

Christmas Seals, sold since 1907 to raise funds to fight tuberculosis, are collected by many philatelists. No issue has ever been reprinted, and each year the plates are destroyed.

Bobcats Scarce In Lower Mich.

Bobcats are low in numbers in Michigan's lower peninsula. Conservation Department biologists say it might even be possible to entirely eliminate the tough little cats from lower peninsula swamps. There is some evidence, however, they say, that those who enjoy this rugged sport are making efforts to keep a "supply" of cats available. Last year, in the first regular lower peninsula hunting season since the bounties were removed, an estimated 25 cats were given their freedom after being chased down and freed. Conservation officials indicated. About 140 were killed during the season. It appears that bobcat hunting in the lower peninsula has fallen on spotty times.

Not so, however, in the upper peninsula. In August alone, trappers bountied 138 cats. In 1935, a total of 754 were bountied, a figure that indicates a continuing high population of bobcats is available, it was indicated. This abundance may someday make the upper peninsula a mecca for cat hunters. There are lots of swamps, lots of snow—"a long growing season"—and plenty of state land for hunting, the Conservation Department concluded.

Heaviest single-car freight shipment ever moved on U.S. railroads weighed 573,000 pounds; tallest shipment stood 28 feet above the rails; longest single shipment was 183 feet long.

A Classified Ad in The Enterprise Costs Only a Few Cents, Yet Brings Quick Results

AN OPEN HOUSE held at the Central elementary school in the Clarenceville School system last Tuesday evening was reported well attended. Mrs. Wanda Barnes, school principal, is shown above showing one of a number in a wide selection of children's books in the school library to Dr. Dorothy Perry of the Detroit Board of Education, extreme left in photo. Looking on, center, is Lorraine Teubert, librarian and fifth grade teacher.

Senior Play Given Friday

The senior class play, "The Late Christopher Bean," presented at Friday, November 16, was well attended. The characters in the play were portrayed by Dave Stingle as Dr. Haggitt; Sandra Mitchell, Susan Haggitt, Marie Wynn—Missy; Barbara Lesniewicz, Mrs. Haggitt; Kay Munn, Ada Haggitt; Russell Waack, Warren Cramer; Richard Bain, Tallant; Roy Carlton; Rosen, and Leland Turnbull, Bayenport.

Of all the people involved, Ably emerged as a character of lovable simplicity. She alone cherished the memory of Christopher with an unmercenary attitude and distant happiness.

The production staff of "The Late Christopher Bean" is headed by student director, Violet Pastalo. Miss Pastalo was assisted by Janet Van Arman, Dave Hanford, Dale Devitt, Joy McKinney, Marion Daily, Shirley Chestnut, Carol Rickert, James Fridmanore, Betty Edwards and Karen Brown. Miss Marilyn Anderson directed the play. She was assisted by Richard Hixon.

Tuberculosis meant almost certain death 50 years ago. Today, with rest, drugs, and surgery, TB can be cured.

Material for this column is prepared by members of the Clarenceville High School Journalism Class

Student Dress Council Topic

Student dress was the main topic of discussion at the weekly meeting of the Clarenceville Student Council held Thursday, November 15.

Student Council members aired their opinions on the student attire exhibited in the halls and classrooms at Clarenceville. A program was charted in an attempt to gain the opinion of the entire student body on this matter.

It was decided that the Student Council would sponsor an assembly within the next few weeks to discuss the matter. The assembly will be highlighted by a panel discussion on the proper dress for high school students. The members of the panel will be comprised of students from the various classes. They will be given this opportunity to express their views and those of their classmates.

Results of the magazine subscription drive were reported by Vice-President Roy Carlton, acting chairman in the absence of President Don Melton. The subscription drive at Clarenceville ended Monday, November 11. On that day students who had turned in at least one subscription were guests of the Council at a movie held in the high school auditorium.

Future Teachers To Get Practice

The John C. Kennedy division of the Future Teachers of America Club is starting a program of teaching for Clarenceville members. The program, under the guidance of Robert Young, assisted by Mrs. Lydia Lear, is designed to give Clarenceville students a taste of actual teaching.

F. T. A. members will visit classes in the elementary schools once a week for an eight-week period, at which time the club members will have an opportunity to meet with the teacher and discuss the various problems and situations that arise in the classrooms.

The members of the F. T. A. at Clarenceville have been acting in the capacity of substitute teachers in the elementary schools. Mr. Young and Mrs. Lear are planning to continue the program throughout the next semester and introduce actual supervised teaching into the program.

Student Officials To Run Livonia Being Selected

A city election for students from Clarenceville, Bentley and Ladywood high schools is being held this Wednesday to determine the students who will act in the capacity of city officials during Student Government Day, November 26.

Student Government Day is the joint project of the Student Councils of the three high schools. The city of Livonia and the officials of the city. It is designed to give students an opportunity to actually participate in the government.

