

# Madonna Sets Dates To Enroll

Final registration dates for the 1973 fall term at Madonna College, Livonia, are scheduled for Monday and Tuesday, Aug. 6 and 7. Students will be able to register on both days from 9 to 11 a.m., 1 to 5 and 7 to 9 p.m.

High school students who wish to pursue college courses and earn college credit before graduation may also register on these dates at the times specified. High school students pay \$10 per college credit (plus course fees) instead of the regular tuition fee of \$35 per credit hour, and may register in non-professional courses from 100-300.

Innovative programs and trends mark the initiation of the fall term at Madonna, a coeducational institution.

In the field of criminal justice (also offered under sociology) is a new course in criminal law, offered on Monday evenings from 7:10 p.m. This course, which carries four credits, will examine the history, purposes and philosophy of criminal law, as well as local, state and federal law from the standpoint of their development, application and enforcement.

Madonna is offering a new business administration program within the Social Science Division. The courses will contribute to a minor or an area of concentration in a related program. The first course in the new curriculum, "Introduction to Business," will be offered in the fall term on Saturday mornings from 9 to 12.

Classroom-laboratory periods in the four credit hour course will define the principles, practices and interrelationships that exist in accounting, marketing, management and finance.

A narcotics workshop scheduled for the fall term will also carry four credits. The purpose of this workshop is three-fold. First, it will acquaint participants with the general social and police problems created by the illegal use of narcotics and dangerous drugs; second, participants will be provided with an understanding of the types and effects of abused narcotics and drugs; finally, participants will be trained in the recognition and preliminary identification of narcotics and dangerous drugs through the use of chemical field testing techniques.

A copy of the schedule of classes for the fall term will be mailed to prospective students on request.

## WCCC Will Offer Classes On Saturdays

Wayne County Community College will start a Saturday college to begin in the 1973-74 school year on a pilot program basis.

The new program will enable persons whose schedules prevent them from attending day or evening classes during the week to go to classes only on Saturday. Attending full time, a student will be able to earn an associate degree in two years.

Dr. Reginald Wilson, WCCC president, said the Saturday college will be initiated at two instructional centers: Nativity at 9330 Shoemaker on Detroit's east side and Patrick at 129 Superior in Wyandotte.

**BUILD IT YOURSELF: the LOUVERED FENCE**

takes more time to build but the results are interesting. Use 1"x6" boards. The angle is determined by placing each edge of the board flush with the rail. Cut a 2"x2" block for uniform spacing of the boards as illustrated. This style of fence may be built with one section on top of the other; see illustration.
