ation would require approval of the Board of Supervisors as well as a vote of the qualified electors in the City and Township.
The property owners were requested to appoint a spokesman and to contact Pare' regarding further information on the proposed question.

65% mark. It was suggested that the Planning and Zoning Commission be returned for additional signatures and that the Lila petition be turned over to the City Manager for cost estimates and division of responsibility between the property owners and the city.
Two proposed amendments to the new zoning ordinance were adopted by the Council. The first amendment changed the residence requirements for members of the Board of Appeals from one year to three years, while the second amendment sets the members of the Board of Appeals at five instead of six as stipulated in the Zoning Ordinance. It was pointed out that both the residence requirements and membership are spelled out in the City Charter and that the amendments are designed to comply with the Charter.
The Council approved a motion appointing Harry W. Walters and Henry Otis to the Planning Commission for terms of three years each. Two additional members will be appointed at the next meeting. The Board of Appeals was also taken reappointing the members of the Board of Appeals and fixing their terms of office. The members are: Robert Lindhart and Helen Harlan, three year terms; V. O. Bates and Donn Dales, two year terms; and Bayard Tupper, one year term.

JOHN M. CLAPPISON
this question:
I understand a Comprehensive Personal Liability policy will protect the insured for everything from a hunting accident to a delivery boy tripping over his garden hose and being hurt. Doesn't every homeowner need this security?

FUTURE HOME OF... FARMINGTON'S SWIMMING POOL
GROUND WAS broken Friday afternoon for the new, permanent office of the Farmington Swimming and Loan Association at Ten Mile and Orchard Lake Road. Turning the first shovel of dirt was T. Vance Kefgen, association secretary. Witnessing the official groundbreaking were township officials, left to right: Albert Gain, building inspector; Thomas Tardif, zoning inspector; Clayton Goers, treasurer; Ward Eagle, supervisor; and Fred Cairns, clerk. Frank E. Holtzman, president of the institution, looks on at far right. Designed along modern lines with an estimated value of \$100,000, the structure is scheduled for completion by October 1. Farmington Savings is now operating from quarters at 2278 Orchard Lake Road near Grand River.

Farmington
Girl Scout News
Twenty Brownie Troops were represented at the Annual Pow-Wow at the Proud Lake Recreation Area two weeks ago.
Following a flag ceremony, the two first-aiders for the day, Mrs. Coates and Mrs. Hammond, were introduced. Also introduced was Mrs. Tesch, who will be next year's Pow-Wow chairman. The Pow-Wow will be held next spring at the Highland Recreation Area.
The girls gathered into separate troops for a cook-out, after which a short hike and an assembly were held. Farmington area units sang and danced using instruments they made themselves. The Bond School units sang Indian songs, Our Lady of Sorrows units presented songs and Indian dances, and the Middlebelt units demonstrated two Indian games.
Neighborhood chairman and chairman for this year's Pow-Wow, Mrs. Ruppel, presented the Pow-Wow ribbons to conclude the program.
Girl Scouts from the Farmington area held a "Scouts' Own" ceremony at the Ten Mile School on Sunday, June 17. There was an "Leaders." Despite inclement weather the ceremony was well attended.

Eagle School Boy Scouts Begin Full Summer Program With Camp-Out
Plans are being made by Eagle School Boy Scout Troop 116 for a busy summer program. Meetings are scheduled throughout the summer and summer camp will be attended by the Scouts in July and August.
Preparatory to the summer swim season, troop instruction was given by Dr. Frank Holland. He explained in detail the workings of the complete respiratory system and the proper administration of artificial respiration. It was pointed out that this method of reviving people is also used in cases of electric shock and shock where breathing has stopped.
Following the meeting, the troop visited the local Ground Observer Post at the invitation of Pete Havers. The boys were briefed by Miss Thomas and then went up to the roof of the Silverite Company. They were shown how the post is operated and while there they sighted and called in several planes. Plans are under way to use Boy Scouts in the company of parents, to help man the post.
The big Scout event this month was the week end camp-out at the Proud Lake Recreation Area. A group of six Scouts under the direction of Scoutmaster Earl Peoples, went to the camp area early Friday and set up their own tents. The tents were a gift from Teamsters Union President James Hoffa.
On a nature hike the boys discovered that the troop from Bond School was also at the camp grounds and many of the boys found old friends there.
Saturday's big activity was a campfire service and meal, followed by singing and story telling. The group attended church in Milford on Sunday and returned for the final events of the trip. Tents were folded and the area was cleaned. The boys left for home to spend Father's Day with their Dads. Some fathers were on the camp-out and shared the adventure with their sons. They journeyed to their homes with Lou Miller, Cy Baker, George Owen, Jack Steyskal, Pete Morello and Paul DuFault.
The camp-out was the big event of the month but not the only one. Individual patrols have been camping out almost each night at a campground at the Steyskal home on Ten Hill Road. The speed with which the boys erected tents showed that much had been learned on the patrol camp-outs.
The climax of the season will be the picking of two Scouts who have proved to be exceptional campers. They will accompany Cy Baker, outdoorsman, to the north woods in the quest for deer during the archery season in October.
Last Monday night's meeting was a surprise one. Scoutmaster Peoples called the boys in hours before the meeting, instructing them to bring their swim suits. They journeyed to the pool of a local man, who was host for the evening.
Meetings are planned for each Monday this summer.

Auto Accidents
(Continued from Page 1A)
T. Petty, 14, of 21620 Oxford Street, and Donald Collins, 14, of 28545 Oxford, were injured when they were knocked from a motor scooter by a car at Poinciana Street just north of Shawassee in Southfield Township. Petty, driver of the scooter, suffered a concussion and a fractured leg, and Collins received a possible fractured arm. Both were taken to Physicians' Surgeons Hospital for treatment.
According to police, Petty pulled into the path of a car operated by Helen Snyder of Southfield. Petty was making a left turn from the highway into a private drive.
In good reducing diets, milk is always included. This should be a clue to how important milk is in everyday living. With milk being sold in so many different ways, it should be easy to use four cups daily for children, three cups daily for adults.
More than a fifth of the annual crop of cantaloupe will come to market in June. Supplies will come mainly from Texas, Arizona, California, and Mexico, while Michigan supplies are expected in August.

BIG YANK
MATCHED SETS
"WORK FREEDOM"
