### Variety Show Slated Feb. 23

Flashing touches are now being put on the annual Variety Show, sponsored by the Clareneville High PTA, which will be presented Saturday, February 23, at 8 p.m. at the high school gymnasium.

Evelyn Nichols, instrumental music teacher at Clareneville, has been in charge of arranging the show, which some have termed as one of the best shows yet to be offered. Music, dancing and singing are highlighted throughout the program.

This year, for the first time, the high school band and chorus are being featured for background and accompaniment for most of the numbers. The cast of performers this year will feature some new names, including out-of-town performers who will be helping out with the show, officials said.

Tickets are now on sale and can be purchased at very reasonable prices for both adults and children. Parties in charge of the show concluded.

### First Child Study Group Meeting To Be Held Feb. 26

The first meeting of the newly organized Child Study Group will be held Thursday evening, February 26, at the Middlefield School starting promptly at 8 p.m.

Dr. Norton, an osteopathic physician, will show two films, "Human Reproduction" and "The Birth of a Baby." It was pointed out that the "Human Reproduction" film is not the same as that which was shown in this area last spring.

These pictures have been taken by Dr. Norton of his patients and have been shown in and around Detroit. "The Birth of a Baby" shows the different kinds of child delivery.

It was pointed out that the Child Study Group is not just for parents of the Middlefield School district, but for all interested parties in the community. Programs are offered in nature for both mothers and fathers and those who expect to be parents in the near future. A special invitation is being made to expectant parents.

Anyone having questions about the group or can give any helpful guidance to the group are asked to contact Virginia Smith at GR 4241 or Margaret Thulmann at GR 4-6022.

### Area School Bus Drivers Receive Training Awards

Twenty three area school bus drivers were awarded certificates for completing the recent Michigan School Bus Driver Education Program at Farmington.

The "graduates" successfully met all the requirements of the 12-hour course, which included instruction in first aid, safe driving practices, the Michigan Vehicle Code, emergency procedures and the role of the school bus driver in the total educational program.

Those receiving certificates were: Alice C. Bowers, John Greshover, Harney Hamilton, E. Grace Hosley, Paul K. Kenworthy, Ester M. Lawrence, Louise H. Maslanko, Clarence W. Necker, Edward E. Porter, Fred C. Schroeder, Madeline Styes, Anna Toppo and Ella J. Tiernan, all of Farmington Public Schools; Donald A. Apple, Frederick A. Laynes and Helen J. Racker, Novi Community School; Betty J. Cornell, Deloris Cichpracki, Alice E. Nelson, Ruth E. Nyson and Glen C. Silverman, Clareneville Public Schools; and Winifred L. Boyd and Adelaide L. Curry, Southfield Public Schools.

Merton J. Turek, instructor in the College of Education Michigan State University, provided classroom instruction using training aids, films, discussions and practical demonstrations.

"Those receiving certificates should be better trained to do their jobs, and equipped to provide greater protection for children riding school buses," Mr. Turek maintained.

Now in its fifth year, the program was initiated during the 1949-50 school year, with M.S.U. and Central Michigan College the participating institutions.

The county superintendent's office cooperated with Michigan State in this program sponsored by the Department of Public Instruction, Lansing, and Michigan colleges and universities.

Only by a new attitude of mind ruling within can the state attain to peace within its borders.

### Attends Y-Teen Meeting At St. Mary's Lake Camp

Karen Andrews, 31802 Homewood, Farmington, was one of 33 girls from the Detroit area who attended the Mid-Winter Y-Teen Conference at St. Mary's Lake Camp, Battle Creek, Michigan, February 15-17.

The 125 delegates attending from all YWCAs in Michigan discussed club program ideas to take back to their respective Y-Teen clubs.

Miss Ruth S. Buckwalter, Associate Metropolitan Executive Director of the YWCA of Detroit, was one of the conference speakers.

