

Cub Scout Round Table Scheduled February 11

The next Cub Scout Round Table of the Sunset District will be held February 14 at the Jefferson School in Livonia.

The host pack will be Pack 732, under the leadership of Joe Adams, assistant cubmaster. The program will start at 7:30 p.m. It is suggested that each Pack delegate a representative to bring back literature, etc., from the meeting.

IT'S A BOY

Mr. and Mrs. Carl Goers of 2474 Taft Road, Nov., announce the birth of their second child, a boy, David Leonard, born January 16 at St. Joseph Mercy Hospital, Pontiac. The new baby weighed 7 pounds, 5 ounces at birth.

Grandparents are Mr. and Mrs. George Deckard and Mr. and Mrs. Arthur Goers.

Accepted Into Bar Association

Paul W. Gugel, Jr., of 32308 Leelanau Drive was among a group of new attorneys sworn into the Michigan Bar Association at a recent ceremony held at the City County Building in Detroit sponsored by the Detroit Bar Association.

Circuit Judge Joseph G. Rashid administered the oath to the new lawyers before judges of the city, county, state, and federal courts.

Gugel is a graduate of Fraser High School, the University of Detroit, and Wayne University Law School.

Approximately 60 per cent of the population of the United States has church membership, according to the World Almanac.

Bel-Air Hills News Tidbits

MRS. H. ALLEN

GR. 4-6141

Mrs. Yvonne Brotherton reports that a total of \$300.18 was collected in Bel-Air Hills Thursday evening for the March 4 Dinies.

Mr. and Mrs. Charles Carney of 32009 Leelanau Drive announced the arrival of a baby boy, Charles Timothy, born January 23, at St. Joseph Hospital in Ann Arbor. The baby, already nicknamed "Tim," weighed six pounds, two ounces. The Carneys also have a daughter.

Mrs. William Engstrom of Beacon Drive reports that her daughter, Sherry, was operated on Monday in Detroit Osteopathic Hospital and is recovering nicely.

The Cub Scouts, Den 11 of Pack 10 for Our Lady of Sorrows, attended the Cranbrook Planetarium with their leader and den mother, Mrs. Victor Cullino of Powers Road, assisted by Mrs. Louis Leonard. The Cub Scouts are John Bradley, Tom Cullino, Carl Leonard, Jerry Premier, Bob Ratke, Woodie Smith and Douglas Richardson. Jim Cullino, who will be a Cub Scout in March, also attended.

Mrs. Wilfred Brown, secretary of Our Lady of Sorrows Altar Society, announced last week that work is progressing rapidly on the remodeling of the parish hall for Our Lady of Sorrows. The plans are to have the work completed by March 1, the date set for a pre-Lent card party. Different organizations in the church are contributing the money for the work and the men of the parish are offering their spare time.

Paul Gugel of Leelanau is now a full-fledged lawyer. He took his bar examination last September, received the good news that he had passed the exam the day after Christmas and was sworn into office as a lawyer January 23 at the new City County Building in Detroit.

The Bel-Air Hills Civic Association held a meeting Tuesday night at the Our Lady of Sorrows high school assembly hall. Annual membership cards are ready for distribution and facilities were provided at the meeting for the issuing of cards to old members and new applicants. The membership goal for 1957 is 365 families, officials said. Everyone is urged to take part in community affairs. March 1 has been set as the deadline for obtaining this membership goal.

Farmington Police Chief Joseph G. DeVriendt was present and gave a talk before the group at the meeting.

Chief Petty Officer Gabriel P. Nemeth of Leelanau is participating in the Navy Historical Exhibit which is part of the Detroit Boat Show at the Detroit Artillery Armory. Eight Mile Road near Northland.

The Navy Historical Exhibit is located in Booths 1, III and V at the main entrance to the Artillery Armory.

"Each exhibit consists of historical relics from the Smithsonian Institute in Washington, D.C. and runs all of the way from the date 1776 up to the present time. The modern equipment includes the Terrier Guided Missile, pilot's space suit, miniatures of the latest carrier and nuclear powered submarine Nautilus," Mr. Nemeth stated.

Mr. Nemeth was interviewed on WWJ-TV last Saturday evening.

and gave information on different booths for the Navy. The Boat Show opened Saturday, February 2, and will continue through February 10.

Mrs. Vincent Signos of Broadway was surprised by an intruder in her home Saturday, but with the aid of a neighbor, managed to persuade him to leave. The intruder was a wild bird which presumably came in through the chimney and out the furnace in the basement.

Mr. and Mrs. Hugh Prescott of Loomis Drive flooded their back yard for an ice pond, thereby providing the children of the neighborhood with hours of good entertainment.

Michigan Mirror

(Continued from Page 2B)

Gaining adherents both in the legislature and among sportsmen.

Several proposals, outlined in Michigan Mirror several weeks ago, now seem destined to be placed before the legislature early in the present session. Basically, the Michigan Conservation Department wants to levy an admittance fee to state parks or sell year-long stickers to park users.

All fees would be used exclusively on park expansion and upkeep. Opponents of the idea charge that the program would be an unfair levy on a few persons.

To check the attitude of the people most affected if the plan becomes law—the park patrons themselves—the Conservation Department asked Michigan State University researchers to conduct an extensive survey. The MSU study is now being completed.

Yearlong stickers are finding the most support within the Conservation Commission. Wayland Osgood, deputy director of the Commission, states that stickers would entail less administrative costs. Individuals would require the collectors be on hand at all state parks.

The Automobile Club of Michigan was one of the first groups to support the Conservation Department on their fee program for improvement. The Michigan United Conservation Clubs also are backing any plan the legislature adopts.

Jammed playground areas are forcing a decision. Park attendance swelled alarmingly after World War II and now reaches 18 million patrons yearly. Gerald Indecor, director of the Conservation Department, estimates this will continue to grow to some 38 million people in 10 years.

Unless park growth continues to keep pace with this increase, facilities will deteriorate, and space will be cramped.

In a year when the legislature is having trouble paring the budget to meet available revenue, the suggested "user-pays" proposal will be greeted with a sympathetic ear.