Students from Clarenceville High School are seeking the office of treasurer, councilman, constable and municipal judge. In the primary elections at Clarenceville, Dale Devitt and Roy Carlton were chosen to campaign for the office of judge; Marie Wynn, Dorothy Bayly, Barbara Lesniewicz and Marion Daily, councilmen; Dave Stingle and Eida Edsena, treasurer, and Betty Edwards and Richard Bain, constables.

On Monday, November 19, students from the three high schools gathered at each school to present their platforms and introduce themselves to the students. The election at Clarenceville was held in the high school auditorium from 10:30 to 11:30. Grades 9 through 12 attended the assembly and are eligible to vote in today's election.

During Student Government Day, the student officials will spend the entire day in the office with their official counterparts. Following the day's activities, the students will be guests at a dinner given by the Livonia officials.

High School Open House Plans Set

An invitation has been extended to parents and friends of students at Clarenceville High School to an annual open house to be held Tuesday, November 27, at 7:30 p.m.

At this time, the school will be open for inspection and the members of the Clarenceville faculty will be present in their classrooms to greet students and friends of the students.

The open house will provide an opportunity for parents to become acquainted with the facilities offered at Clarenceville and the various teachers on the staff. It is the hope of all members of the Clarenceville staff that the parents and friends will take advantage of this opportunity to visit the school.

Alta Loma Sub Happenings

Marlene Theobald GR. 4-9645

A welcome is extended to the Kastelic family who recently moved into the former Butler residence on Moore Drive.

Following attendance at "Lo and Behold" in a body, a group of residents gathered at the Henderson home for supper and refreshments. The party was also a farewell for the Roy Erdmanns who will be moving to New London, Ohio.

Scientific exploration improves the chances of finding oil in unproved territory about three-fold—but chances are still eight to one against a wildcat well's striking oil.

PUBLIC HEARING ON PROPOSED AMENDMENTS TO THE TOWNSHIP ZONING ORDINANCE

Wednesday, December 5, 1936 8:00 p.m. Farmington Town Hall

All Residents of Farmington Township Are Invited to Participate in the Discussion of the Following Proposals:

- Rezoning of Residential Two to Residential Three of Brookside Park Subdivision; a part of the SE 1/4 of Section 35, T1N, R9E, excepting the following lots, which are to remain Commercial: Lots 33, 39, 40, 41, 45, 46, 47, 48, 49, 50.
- Rezoning of Lots 1 and 2 of Supervisor's Ten Mile-Middlebelt Plat No. 2, part of the E 1/4 of the SE 1/4 of Section 23, T1N, R9E, from Residential Four to Commercial.

EDWARD SCHMID, Chairman Township Zoning Board

GI's - Inspect Home Before Purchasing

Michigan veterans purchasing new homes with GI loans should inspect the properties personally before closing the loans. Lloyd H. Jameson, manager of the Detroit Veterans' Administration regional office, said recently.

He pointed out that while VA has an inspection service to determine if new homes meet accepted standards of good construction, the veteran-purchaser should personally check all items of the property before completing the purchase.

"The veteran should inspect the property with the builder or the representative to make sure that the home, the property and the equipment are satisfactory," Jameson said. "If it isn't, definite arrangements should be made with the builder at that time to have any defects remedied."

Now you can have SOFT WATER Automatically with the REYNOLDS Automatic WATER SOFTENER

The greatest water softener ever built!

1. Adjustable to almost any type of problem water. Does a better job on all hard waters. Will do things you never dreamed could be done with any water softener.
2. Will soften water containing up to 100 grains of hardness per gallon (5 times as hard as the average).
3. Will remove up to 10 parts per million of iron.
4. Contains 1-1/6 cu. ft. of Dowex assuring high capacity and adequate flow rate of zero-salt, rust-free water at all fixtures at the same time.
5. Brine under pressure in closed tank instead of in unightly open type brine tank. No more leaky float valves and bad appearance. More dependable regeneration.
6. Automatic bypass permits use of water during regeneration.
7. No troublesome top screen to clean.
8. Operates on any home water pressure, high or low.
9. Fine glass float valve prevents overflowing.
10. Time clock or switch operation.
11. Made in Detroit—factory service.

There is no other water softener like it, or that even compares with it. It is fully guaranteed and covered by patents. At only \$399.00, it is the greatest value in the water conditioning industry. Larger sizes also available.

"YOU CAN'T BEAT THE BEST"

Reynolds Bad-O-Salt Water Softener has a complete line of Reynolds Water Conditioning Equipment being manufactured in Detroit since 1921. These units are completely assembled. We stand back of the guarantee on our equipment with factory service. Two generations in the business assure you of years of this service and support. You are SURE with a Reynolds Water Softener.

See your nearest dealer, or call collect, Webster 3-3800, for free water analysis and full information. We have a popular rental plan. Ask about it.
