of America's pioneer auto insurance companies, and one of the oldest and largest in the field, we have seen the financial loss that can accrue to a family as a result of an auto accident and are doing something about it. Hospital pay plans cover medical and surgical costs. Liability and collision insurance protect against injuries or damage to property of others, or damage to your car. But who'll help the husband and wife with their other expenses when they are un-

able to work, when their regular income is curtailed? We feel this new Blue Ribbon Auto Policy optional provision will help you. We think it fills a crying need for such help. We believe our company is the first to offer so much additional protection at so relatively little cost. You receive full weekly disability benefits and all other payments as scheduled, regardless of other life, hospital, or health or accident policies you may already have with other companies. Act today! Phone for full facts!