### To Take Tour Followed By Lunch, Card Party

The Clareneville Opti-Mrs. Club is now making plans to take a tour through the Stroh's Brewery to be followed by a luncheon and card party on Tuesday, February 26 between 1 and 3 p.m.

Any persons wishing to take the tour and attend the luncheon and card party may obtain tickets by contacting Mrs. Russell Waack at GR 4-0804.

### Wins Top Math Award At M.S.U.

Loren R. Clifford, son of Mr. and Mrs. Leland G. Clifford of 33303 Hillcrest Drive, was honored last week as a top mathematics student at the annual banquet of the Pi Mu Epsilon, mathematics honorary society at Michigan State University.

He was awarded a first prize of \$60 along with one other student at the university. Two second prizes of \$30 each were also awarded. The awards, known as the L. C. Plant scholarship awards, came from income from a grant made available by Professor L. C. Plant, head of the M.S.U. department of mathematics from 1913 to 1939.

Dr. Paul R. Halmos, professor of mathematics at University of Chicago, was featured speaker at the banquet in Tarpoff's restaurant, Lansing. Dr. J. Sutherland Frame, head of the M.S.U. mathematics department, presented the awards.

### Michigan Mirror

(Continued from Page 2B)

Learning through experience, the residents of Parma now have a Community Improvement Group. To back up their plans, they have the friendly advice of the Consumers Power Community Development Department headed by James Coates.

"The highway of the future will probably by-pass many towns. Experts advise: if it's your town, the time to start planning is now."

MICHIGAN'S ONE-MAN grand jury may come in for some close scrutiny from the present state legislature. Latest to urge repeal of the controversial statute vesting grand jury power in one man is Attorney General Thomas M. Kavanagh.

"The system itself is contrary to the original principles of justice in this country," Kavanagh recently told the state legislature. "It concentrates in a single judge more power than was intended when we turned to English common law and the Bill of Rights as a foundation for our system."

Primary purpose of any grand jury is to obtain evidence and testimony that cannot be compiled under normal courtroom procedures.

The key to success lies in the power to grant immunity against prosecution to persons who testify. In many instances when it is hard to obtain evidence, a grand jury is the only means of reaching the "top man". Persons criminally involved only in a minor way can be granted immunity or "traded off" so that a strong case can be built against major offenders.

Michigan law provides for both the one-man grand jury and also a panel of 23 citizens to sit as a grand jury. However, only the one-man jury is given the power to grant immunity.

Kavanagh suggests that the immunity power be vested in the multiple-man grand jury. He hopes that a system patterned after federal court procedure can be established. This would call for a citizens' panel to sit regularly four times each year.

At present, the one-man grand jury is only called in special cases. This results in a great deal of publicity for the particular case.

Kavanagh stresses that he is not critical of grand jurors now sitting to hear cases in Wayne and Macomb Counties. Abuse was abundant in the past, but he asserts that present judges are working "skillfully and impartially" for the particular case.

"It's the system that is wrong," he explains.

Fashion is a word which knaves and fools may use to exonerate their envy and folly.

—Churchill.

Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

W'E'll tell you frankly — we're proud of this car and the price level you see published here.

Only a few dollars more than the price of a smaller car — for a big and brawny Buick! But that's not all!

Do you know this spanking Buick is new from the rubber up?

Do you know it has an all-new body — and a windshield with more than 200 square inches of new visibility?

Do you know its roof line is inches lower — yet there's full headroom, legroom, footroom for six passengers?

All this took some great engineering. But where the engineers went all out was in making this the dream car of the year to drive.

New engine — new Dynaflo\* response — new steering — new ride — more than 150 other chassis changes that make this, in fact, the most completely new Buick in years — offered at a price level that makes it literally true: if you can afford any new car you can afford a Buick.

And what a buy you'll get for your money! See your Buick dealer, take the wheel — and find out for yourself.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century — optional on models extra cost on the Special.
