Crowd Visits New Savings Office

The Mayor of Farmington, along with other civic leaders and officials, were in attendance at a special evening of refreshments May 16 during Open House Week, held by the Farmington Savings and Loan Association at 22778 Orchard Lake Road.

Hundreds of residents and well-wishers visited the new savings institution during the grand opening, coming from Farmington, the Northwest Detroit area, and sections of Oakland County.

Frank E. Holtzman, president of Farmington Savings, extended an invitation to companies and individuals to meet with the officers of their board. Besides Holtzman, these include Albert C. Clinton, vice-president; T. Vance Keiffer, secretary; Dr. S. J. Hillenberg and Morris Lawson, co-treasurers; and Judge Allen C. Ingle and Arthur J. Primm, directors.

Souvenir gifts and favors will continue to be given indefinitely, Holtzman said.

Sidwalk superintendent of today are a far cry from the steam-shovel watchers of another era. At the site of one new building, a thoughtful management provides a description of operations over a loudspeaker system.

The boy who cried wolf has probably grown up to be the wolf who cries "Boy."

Franklin Knolls News

By EARL TEEPLES

Charlotte and Chuck Levine of Tareyton Drive are the parents of their first son, Paul. Born at Providence Hospital May 3, he weighed nine pounds.

Last week was a busy one in the Muirhead family. Darrell and Mrs. William Muirhead celebrated birthdays [and Susan and Rolfe received new bicycles.

The two Zapico families have been gathering on recent week ends for celebrating parties. These are developing into interesting affairs and every week end sees another home beautified. The Fortes also belong to the "club."

John Caffee and Lee McCoy have formed a corporation to purchase and operate a 24-foot cabin cruiser. Currently berthed near Selfridge Field, the craft sleeps four and will be used for fishing and other recreational purposes. Last week end, returning from a cruise, the McCoy's met the Clark Prices of Queensboro working on their boat, and remarked on the small size of the world.

The Knolls have been going through the pruning up process for the last few weeks. A new Franklin Knolls sign has been made and erected for the Shrewsbury - Northwestern corner. The old one was behind a utility pole, being placed before the pole was erected. The fire plugs and street sign poles in the subdivision were also painted in black red.

Mrs. Norm Otto was taken to the hospital for an emergency appendectomy recently. She is reported as recovering nicely.

Mike Rambus has taken possession of the Brestitt home on Lochmoore Street. He plans to move in as soon as he is married.

Old Glory flies daily from the new flag pole installed recently at Eagle School. It can be seen from almost any place in the Knolls.

The road condition is always news and here is the latest: Bill Rubin of Bill's Road Oiling Service reports that Fourteen Mile will again be graded, as will most of our roads, and then given a coat of new gravel and oiled as soon as it dries out.

PEANUT BUTTER

After school snacks are easily and economically made when peanut butter is chosen for sandwich, cookies or cake. The 1955 peanut crop was a big one, according to Mrs. Josephine Lawlor, Consumer Marketing Information Agent of the Cooperative Extension Service, principally those used in the manufacture of peanut butter. This means peanut butter is available in large quantity, and that it represents a good buy in food value for the money the shopper spends for it.

Your Friends and Neighbors

Along The Creek In Woodcreek BETTY MERESHAK MA. 6-3135

The Ground Observer Corps members who will sky watch on Monday, May 28, are as follows: Audie Dreyer and Ruth Golla, from 9 a.m. to 12 noon; Alletto, Kinney and Ellen Allen from 12 noon to 3 p.m.; and Pearl Dobson and Ethel Nelson, from 3 to 6 p.m.

Mr. and Mrs. Walter Smith of Wellington Road returned recently from a vacation in Florida. They stayed at the Green Heron Hotel in Miami Beach. Their originally planned to stay for two weeks but ended up with a five-week stay.

Walt, who spent many weeks in the hospital this past year, became quite ill while there and was hospitalized for a week at St. Francis Hospital.

The Smiths also had the experience of watching a tornado. They saw it come in from the ocean, hop over their hotel, and demolish a drive-in theatre and several homes.

While in Florida they also combined business with pleasure and attended the board of directors meeting of the Gulf Stream Race Track Association. Walt's father, Mr. Al Smith, was elected an officer. The Smiths held a party honoring all the officers of the association.

They flew home and arrived in time for a happy Mother's Day celebration on Sunday, May 13.

The Woodcreek Men's Civic Association will hold its regular meeting at 8 p.m. Thursday, May 31, at the home of C. B. Allen of 28716 Salem Road.

The young people of Woodcreek who took part in the Junior High School concert, "Spring Fantasy" on Tuesday, May 15, were Bill Bisher, Margie Lahn, Skip Smith, Eric Preuss and Nick Lam. The eighth grade chorus and the seventh and eighth grade bands participated.

The Jack Richards of Wellington Road spent a week in St. Louis recently attending the convention of the American Water Works Association. Between meetings they managed to see some of the points of interest. Outstanding among these was the famous Anheuser - Busch Farm, (former home of U. S. Grant) and the home of the Budweiser Beer team of horses. The coach house, displaying various carriages and horse drawn vehicles, and the wildlife sanctuary and bird sanctuary were enjoyed. All the famous trophies and ribbons won by the Anheuser - Busch horses were on display.

