OLD AGE BENEFITS GOING TO NEARLY 20,000 IN COUNTY

Social Security Administration reports released last week show that, at the end of 1955, over 19,000 people in Oakland County were receiving \$1,000,000 in monthly Old Age and Survivors benefits.

"We're sure that figure is over 20,000 now and that puts Oakland right behind Wayne County in number of beneficiaries," says Wesley Dorr, manager of the Pontiac District Office. "Our benefit figures reflect not only the growth of our county, but numerous improvements in the Social Security Act," added Dorr.

To illustrate the growth of this federal insurance in Oakland County, Dorr compared total monthly benefits in December 1950, when 8,451 persons received \$333,887, with the present figure of 19,292 persons who receive \$1,135,251. In 1950 the average retirement check in Oakland County was \$40.70. Now the average is over \$72.20 a month. Dorr emphasized that this is an average figure, and that many workers could expect as much as \$108.50 a month, while some could get as low as \$30 a month, depending on earnings. Earnings are high in Oakland County, however, because the state average benefit is \$67.20 and the national average is \$61.50, as compared with Oakland's \$72.20.

GETTING ATTENTION AROUND THE HOUSE . . .

Is mighty important business whether you're the "small fry" of the family or the merchant around the corner.

A lot of money is being spent every day by local businessmen in the hopes of attracting your attention. The results are prominently displayed in the crammed waste baskets in residential doorways and along our streets. And what about the \$3.95* Farmington families who buy and, incidentally, read THE FARMINGTON ENTERPRISE each week?

They would like a little attention, too! They are reading their home community newspaper each week to learn more about what's going on in Farmington, including what you, as a merchant, have to offer. You'll get their attention if you ask for it, and you'll get it with less cost and with greater results. Try it and see!
