

Around The Circle In Staman Acres

MRS. MICHAEL SIDLOSKY GR. 4-7845

Allen Hart is a real "Yankee Doodle Dandy" because he was born on the Fourth of July. Allen's birthday and the holiday was the happy excuse for a family pot luck picnic in the Richard Harts' back yard. In addition to Dick and Gladys Hart and their children, Gwynne, Robert and Allen, 27 members of the family were present.

After a weiner roast, the guests played baseball and badminton while the children enjoyed the swings.

You are familiar with the new maximum speed limit in the State of Michigan -- 65 in the daytime, 55 after sundown.

But do you know how fast you can pull a trailer? The other day a friend of mine was driving to the lake hauling his boat and trailer. While traveling 65 on a highway a patrol car pulled him from a line of traffic and charged him with speeding. He was surprised to learn that he was violating the law but the officer politely told him that the Michigan Motor Vehicle Code states that no passenger vehicle drawing another vehicle or trailer shall exceed a speed of 50 miles per hour.

The new speed law passed by your senators and representatives during the extra session of the legislature in 1955 amended a part of the Motor Vehicle Code which covers the fixing of reasonable and safe speeds. Another section of the code dealing with general speed restrictions which has been on the books for several years was not changed. In addition to the trailer limits, the law restricts speed to 25 miles per hour in a business or residential district and in public parks unless a different speed is posted and provides for regulation of truck speeds by The Michigan Public Service Commission.

So even though that new deluxe boat trailer of yours rides like a feather behind your 1956 sedan, take it easy on the way up north -- the law says 50 miles per hour. (This column is an informational service of the State Bar of Michigan.)