On their way home the Richards stopped in Chicago and spent three days visiting friends.

Dr. and Mrs. Conrad Lam flew to Miami Beach, Florida, recently to attend the general meeting of the Association of Thoracic Surgeons. Main topic of discussion was the work of stopping the heart for operative purposes.

They stayed at the New Fontainebleau Hotel on the Firestone estate. When returning home they were accompanied by Dr. Geromino Gustavino, a surgeon from Buenos Aires, Argentina, who also attended the meeting in Florida and is now doing some study and research at Ford Hospital.

Last Sunday the Lams gave a dinner party in his honor at their home on Westbrook. The Woodcreek guests who attended were the Fred Missals of Valley Drive and the Dick Taylors of Westbrook.

Anybody loose a bridge? A well constructed foot bridge was washed down when the creek was flooded several weeks ago. It came to rest between Don Wells' and Dr. Birkelo's property.

Lady Of Sorrows

Girl Scout News

Girl Scout Troop 382 of Our Lady of Sorrows held an indoor-outdoor cook-out recently at the home of their leader, Mrs. Daniel Thorpe. Badge work in trail-blazing and cooking was given by the co-leader, Mrs. James Duffy. When the weather drove the troop indoors, they concluded their session with a fireplace campfire, marshmallow roast and songfest.

Mrs. George Harris and Mrs. Louis Leonard have completed a campmaster course. This course is conducted for adult leaders to enable them to become licensed conductors of troop overnight camps.

Mrs. Harold Anderson will take over the position of neighborhood chairman on June 1. She replaces Mrs. John Finmer who, with Mrs. John Petersmark, will become organizers.

Mrs. John Quinlan, senior troop leader for several years, became the mother of a baby girl, weighing nine pounds, on May 12.

Mother's Day projects engaged the attention of Our Lady of Sorrows troops recently. Brownie Troop 170, led by Mrs. Fred Bader, made jewelry boxes decorated with shells and beads in individual designs of flowers, butterflies and leaves. Mrs. John Petersmark's Troop 468 made change purses with leathercraft. Mrs. Wilfred Riddell's Troop 175 presented their mothers with earrings.

AREA WOMAN SINGS IN CHORUS AT GM SPRING CONCERT

The General Motors Chorus presented its Fourth Annual Spring Concert at the Massie Temple on Sunday, May 20, under the direction of Robert S. Hines and accompanied by the Forch on the organ and Herbert Rupp on the piano.

From the music of Jerome Kern's "Showboat," a medley was sung by the chorus of 100 mixed voices. Sandra Jagush of 18616 Doris Street, Livonia, is a member of the chorus.

The General Motors Chorus is made up of employees and members of their immediate families, and has been organized since 1933. Director Robert S. Hines, a Juilliard graduate, took over the post as conductor of the chorus in 1952, at which time the Spring Concert was originated.

TULIPS HIGHLIGHT GARDEN SCENES AT CRANBROOK

Yes, you really can "Upsee through the tulips." There are 3,000 of them on display every week end in the Gardens and Park of Cranbrook House in Bloomfield Hills. Planted in stately rows, these soldiers of spring overflow a large sunken garden area with their bright blossoms which are set against a background of vine-covered walls.

This tulip-filled area is part of 40 acres of formal and casual plantings which surround Cranbrook House. Garden visitors may see not only tulips, but also flowering shrubs, imported statuary and a full acre of late blooming daffodils.

The Gardens are open every Saturday and Sunday from 2 to 6 p.m. A small admission is charged.

Michigan Mirror

(Continued from Page 2B)

The "June 15 Dairy Month" campaign, which is one of the annual events in the dairy program. The Dairy industry is considered to do more self promotion of its products than any other state agricultural commodity group.

COMMUNICATIONS at the next civilian emergency will be less a problem than they were when state and local agencies rushed to the tornado scenes in western Michigan several weeks ago.

John Griffin, state civil defense director, is preparing a radio network to be operated through the Michigan State Police mobile communications' trailer.

It will include amateur radio operators, the conservation department radio cars and National Guard equipment in addition to the State Police radio.

Officials said the state services involved would be able to carry their own radio communications with them to the scene without having to depend on overloaded telephone lines.

Dr. Albert E. Heustis, state health commissioner, said the lack of communications delayed for hours a request for water supplies for one stricken area near Grand Rapids.

"We don't want these delays in the future," said Williams.

JURISDICTION over the more than 500 convalescent homes and homes for the aged will be transferred from the state welfare department to the public health department January 1, 1957.

When it occurs, Dr. Heustis plans to create a team of nurses, food and sanitation experts to safeguard standards in the homes. The transfer was approved by the 1956 legislature because leaders believed the homes were more directly concerned with health than welfare.

Girl Scout Rally To Open June 28 Near Milford

Work crews at Highland recreation area near Milford are busy with preparations for the first international Girl Scout Rally, to be held June 28 to July 10.

More than 5,000 Girl Scouts from 18 nations are expected to attend the encampment. These delegates will represent the more than 2,000,000 girls enrolled in Scout units throughout the world.

Approximately 1,500 adults will participate in the assembly, including instructors, military detachments, State Police, hospital attendants and others.

Some of the Girl Scout activities, including a huge "Americana Festival," are scheduled for television coverage by "The Home Show," on NBC-TV.
