POLITICAL ACTIVITY

POLITICAL ACTIVITY

In the Township, is beginning to reach a near-record peak as candidates step up their last-minute campaigning in preparation for the April 1 Election. We sincerely hope that this increased activity will jar, a lot of clitzens out of their rocking chairs and put them on the road to the polls. Most of the candidates are not only campaigning for election but they are campaigning for a basic principal of our democracy. It he right of choice and the obligation for action on the part of every intridual citizen. It would be tragic indeed fit all this effort resulted in a mere handful of votes on election day. As freedom-loving citizens, we believe in majority action. Let's each of us do our part to see that we get it on April 1!
