## From where I sit... by Joe Marsh

There'll Always Be An "Expert"

From where I sit, free advice is called "free" because it's usually not worth much. That little fellow who can't resist getting in digests about how you work, what you wear, why you happen to prefer a glass of beer with your supper. People like that don't mean to be troublemakers... but the road to real intolerance is paved with their good intentions.

# Scout Troop 116 Gets Club House

Troop 116, Boy Scouts of America, have been given a house. Feeling the need for a clubhouse and knowing of the house on Fourteen Mile Road between Middlebelt and Northwestern recently purchased by Michigan Consolidated Gas company, Cy Baker went to work. He went to the owners of the company and successfully completed a transaction whereby the scout troop can use the house free of charge for as long as they need it. The house had several rooms in it at one time, but the walls have now been removed. New lights, plaster, paint and shelves for equipment have now put the place in A-1 shape. Cy Baker did most of the work, with the help of the scouts and troop committee. The house was used last week-end when the boys collected papers. The papers were stored in a former garage, now a storage room. The center of the house has a fireplace that works fine and this was used last week when a Court of Honor was held at the new club house, the first official use of the building. Parents of the boys attended and pinned the badges on their sons.

# Local Engineers Honored Saturday

The Michigan State Board of Registration for Architects, Professional Engineers and Land Surveyors announced the granting of certificates to three Farmington men as a result of examinations held in June.

The three local men were: William H. Bock, 28430 Bay Berry Road, mechanical engineer; Richard W. Frankel, 32341 Queensboro, electrical engineer; and Jesse T. McDonald, 23561 Loomis Court, civil engineer.

A reciprocity membership was also given to Paul C. Mortenson of 33960 Braebury Ridge, mechanical engineer.

Public presentations of these certificates was made by the State Board at the Engineering Society of Detroit on Saturday evening, November 10.

# CHICKEN

Plan to buy chicken within two or three days of the time you will use it. Once you have selected a good quality bird, remove the store's film wrapping and rewrap the bird in wax paper to allow the air to circulate, and store in the refrigerator.

# Arrives In France Aboard Anti-Sub. Aircraft Carrier

Benjamin W. Diamond, fireman apprentice, USN, son of Mr. and Mrs. Benny Diamond of 23416 Nottingham Knoll, Farmington, arrived aboard the anti-submarine warfare support aircraft carrier USS Antietam, in Brest, France, October 22. The ship is on good-weather and training cruise with the Navy's Hunter-Killer group 2.

Visits will be made to the famous Normandy coast, site of the allied landings in Europe during World War II. There will also be opportunities to go on guided tours through the Brittany countryside.

The group, which left Norfolk, Virginia, October 1, consists of an aircraft carrier with anti-submarine and fighter aircraft, six escort destroyers, two submarines and an oiler.

While enroute to Brest, the group took part in a six-day search for survivors of a military air transport service plane which had crashed into the Atlantic Ocean with 59 servicemen on board.

Why not make up your mind to do something every day to improve yourself? It will pay dividends.
